BACHELOR OF SCIENCE IN NURSING

AT CALIFORNIA STATE UNIVERSITY SAN MARCOS

The ADN/RN to BSN program is an accelerated, online program designed for nurses currently holding an associate degree (ADN) or equivalent and for ADN students in identified concurrent enrollment programs. This fully online program will give you the opportunity to earn your BSN in just 14 months.

WHAT YOU'LL LEARN

The nursing program at CSUSM prepares students for multiple career tracks within the profession. Students who complete the undergraduate program will have the knowledge and skills for general nursing practice, will be well prepared for entry into graduate-level nursing programs and will be qualified to assume leadership roles in healthcare organizations, clinics and community agencies.

PROGRAM SCHEDULE

The ADN/RN to BSN program requires 14 months of study and is broken down into eight-week classes in the fall and spring semesters, and 10-week classes during the summer semester. Unlike other ADN/RN to BSN programs, CSUSM builds in breaks between semesters and holidays to enable you to pursue your education without compromising your life and family priorities.

COST PER UNIT: **\$340**
TOTAL UNITS: **38**

TOTAL COST: **\$12,920**
(Not including fees)
