MASTER OF SCIENCE IN NURSING

CREATING TOMORROW'S LEADERS IN NURSING. TODAY.

The mission of the MSN program is to prepare San Diego area nurses in generalist and advanced-practice roles for positions in the healthcare industry, community or public health agencies, and academia, and for continued study at the doctoral level. CSUSM nursing faculty strive to provide today's nurses with the skills, techniques and tools to serve those in the community and around the globe.

CHOOSE FROM TWO SPECIALIZATIONS

- Family Nurse Practitioner Specialization
 - Family nurse practitioners serve as primary healthcare providers in a variety of settings. The family nurse practitioner operates in independent and collaborative practices to care for patients and their families in the community
- Psychiatric Mental-Health Nurse Practitioner Specialization
 - The psychiatric-mental health nurse practitioner is an advanced-practice registered nurse who focuses clinical practice on individuals, families or populations across the lifespan at risk for developing and/or having a diagnosis of psychiatric disorders or mental health problems

PROGRAM DETAILS

This program consists of six semesters with one mandatory summer session. The program is flexible and can be completed on the student's needed timeline and availability.

COST PER UNIT: **\$699**

TOTAL UNITS: **52**

TOTAL COST: **\$36,348**

(Not including fees)
