INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
California State University San Marcos Foundation

We have audited the accompanying financial statements of California State University San Marcos Foundation (a nonprofit organization), which comprise the statements of financial position as of June 30, 2016 and 2015, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of California State University San Marcos Foundation as of June 30, 2016 and 2015 and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

PHONE: 619.810.4940 FAX: 619.810.4941

Other Matter

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information included on pages 17-25 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Correction of Errors

As discussed in Note 12 to the financial statements, classification errors resulting in the understatement of amounts previously reported for unrestricted net assets and overstatement of permanently restricted net assets were discovered during the current year. Accordingly, amounts reported for unrestricted, temporarily restricted and permanently restricted net assets have been adjusted to correct the errors. Our opinion is not modified with respect to the matter.

Note 1 – Organization and Summary of Significant Accounting Policies

Nature of Activities

California State University San Marcos Foundation (Foundation) is a nonprofit California corporation and an auxiliary organization of California State University San Marcos (University), organized and operated in accordance with the California Code of Regulations and the Education Code of the State of California. The Foundation was formed in 2009 to focus on attracting gifts to the University and to assist the University in accumulating and managing endowment, student loan and student scholarship funds.

The Foundation's financial statements are included as a component unit of the University's annual general-purpose financial statements. This is required by accounting principles generally accepted in the United States of America (U.S. GAAP) applicable to governmental entities.

Related Parties

The Foundation is related to other auxiliaries of the University, include the University Auxiliary and Research Services Corporation (UARSC), San Marcos University Corporation (UCorp) and Associated Students, Inc. of California State University San Marcos (ASI). Although independent, these auxiliaries and the University periodically provide various services to one another.

Basis of Presentation

The Foundation reports information regarding its financial position and activities according to the three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

- Unrestricted net assets represent expendable funds available for operations, which are not otherwise limited by donor restrictions.
- Temporarily restricted net assets consist of contributed funds subject to donor-imposed restrictions contingent upon specific performance of a future event or a specific passage of time before the Foundation may spend the funds.
- Permanently restricted net assets are subject to irrevocable donor restrictions requiring that the assets be maintained in perpetuity usually for the purpose of generating investment income to fund current operations.

Contributions received are recorded as unrestricted, temporarily restricted or permanently restricted support, depending on the existence and/or nature of any donor restrictions.

Use of Estimates

The preparation of the financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. These estimates include determining the fair value of investments, determining the allowance for doubtful accounts for receivables, and discounting pledges receivable. Actual results could differ from those estimates used by management.

Income Taxes

The Foundation is a qualified nonprofit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and Section 23701(d) of the California Revenue and Taxation Code. However, the Foundation remains subject to taxes on any net income which is derived from a trade or business, regularly carried on, and unrelated to its exempt purpose. The Foundation is not a private foundation.

CALIFORNIA STATE UNIVERSITY SAN MARCOS FOUNDATION

Notes to Financial Statements

Years Ended June 30, 2016 and 2015

Note 1 – Organization and Summary of Significant Accounting Policies, continued

Income Taxes, continued

The Foundation follows accounting standards generally accepted in the United States of America related to the recognition of uncertain tax positions. The Foundation recognizes accrued interest and penalties associated with uncertain tax positions as part of the statement of activities, when applicable. Management has determined that the Foundation has no uncertain tax positions as of June 30, 2016 and 2015, therefore no amounts have been accrued.

Cash and Cash Equivalents

The Foundation considers all highly liquid investments with original maturity dates of three months or less to be cash equivalents.

Investments

The Foundation has significant investments in equity securities and mutual funds, and is therefore subject to concentrations of credit risk. The investments in equity securities and mutual funds with readily determinable fair values, based on daily share prices and daily provided net asset values, are reported at fair value with gains and losses included in the statements of activities.

Investments in alternative investments represent shares in hedge funds that hold, among other investments, bonds, bank loans, busted converts, mezzanine debt, distressed assets, equity and real estate. The Foundation accounted for its investments in these hedge funds at fair value, using net asset value per share of the hedge funds.

The investments of the Foundation are exposed to interest rate and market risk. Economic conditions can impact these risks and resulting fair values can be either positively or adversely affected. If the level of risk increases in the near term, it is possible that the investment balances and the amounts reported in the financial statements could be materially affected by market fluctuations. Although the fair value of investments is subject to fluctuations on a year-to-year basis, management believes the investment policy is prudent for the long-term welfare of the Foundation and its beneficiaries.

Pledges Receivable

Pledges that are expected to be collected within one year are recorded at their net realizable value. Pledges that are expected to be collected in future years are discounted to their estimated net present value. After pledges are originally recorded, an allowance for uncollectible pledges may be established based on specific circumstances. Contributions, including unconditional promises to give (pledges), are recognized in the year the promise is made as opposed to when the assets are received. No allowance for doubtful accounts has been recorded as of June 30, 2016 and 2015 because management believes all amounts are collectible.

Related Party Note Receivable

Related party note receivable consists of a loan made by the Foundation to the University. An allowance for uncollectible related party notes receivable is provided based upon management's estimate of the collectability. No allowance has been recorded.

Revenue Recognition

All contributions are considered available for the Foundation's general programs unless specifically restricted by the donor. Amounts received that are designated for future periods or restricted by the donor are reported as temporarily or permanently restricted support and increase the respective class of net assets. Investment income that is limited to specific uses by donor restrictions is reported as increases in unrestricted net assets if the restrictions are met in the same reporting period as the income is recognized.

CALIFORNIA STATE UNIVERSITY SAN MARCOS FOUNDATION

Notes to Financial Statements

Years Ended June 30, 2016 and 2015

Note 1 – Organization and Summary of Significant Accounting Policies, continued

Revenue Recognition, continued

When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are released to unrestricted net assets and reported in the statements of activities as net assets released from restrictions. Contributions received with donor-imposed restrictions are satisfied within the same reporting period and are reported as unrestricted support in that period.

Revenue from campus programs is recognized in the fiscal year in which it is realized or realizable.

Subsequent Events

The Foundation has evaluated subsequent events through September 21, 2016, which is the date the financial statements were available to be issued.

Note 2 – Concentrations of Credit Risk

The Foundation maintains cash and cash equivalents in bank deposit and investment accounts. Bank deposit accounts are insured by the Federal Deposit Insurance Corporation (FDIC) up to a limit of \$250,000 and investment accounts are insured by the Securities Investor Protection Corporation (SIPC) up to a limit of \$500,000. The Foundation's account balances may, at times, exceed the limits. The Foundation has not experienced any such losses in these accounts.

Note 3 – Pledges Receivable

Pledges receivable consist of the following as of June 30:

	<u>2016</u>	<u>2015</u>
Due in less than one year	\$ 748,830	\$ 817,996
Due in one to five years	2,498,380	2,026,811
Due in more than five years	<u>2,500,000</u>	<u>2,800,000</u>

Less unamortized present value discount at rates ranging from 2.32% to 4.20%	<u>(1,586,426)</u>	<u>(1,612,971)</u>
Pledges receivable, net	<u>\$ 4,160,784</u>	<u>\$ 4,031,836</u>

Note 4 – Investments and Fair Value Measurement

Fair Value Measurements

The Foundation defines fair value as the exchange price that would be received for an asset or paid for a liability in the principal or most advantageous market. The Foundation applies fair value measurements to assets and liabilities that are required to be recorded at fair value under generally accepted accounting principles. Fair value measurement techniques maximize the use of observable inputs and minimize the use of unobservable inputs, and are categorized in a fair value hierarchy based on the transparency of inputs. In addition, the Foundation reports certain investments using the net asset value per share as determined by investment managers, allowing the net asset value per share to represent fair value for reporting purposes when the criteria for using this method are met. The three levels are defined as follows:

CALIFORNIA STATE UNIVERSITY SAN MARCOS FOUNDATION

Notes to Financial Statements

Years Ended June 30, 2016 and 2015

Note 4 – Investments and Fair Value Measurement, continued

Fair Value Measurements, continued

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the same term of the financial instrument.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of June 30, 2016 and 2015.

Mutual funds, bonds and equity securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Hedge funds: Valued at the partner's reported capital account balance, which approximates fair value.

Investment in investment partnerships: Valued on the reported market values by the management of the funds held.

Investments at fair value according to the fair value hierarchy are as follows as of June 30, 2016:

Note 7 – Endowments

The Foundation has adopted the guidance on net classification of donor-restricted endowment funds for a not-for-profit organization that is subject to an enacted version of the Uniform Prudent Management of Institutional Funds Act (UPMIFA) and also requires disclosures about endowment funds, both donor-restricted endowment funds and institution-designated endowment funds.

The Foundation's endowments consist of funds established for a variety of purposes. The endowments are generally donor-restricted for the purpose of student scholarships, student loans and campus program activities. Also, the Board has designated certain funds as quasi-endowments for certain projects and programs. As required by accounting principles generally accepted in the United States of America, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

Years Ended June 30, 2016 and 2015

Note 7 – Endowments, continued

The Board of the Foundation has interpreted UPMIFA as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds, absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Foundation in a manner that is consistent with the standard of prudence prescribed by UPMIFA.

In accordance with UPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- 1) The duration and preservation of the fund
- 2) The purposes of the Foundation and the donor-restricted endowment fund
- 3) General economic conditions
- 4) The possible effect of inflation and deflation
- 5) The expected total return from income and the appreciation of investments
- 6) Other resources of the Foundation
- 7) The investment policies of the Foundation

As of June 30, 2016, the endowments' net asset composition by type of fund consisted of the following:

	<u>Unrestricted</u>	<u>Temporarily Restricted</u>	<u>Permanently Restricted</u>	<u>Total</u>

The investment management and advisory fees paid were \$106,147 for the year ended June 30, 2015.

Funds with Deficiencies

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or UPMIFA requires the Foundation to retain as a fund of perpetual duration. In accordance with accounting principles generally accepted in the United States, deficiencies of this nature are charged to unrestricted net assets, totaling \$416,300 and \$17,279 as of June 30, 2016 and 2015, respectively. These deficiencies resulted from unfavorable market fluctuations. Endowment funds that had deficiencies in the previous year and have gains in the current year record the gains as unrestricted until the deficiency is restored. There were no gains recorded as unrestricted for the years ended June 30, 2016 and 2015.

Return Objectives and Risk Parameters

The Foundation has adopted investment and spending policies for endowment assets that attempt to provide funding for programs supported by its endowment and increase the value of the original contributed capital by an amount not less than the annual increase in inflation. In order to meet this objective, the endowment asset portfolio is structured to achieve a compounded annual return, net of investment management expenses, of 5 percent plus the annual rate of inflation (Target Return).

CALIFORNIA STATE UNIVERSITY SAN MARCOS FOUNDATION

Notes to Financial Statements

Years Ended June 30, 2016 and 2015

Note 7 – Endowments, continued

Return Objectives and Risk Parameters, continued

The temporarily restricted endowment asset portfolio is structured to provide liquidity for short-term cash needs and safety of principal while seeking to enhance the portfolio's return. In achieving the Target Return, the Foundation seeks to maintain a level of portfolio risk by allocating investments to core fixed-income mutual funds, domestic equity securities, domestic and international equity mutual funds, hedge funds and cash instruments in a ratio similar to other peer university endowments of similar size, as surveyed annually by the National Association of College and University Business Officers.

Investment strategy

The investment strategy of the Foundation is to develop a diversified portfolio of passive investments. For core fixed-income mutual funds and equity funds, the selection of such holdings is based on the merits of long-term ownership without the intent of short-term trading. To achieve the Target Return, the Foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends), less expenses.

Spending policy

The Foundation has a policy of appropriating for expenditure each year a percentage of the prior three-year average endowment balance by taking into account investment performance from the prior year. In establishing this policy, the Foundation considered the long-term expected return on its endowment. For the years ended June 30, 2016 and 2015, the Board approved a spending rate of 4 percent on all endowments. The rate is reviewed annually and may or may not change in future years depending on investment performance. Accordingly, over the long term, the Foundation expects the current spending policy to allow its endowment to grow at the average annual rate of inflation. This is consistent with the Foundation's objective to maintain the purchasing power of the endowment assets held in perpetuity as well as provide additional real growth through new gifts and investment return.

Note 8 – Transactions with Related Parties

The Foundation reimburses the University for salaries and various services. These amounts are paid by UARSC on behalf of the Foundation as part of their operating agreement.

During the year ended June 30, 2016 the Foundation loaned the University \$200,000 to be used for video boards in the Athletics Sports Center. The loan bears an interest rate of 3% and is a bridge loan to provide funding while private support is sought. The loan will be repaid over a three year term, beginning on July 2017, unless private support is received, whichever is first.

Transactions for the years ended June 30, 2016 and 2015 with related parties are reflected in the accompanying financial statements as follows:

Note 9 – Reclassifications

Certain items in the 2015 financial statements have been reclassified to conform to current year classifications. Such reclassifications had no effect on previously reported change in net assets.

Note 10 – Risks and Uncertainties

The Foundation invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect account balance and the amounts reported on the statement of net assets.

Note 11 – Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the statements of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Note 12 – Prior Period Adjustments

During the years ending June 30, 2016 it was noted that board designated quasi-endowment funds were incorrectly reported as permanently restricted net assets. The reclassifications from permanently restricted to unrestricted net assets had no effect on total revenues or total net assets for the years ended June 30, 2016 and 2015.
