# PRE-HEALTH PROFESSIONS CERTIFICATE

## PREPARATION FOR MEDICAL, OSTEOPATHY, DENTAL, OPTOMETRY AND VETERINARY SCHOOLS

California State University San Marcos (CSUSM) offers an intensive pre-health professions post-baccalaureate that provides students with the science and math courses they will need to prepare for entrance into health professions programs.

### FACTS ABOUT PROGRAM

- Comprised of science and math courses needed to enter various health professions programs
- Can be completed in 2 years, full-time, over five semesters
- Classes held weekday evenings
- Cohort-structure guarantees classes, with starts every fall.
- Financial aid eligible through unsubsidized federal loans and outside sources for the first year only.

### PROGRAM DETAILS

COST PER UNIT: **\$499**

TOTAL UNITS: **51**

TOTAL COST: **\$25,449**

*(Not including fees)*

This program prepares students who have completed a non-life science degree in areas such as Anthropology or English to gain the knowledge base required to become competitive applicants to health professions schools such as dental, medical or veterinary. At nearly every university, the subjects of mathematics, physics, chemistry, and biology are heavily impacted. At CSUSM, the cohort structure of the Pre-Health Professions program alleviates this problem with guaranteed classes.

### ADMISSION REQUIREMENTS

- You must have earned a non-science bachelor's degree with a minimum GPA of 3.0 in the last 60 units completed
- CHEM 101 or CHEM (or equivalent) completed with a C or better
- Math 125 (or equivalent) completed with a C or better
