INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of
California State University San Marcos Foundation

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of California State University San Marcos Foundation (a nonprofit organization), which comprise the statements of financial position as of June 30, 2022 and 2021, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of California State University San Marcos Foundation as of June 30, 2022 and 2021 and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of California State University San Marcos Foundation and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about California State University San Marcos Foundation's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITOR'S REPORT, CONTINUED

Auditor's Responsibility for the Audit of the Financial Statements, continued

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of California State University San Marcos Foundation's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about California State University San Marcos Foundation's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental information included on pages 21-29 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 28, 2022, on our consideration of California State University San Marcos Foundation, internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of California State University San Marcos Foundation's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering California State University San Marcos Foundation's internal control over financial reporting and compliance.

CALIFORNIA STATE UNIVERSITY SAN MARCOS FOUNDATION

Notes to Financial Statements

Years Ended June 30, 2022 and 2021

Note 1 – Organization and Summary of Significant Accounting Policies

Nature of Activities

California State University San Marcos Foundation (Foundation) is a nonprofit California corporation and an auxiliary organization of California State University San Marcos (University), organized and operated in accordance with the California Code of Regulations and the Education Code of the State of California. The Foundation was formed in 2009 to focus on attracting gifts to the University and to assist the University in accumulating and managing endowment, student loan, and student scholarship funds.

The Foundation's financial statements are included as a component unit of the University's annual general-purpose financial statements. This is required by accounting principles generally accepted in the United States of America (U.S. GAAP) applicable to governmental entities.

New Accounting Pronouncement

In September 2020, the Financial Accounting Standard Board (FASB) issued Accounting Standards Update (ASU) 2020-07, *Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets* (Topic 958). The purpose of ASU 2020-07 is to clarify the presentation and disclosure of contributed nonfinancial assets with an intention to provide the reader of the financial statements a clearer understanding of what type of nonfinancial assets were received and how they are used and recognized by the Foundation. During the year ended June 30, 2022, the Foundation adopted ASU 2020-07, *Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets* (Topic 958).

Related Parties

The Foundation is related to other auxiliaries of the University, include the California State University San Marcos Corporation (SM Corp) and Associated Students, Inc. of California State University San Marcos (ASI). Although independent, these auxiliaries and the University periodically provide various services to one another.

Basis of Presentation

The financial statements of the Foundation have been prepared in accordance with U.S. GAAP, which require the Foundation to report information regarding its financial position and activities according to the following net asset classifications:

- *Net assets without donor restrictions* – Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Foundation. These net assets may be used at the discretion of the Foundation's management and the board of directors.
- *Net assets with donor restrictions* – Net assets subject to stipulations imposed by donors, and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Foundation or by the passage of time. Other donor restrictions are perpetual in nature, where by the donor has stipulated the funds be maintained in perpetuity.

Donor restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statements of activities.

Use of Estimates

The preparation of the financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

CALIFORNIA STATE UNIVERSITY SAN MARCOS FOUNDATION

Notes to Financial Statements

Years Ended June 30, 2022 and 2021

Note 1 – Organization and Summary of Significant Accounting Policies, continued

Income Taxes

The Foundation is a qualified nonprofit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and Section 23701(d) of the California Revenue and Taxation Code. However, the Foundation remains subject to taxes on any net income which is derived from a trade or business, regularly carried on, and unrelated to its exempt purpose. The Foundation is not a private foundation.

The Foundation follows accounting standards generally accepted in the United States of America related to the recognition of uncertain tax positions. The Foundation recognizes accrued interest and penalties associated with uncertain tax positions as part of the statement of activities, when applicable. Management has determined that the Foundation has no uncertain tax positions as of June 30, 2022 and 2021, therefore no amounts have been accrued.

Cash and Cash Equivalents

The Foundation considers all highly liquid investments with original maturity dates of three months or less to be cash equivalents.

Receivables

The accounts receivable arises in the normal course of operations. It is the policy of the management to review to review the outstanding accounts receivable at year end, as well as the implicit price concession. Receivables are stated at unpaid balances, less price concession. The Foundation provides for losses on receivables using the allowance method.

Pledges Receivable

Pledges that are expected to be collected within one year are recorded at their net realizable value. Pledges that are expected to be collected in future years are discounted to their estimated net present value. After pledges are originally recorded, an allowance for uncollectible pledges may be established based on specific circumstances. Contributions, including unconditional promises to give (pledges), are recognized in the year the promise is made as opposed to when the assets are received.

Investments

The Foundation has significant investments in equity securities, fixed income securities, and mutual funds, and is therefore subject to concentrations of credit risk. The investments in equity securities, fixed income securities, and mutual funds with readily determinable fair values, based on daily share prices and daily provided net asset values, are reported at fair value with gains and losses included in the statements of activities.

Investments in alternative investments represent shares in hedge funds that hold, among other investments, bonds, bank loans, busted converts, mezzanine debt, distressed assets, equity and real estate. The Foundation accounted for its investments in these hedge funds at fair value, using net asset value per share of the hedge funds.

Property, Land

In July 2021, a donor gave a gift of real estate (8.19 acres of vacant land) to the Foundation. The land's appraised fair market value is \$480,000. The purpose of the gift is to support the University and the Foundation. The Foundation may retain the asset for University use or may sell the property and apply proceeds to area(s) of greatest need on campus.

CALIFORNIA STATE UNIVERSITY SAN MARCOS FOUNDATION

Notes to Financial Statements

Years Ended June 30, 2022 and 2021

Note 1 – Organization and Summary of Significant Accounting Policies, continued

Risks and Uncertainties

The investments of the Foundation are exposed to interest rate and market risk. Economic conditions can impact these risks and resulting fair values can be either positively or adversely affected. If the level of risk increases in the near term, it is possible that the investment balances and the amounts reported in the financial statements could be materially affected by market fluctuations. Although the fair value of investments is subject to fluctuations on a year-to-year basis, management believes the investment policy is prudent for the long-term welfare of the Foundation and its beneficiaries.

Revenue Recognition

Contributions - Contributions received are recorded as without donor restrictions or with donor restrictions, depending on the existence and/or nature of any donor restrictions.

When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), with donor restricted net assets are reclassified to without donor restricted net assets and reported in the statements of activities as net assets released from restrictions. Contributions received with donor-imposed restrictions that are satisfied within the same reporting period are reported without donor restricted support in that period.

Grants and Contracts - Revenue from grants and contracts is recognized to the extent of eligible costs incurred up to an amount not to exceed the total grant or contract authorized. Deferred revenue results from grant awards and contracts received (or in accounts receivable) that are applicable to the subsequent period.

Other Revenues – Revenue received from various programs offered by the Foundation. Revenue is recognized when earned for the services performed.

Future Accounting Standards

FASB has issued a substantial ASU, which will become effective in future years.

In February 2016, the FASB issued ASU No. 2016-02 *Leases*. The primary change in U.S. GAAP addressed by ASU 2016-02 is the requirement for a lessee to recognize on the balance sheet a liability to make lease payments (“lease liability”) and a right-of-use asset representing its right to use the underlying asset for the lease term. ASU 2016-02 also requires qualitative and quantitative disclosures to enable users of the financial statements to assess the amount, timing, and uncertainty of cash flows arising from leases. ASU 2016-02 is effective for fiscal years beginning after December 15, 2021. Lessees must apply a modified retrospective transition approach for leases existing at, or entered into after, the beginning of the earliest comparative period presented in the financial statements. The Foundation is evaluating the effect that the provisions of ASU 2016-02 will have on its financial statements and related disclosures.

Subsequent Events

The Foundation has evaluated subsequent events through September 28, 2022, which is the date the financial statements were available to be issued.

CALIFORNIA STATE UNIVERSITY SAN MARCOS FOUNDATION

Notes to Financial Statements

Years Ended June 30, 2022 and 2021

Note 2 – Concentrations of Credit Risk

The Foundation maintains cash and cash equivalents in bank deposit and investment accounts. Bank deposit accounts are insured by the Federal Deposit Insurance Corporation (FDIC) up to a limit of \$250,000 and investment accounts are insured by the Securities Investor Protection Corporation (SIPC) up to a limit of \$500,000. The Foundation's account balances may, at times, exceed the limits. The Foundation has not experienced any such losses in these accounts.

Note 3 – Financial Assets and Liquidity Resources

Board Designations

The Foundation's governing board has designated, from net assets without donor restrictions, net assets for the following purposes as of June 30:

	<u>2022</u>	<u>2021</u>
Quasi-endowment	\$ 2,416,587	\$ 2,825,136
Liquidity reserve	<u>350,000</u>	<u>340,328</u>
	<u>\$ 2,766,587</u>	<u>\$ 3,165,464</u>

Liquidity

The following reflects the Foundation's financial assets as of the statement of financial position date, reduced by amounts not available for general use because of contractual or donor-imposed restrictions within one year of the statement of financial position date. Amounts not available include amounts set aside for long-term investing in the quasi-endowment that could be drawn upon if the governing board approves that action. However, amounts already appropriated from either the donor-restricted endowment or quasi-endowment for general expenditure within one year of the statement of financial position date have not been subtracted as unavailable.

The Foundation's liquidity consisted of the following at June 30:

	<u>2022</u>	<u>2021</u>
Financial assets available to be used within one year:		
Cash and cash equivalents	\$ 737,386	\$ 840,751
Other receivables	10,581	1,047
Due from related parties	6,526	222,037
Pledges receivable, net	1,071,671	1,523,664
Investments	<u>2,308,388</u>	<u>1,121,863</u>
Total financial assets	4,134,552	3,709,362
Less amounts not available for general use within one year:		
Restricted by donor with purpose restrictions (scholarships)	<u>(53,286)</u>	<u>(18,667)</u>
Financial assets available to meet cash needs for general expenditure within one year	<u>\$ 4,081,266</u>	<u>\$ 3,690,695</u>

Note 3 – Financial Assets and Liquidity Resources, continued

Liquidity, continued

The Foundation is supported by restricted contributions. Because a donor's restriction requires resources to be used in a particular manner or in a future period, the Foundation must maintain sufficient resources to meet those responsibilities to its donors. Thus, financial assets may not be available for general expenditure within one year. As part of the Foundation's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due. In addition, the Foundation invests cash in excess of daily requirements in short-term investments. Occasionally, the board designates a portion of any operating surplus to its liquidity reserve, which was \$350,000 and \$340,328 as of June 30, 2022 and 2021, respectively. There is a fund established by the governing board that may be drawn upon in the event of financial distress or an immediate liquidity need resulting from events outside the typical life cycle of converting financial assets to cash or settling financial liabilities.

Note 4 – Pledges Receivable

Pledges receivable consist of the following as of June 30:

	<u>2022</u>	<u>2021</u>
Due in less than one year	\$ 1,071,671	\$ 1,523,664
Due in one to five years	1,100,951	780,700
Due in more than five years	<u>-</u>	<u>5,000</u>
Gross pledges receivable	2,172,622	2,309,364
Less provisions for doubtful accounts	(100)	(1,500)
Less unamortized present value discount at rates ranging from 1.20% to 3.49%	<u>(74,687)</u>	<u>(41,809)</u>
Pledges receivable, net	<u>\$ 2,097,835</u>	<u>\$ 2,266,055</u>

Note 5 – Investments and Fair Value Measurement

Fair Value Measurements

The Foundation defines fair value as the exchange price that would be received for an asset or paid for a liability in the principal or most advantageous market. The Foundation applies fair value measurements to assets and liabilities that are required to be recorded at fair value under generally accepted accounting principles. Fair value measurement techniques maximize the use of observable inputs and minimize the use of unobservable inputs, and are categorized in a fair value hierarchy based on the transparency of inputs. In addition, the Foundation reports certain investments using the net asset value (NAV) per share as determined by investment managers, allowing the net asset value per share to represent fair value for reporting purposes when the criteria for using this method are met. The three levels are defined as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the same term of the financial instrument.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 5 – Investments and Fair Value Measurement, continued

Fair Value Measurements, continued

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. As a practical expedient, certain financial instruments may be valued using NAV per share. NAV is the amount of net assets attributable to each share of outstanding capital stock at the end of the period.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of June 30, 2022 and 2021.

Mutual funds and equity securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Hedge funds: Valued at the partner's reported capital account balance, which approximates fair value.

Private equity funds: Valued on the reported market values by the management of the funds held.

Investments at fair value according to the fair value hierarchy are as follows as of June 30, 2022:

	Quoted Prices in Active Markets for Identical Assets <u>Level 1</u>	Significant Other Observable Inputs <u>Level 2</u>	Significant Unobservable Inputs <u>Level 3</u>	Net Asset Value <u>NAV</u>	<u>Total</u>

The Foundation uses the net asset value to determine the fair value of all the underlying investments that (a) do not have readily determinable fair value and (b) prepare their financial statements consistent with the measurement principles of an investment company or have the attributes of an investment company.

Commitments and redemptions schedule for those investments valued based on net asset values are as follows:

	Net asset value at June 30, 2022	Unfunded commitments	Redemption frequency	Redemption notice period

Note 7 – Endowments

The Board of the Foundation has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds while supporting the operations of the Foundation through a set spending rate. As a result of this interpretation, the Foundation retains in perpetuity (a) the original value of gifts donated to the endowment, (b) the original value of subsequent gifts to the endowment, and (c) accumulation to the endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund.

The remaining portion of the donor-restricted endowment fund that is not retained in perpetuity is subject to appropriation for expenditure by the Foundation in a manner consistent with the standard of prudence prescribed by UPMIFA.

Years Ended June 30, 2022 and 2021

Note 7 – Endowments, continued

In accordance with UPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- 1) The duration and preservation of the fund
- 2) The purposes of the Foundation and the donor-restricted endowment fund
- 3) General economic conditions
- 4) The possible effect of inflation and deflation
- 5) The expected total return from income and the appreciation of investments
- 6) Other resources of the Foundation
- 7) The investment policies of the Foundation

As of June 30, 2022, the endowments' net asset composition by type of fund consisted of the following:

The investment management and advisory fees paid were \$125,040 for the year ended June 30, 2021.

Funds with Deficiencies Included in Net Assets With Donor Restrictions

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or UPMIFA requires the Foundation to retain as a fund of perpetual duration. In accordance with accounting principles generally accepted in the United States, there were \$63,449 of deficiencies of this nature as of June 30, 2022 (no deficiencies as of June 30, 2021). These deficiencies resulted from unfavorable market fluctuations.

Return Objectives and Risk Parameters

The Foundation has adopted investment and spending policies for endowment assets that attempt to provide funding for programs supported by its endowment and increase the value of the original contributed capital by an amount not less than the annual increase in inflation. In order to meet this objective, the endowment asset portfolio is structured to achieve a compounded annual return, net of investment management expenses, of 5 percent plus the annual rate of inflation (Target Return).

The appreciated endowment earnings is structured to provide liquidity for short-term cash needs and safety of principal while seeking to enhance the portfolio's return. In achieving the Target Return, the Foundation seeks to maintain a level of portfolio risk by allocating investments to core fixed-income mutual funds, domestic equity securities, domestic and international equity mutual funds, hedge funds and cash instruments in a ratio similar to other peer university endowments of similar size, as surveyed annually by the National Association of College and University Business Officers.

CALIFORNIA STATE UNIVERSITY SAN MARCOS FOUNDATION

Notes to Financial Statements

Note 7 – Endowments, continued

Investment Strategy

The investment strategy of the Foundation is to develop a diversified portfolio of passive investments. For core fixed-income mutual funds and equity funds, the selection of such holdings is based on the merits of long-term ownership without the intent of short-term trading. To achieve the Target Return, the Foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends), less expenses.

Spending Policy

The Foundation has a policy of appropriating for expenditure each year a percentage of the prior three-year average endowment balance by taking into account investment performance from the prior year. In establishing this policy, the Foundation considered the long-term expected return on its endowment. For the years ended June 30, 2022 and 2021, the Board approved a spending rate of 3.75% and 3.50%, respectively. The rate is reviewed annually and may or may not change in future years depending on investment performance. Accordingly, over the long-term, the Foundation expects the current spending policy to allow its endowment to grow at the average annual rate of inflation. This is consistent with the Foundation's objective to maintain the purchasing power of the endowment assets held in perpetuity as well as provide additional real growth through new gifts and investment return.

Note 8 – Transactions with Related Parties

The Foundation reimburses the University for salaries and various services. These amounts are paid by SM Corp on behalf of the Foundation as part of their operating agreement.

Transactions as of and for the years ended June 30, 2022 and 2021 with related parties are reflected in the accompanying financial statements as follows:

Notes to Financial Statements

Years Ended June 30, 2022 and 2021

Note 9 – Functional Allocation of Expenses

The financial statements report certain categories of expenses that are attributable to more than one program or supporting function. Therefore, these expenses require allocation on a reasonable basis that is consistently applied. The expenses that are allocated include salaries and benefits, which are allocated on the basis of estimates and time and effort. All other expenses are attributed directly to a program or supporting service.

Note 10 – Contingencies

Legal Proceedings

The Foundation may periodically be a party in litigation cases incidental to its activities. While any litigation or investigation has an element of uncertainty, management believes that the outcome of any of these matters will not have a materially adverse effect on its financial position, results of operations or liquidity.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Board of Directors
California State University San Marcos Foundation

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of California State University San Marcos Foundation, (nonprofit organization), which comprise the statement of financial position as of June 30, 2022, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated September 28, 2022.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered California State University San Marcos Foundation's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of California State University San Marcos Foundation's internal control. Accordingly, we do not express an opinion on the effectiveness of the California State University San Marcos Foundation's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify and deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether California State University San Marcos Foundation's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*, CONTINUED**

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
