18. Reason(s) for changing this course:
 The reduced number of units is due to the redesign of the GBM option. This allows greater breadth of required courses and electives leading up to the Global Management experience. Also, GBM students in the marketing, management, and logistics tracks can substitute BUS 492/493, so the number of units had to be consistent. The revision to the catalog description better reflects the nature of the course as it has been implemented, so it will be clearer for students.
