C-2
#18 response

Please find attached an updated P2 narrative that includes additional details about the specific program changes. I have included a copy of the current catalog, a marked up copy of the proposed revisions and supporting documents. I have included the curriculum worksheet. I would like to make a blanket rationale on the C2 form line #18 that states, based on our assessment report and self study Human Development has developed their own course in statistics and research methods specific to the field of Human Development. The proposed change is to amend the prerequisites from Psyc to HD. Finally I will be ccing you on emails to psychology, sociology, anthropology and mathematics. Please let me know if you need any additional information. I believe that I have addressed all of your requests.

I have paper copies of the documents so if you need paper copies, please let me know.

Alice
