20. How often will this course be offered once established?* Annually

PROGRAM DIRECTOR/CHAIR - COLLEGE CURRICULUM COMMITTEE SECTION:

(Mandatory information – all items in this section must be completed.)

21. Does this course fulfill a requirement for any major (i.e., core course or elective for a major, majors in other departments, minors in other departments)? ☒ Yes ☐ No

If yes, please specify:

Master of Science in Speech-Language Pathology

22. Does this course impact other discipline(s)? *(If there is any uncertainty as to whether a particular discipline is affected, check "yes" and obtain signature.)* ☐ Yes ☒ No

If yes, obtain signature(s). Any objections should be stated in writing and attached to this form.

Principles of Evidence-Based Practice in Speech-Language Pathology (1 unit each)

Department of Speech-Language Pathology

Spring

Wednesday 9-9:50

Location: QUAD 101

Professors: Alison R. Scheer-Cohen, Ph.D., CCC-SLP; Laura S. Coca, M.A., CCC-SLP

Office: UH 317

Phone: (760) 750-7379

E-Mail: ascheer@csusm.edu; lcoca@csusm.edu

Office Hours: By appointment

Department of Speech-Language Pathology Mission Statement

The mission of the Department of Speech-Language Pathology is to train graduate students in the knowledge and skills in prevention, assessment, and intervention of communication and swallowing disorders across the lifespan through academic and clinical experiences. The goal of our program is to prepare ethically responsible clinicians to make evidence-based clinical decisions. Our aim is to provide clinical services that promote wellness in culturally and linguistically diverse populations within our community.

Program Student Learning Outcomes:

Upon completion of this degree, students will be able to:

1. Describe the nature of typical and disordered communication and swallowing across the lifespan.
2. Integrate theory, research and Evidence-Based Practice principles into prevention, assessment and intervention practices.
3. Interact and communicate in ways that promote wellness and reflect respect for diversity, collaboration and ethics.
4. Demonstrate summative knowledge and skills necessary for entry-level practice within the field of speech-language pathology through defense of a culminating experience.

COURSE DESCRIPTION

Introduces the framework and principles of Evidence-Based Practice (EBP), and its use in clinical decision-making. Covers effective electronic database searches. Evaluates the level of evidence of intervention literature. Develops skills in written and oral presentation of literature reviews.

STUDENT LEARNING OUTCOMES

Upon completion of this course, students will be able to:

1. Describe ASHA's framework and principles for incorporating evidence-based practice into speech-language pathology practice. **(Program Student Learning Outcome 2; ASHA Standards IV-D & IV-F)**
2. Conduct effective electronic database searches for external scientific evidence. **(Program Student Learning Outcome 2; ASHA Standards IV-D & IV-F)**
3. Evaluate the literature based on levels of evidence **(Program Student Learning Outcome 2: ASHA Standards IV-D, IV-F)**
4. Develop a literature review on a specific disorder area of interest. **(Program Student Learning Outcome 2; ASHA Standards IV-D & IV-F)**

GENERAL CONSIDERATIONS

CSUSM Academic Honesty Policy

"Students will be expected to adhere to standards of academic honesty and integrity, as outlined in the Student Academic Honesty Policy. All written work and oral presentation assignments must be original work. All ideas/materials that are borrowed from other sources must have appropriate references to the original sources. Any quoted material should give credit to the source and be punctuated with quotation marks.

Students are responsible for honest completion of their work including examinations. There will be no tolerance for infractions. If you believe there has been an infraction by someone in the class, please bring it to the instructor's attention. The instructor reserves the right to discipline any student for academic dishonesty in accordance with the general rules and regulations of the university. Disciplinary action may include the lowering of grades and/or the assignment of a failing grade for an exam, assignment, or the class as a whole."

Incidents of Academic Dishonesty will be reported to the Dean of Students. Sanctions at the University level may include suspension or expulsion from the University.

Plagiarism

As an educator, it is expected that each student will do his/her own work, and contribute equally to group projects and processes. Plagiarism or cheating is unacceptable under any circumstances. If you are in doubt about whether your work is paraphrased or plagiarized see the Plagiarism Prevention for Students website <http://library.csusm.edu/plagiarism/index.html>. If there are questions about academic honesty, please consult the University catalog.

Electronic Communication Protocol

Electronic correspondence is a part of your professional interactions, and is generally the easiest way to contact the instructor. The instructor will attempt to respond to e-mail correspondence in a timely manner (24 hours with the exception of weekends). Please be reminded that e-mail and on-line discussions are a very specific form of communication, with their own nuances and etiquette. For instance, electronic messages sent in all upper case (or lower case) letters, major typos, or slang, often communicate more than the sender originally intended. With that said, please be mindful of all e-mail and on-line discussion messages you send to your colleagues, to faculty members, or to persons within the greater educational community. All electronic messages should be crafted with professionalism and care.

Things to consider:

- Would I say in person what this electronic message specifically says?
- How could this message be misconstrued?
- Does this message represent my highest self?
- Am I sending this electronic message to avoid a face-to-face conversation?

In addition, if there is ever a concern with an electronic message sent to you, please talk with the author in person in order to correct any confusion.

Requirements for Professionalism

Course Attendance:

Daily class attendance is required. Poor attendance negatively reflects on professionalism. Excused absences are serious illness, death in the family, or religious holiday with valid documentation. Any absence that would be considered unexcused, must be arranged or communicated with the instructor prior to class. Other absences may be excused if pre-arranged with the instructor. Students cannot obtain a passing grade if they do not attend 80% of classes whether absences are excused or unexcused.

Students are expected to arrive at class on time. Students arriving late or leaving early should try to be as quiet and unobtrusive as possible to avoid being disruptive. These circumstances must be communicated to the instructor prior to the start of class.

Instructors provide breaks during course activities. However, if a student needs to take a break between allotted breaks, it is expected that the student will enter and exit quietly and unobtrusively without break companions. It is NOT acceptable to enter or exit a classroom when other students are presenting to class members. If other students have begun a presentation during a break, the student is expected to wait outside the class until the presentation is completed. It is NOT acceptable to arrive late, leave early, enter or exit a classroom during a guest speaker presentation except for an emergency. No exceptions will be tolerated.

Cell Phones and Texting:

Most graduate students are very conscientious and respectful about cell phone use in class and clinic. Cell phones should be turned off before class and clinic and left off. Use of a cell phone for calls or texting will result in the graduate student being asked to leave the class or clinic site. If the graduate student has a situation, which necessitates the cell phone being visible (e.g., a sick child), please advise the instructor or supervisor before class or clinic.

Computers, Laptops, and Tablets:

It is expected that all electronics will be used appropriately and respectfully (i.e., for course or clinic-related activities only). Reading email, surfing the net, shopping, playing games, etc. are not course related and are not appropriate activities. If electronics are used for non-course related activities, the

student will be asked to shut them down. Habitual use of electronics for non-course related activities would result in a loss of electronic privileges. Electronics are not to be used when guest speakers are visiting; hand-written notes may be taken. No exceptions will be tolerated unless the student requires use of electronics as a pre-approved accommodation.

Attentiveness:

Students often engage in multiple activities in class or clinic under the false assumption that they are multitasking. In fact, students are engaging in a behavior known as continuous partial attention. This means that only partial attention is given to any task and results in an overall lack of engagement. Students are expected to contribute and not detract from an atmosphere of learning in both the clinic and classroom. Attentiveness reflects on social skills, a sense of professionalism, and the potential to be successful in employment positions. Guest speakers and faculty are members of the professional community, and as such, are potential employers or colleagues of potential employers. A lack of attentiveness and professionalism will negatively bias potential employers when students begin to seek post-graduation employment. Further, students will need faculty and supervisors to provide positive letters of recommendation, and it will be unlikely they will be able to do so if students do not display professional behaviors.

Students with Disabilities Requiring Reasonable Accommodations:

Every student has the right to equitable educational consideration and appropriate accommodation. Students having differing ability (mobility, sight, hearing, documented learning challenges, first language/English as a second language) are requested to contact the professor at the earliest opportunity. Every effort will be made to accommodate special need. Students are reminded of the availability of Disabled Student Services, the Writing Center, technology assistance in the computer labs, and other student support services available as part of reasonable accommodation for special needs students.

Students are approved for services through the Disabled Student Services Office (DSS). This office is located in Craven Hall 5205, and can be contacted by phone at (760) 750-4905, or TTY (760) 750-4909. Students authorized by DSS to receive reasonable accommodations should meet with their instructor during office hours or, in order to ensure confidentiality, in a more private setting.

Graduate Writing Requirements:

The California State University maintains a Graduation Writing Assessment Requirement (GWAR) for master's candidates. This requirement must be achieved prior to Advancement to Candidacy. A master's candidate will satisfy the graduate writing requirement by receiving a passing score on a written product as assessed with the GWAR rubric. Toward the goal of providing opportunity for graduate students in the College of Education, Health and Human Services to satisfy the writing requirement, all papers in all graduate classes must adhere to the writing and format style guidelines detailed in the sixth edition of the Publication Manual of the American Psychological Association. This manual is a required textbook for all CSUSM College of Education graduate-level courses. Please see webpage for the GWAR rubric.

COURSE REQUIREMENTS: TEXTBOOKS, ASSIGNMENTS AND GRADING

Required Texts

American Psychological Association (2010). *Publication manual of the American Psychological Association* (6th ed.). Washington, DC: American Psychological Association.

Nelson, L.K. (2013). *Research in Communication Sciences and Disorders* (2nd ed.). San Diego, CA: Plural Publishing.

Supplemental Readings

Supplemental readings will be posted to Cougar Courses as an accessible .pdf.

Assignments

1. Annotated Bibliography (20 points): Complete an annotated bibliography reflecting a comprehensive literature search on a particular disorder. Students must have at least 10 empirical articles included. **(Program Student Learning Outcome 2; ASHA Standards IV-D & IV-F)**
2. Assessing levels of evidence (30 points): Students will read and evaluate the literature as to its level of evidence and applicability to various patient profiles **(Program Student Learning Outcome 2; ASHA Standards IV-D & IV-F)**
3. Literature Review (50 points): Students will develop a literature review for a disorder area of interest. The purpose of this assignment is to provide an opportunity to synthesize the evidence associated with a specific treatment method in the field of speech-language pathology, and critically analyze the quality of the evidence.
(Program Student Learning Outcome 2; ASHA Standards IV-D & IV-F)

Assignments

Total of 100 points:

Annotated Biblio	20 points
Assessing Levels of Evidence	30 points
Literature Review	50 points

All assignments are signature assignments that reflect acquisition of knowledge and skills related to accreditation standards.

Grading Standards

Consistent with requirements set forth by the Department of Speech-Language Pathology and the Office of Graduate Studies and Research (OGSR), the minimal acceptable grade for passing a course in the Communication Disorders Program is a B. A review of the student's performance will need to be conducted should s/he earn less than a B in any course. If the student earns a B-, a Statement of Concern (SoC) will be issued with a Performance Improvement Contract that will specify how the student will demonstrate competency towards the standards for the content in that subject matter. No more than two courses can be earned with a B- or the student will be disqualified from the program. As well, any course with a grade below a B- will need to be repeated. CSUSM only allows two courses to be retaken at the MA level.

Please note that CSUSM requires graduate students to maintain a cumulative GPA of 3.0 in all coursework towards the MA. Should your GPA fall below a 3.0, you will be placed on Academic Probation and you will have one semester to bring your GPA back above a 3.0 or you will be disqualified from the program.

Any scholarly, professional writing assignment will be subjected to grading based on the Graduate Writing Assessment Rubric or a project specific rubric. Students are expected to adhere to the Academic Honesty Policy regarding Plagiarism and use APA style referencing in all professional writing.

Letter grade (percentage total points)

A = 93 and above	A- = 90.00-92.99	
B+ = 88.00-89.99	B = 83-87.99	B- = 80-82.99
C+ = 78.00-79.99	C = 73-77.99	C- = 70-72.99
D+ = 68.00-69.99	D = 63-67.99	D- = 60-62.99
F = 59.99 and below		

Students are expected to complete every assignment and turn it in when it is due in order to pass the course. Acceptance of late work will be completely at the instructor's discretion including point assignment; however, work turned in more than one week late will receive no credit and the student will be unable to pass the course. Your work will be graded on both content (detail, logic, synthesis of information, depth of analysis) and mechanics (grammar, syntax, spelling, format, uniformity of citations). Certain faculty-designated signature assignments must receive an 80.00% or better to demonstrate competency of the course content towards standards. Remediation for signature assignments receiving 80.00% or less is at the discretion of the instructor. Final grades in a course are calculated on original submissions not remediation assignments. If a student receives an 80.00% or less on the remediation assignment, a Statement of Concern (SoC) will be issued with a Performance Improvement Contract that will specify how the student will demonstrate competency towards the standards for the content of the assignment. Students cannot pass a class without demonstrating competency on signature assignments regardless of the overall grade. Therefore, if the student scores below an 80.00% on the remediation assignment, s/he cannot earn a grade above a C and must retake the course. The need to remediate multiple assignments within or across courses may result in a Statement of Concern. Grades will not be rounded.

TENTATIVE SCHEDULE

This schedule is tentative. Please consult Cougar Courses daily for updates and/or announcements. Any deviations to the course schedule will be announced to the class by the instructor via Cougar Courses and/or class lectures with fair notice.

<u>WEEK/DATE</u>	<u>TOPIC</u>	<u>ASSIGNMENT(S)</u>
Week 1	Syllabus Review Introduction	
Week 2	Scientific Method	Chapter 1
Week 3-4	Evidence-Based Practice	Chapter 2
Week 5-6	PICO Clinical Questions: Assessment and Treatment; Asking your Clinical Question	Chapter 3 <i>Making Research Part of your Clinical Practice</i> Chapter 4
Week 7	Tricia Lantzy: Library	Supplemental resources may be posted to Cougar Courses by the guest speaker(s)
Week 8-9	Evaluating Literature	Gillam & Gillam (2006)
Week 10-12	Evaluating Literature	Using Literature Review to evaluate literature Annotated Biblio Due Week 12
Week 13-15	Writing Workshop-Literature Review	
Week 16	Poster session – Summative Assessment	Present Literature Review in the form of a poster. Literature review due
