

CATALOG COPY:

Paul's Note: It looks like the EDUC classes will not be required courses once the last cohort finishes the program. Then all students will be required to take the EDAD series.

From Carol Van Vooren:

They take one 6 unit set or the other.

There is only one cohort of 7 people left in the F2F program that will take the EDUC classes, then it will be finished.

Subject: Re: Revised 3.14.18 syllabi

.....
As you know, I am also undergoing a program elevation concurrently. In this review, the reader from the Chancellor's Office asked me to emphasize the thesis and not let it be called a project or culminating event. For that reason, I am changing the word in the titles of the 698 from Seminar to Thesis.

Finally, I have the responses below in Blue and the revised documents attached.

In a similar fashion, I would double-check all SLOs in the other syllabi that read as 'tasks' rather than learning outcomes and make edits where needed.

For EDAD 622C you are missing the "Student learning Outcome" header

Inserted

For 622A-C and 698 A-C

1. Please provide a catalog copy to clarify catalog impact

Done

2. These courses appear to be a sequence. Perhaps including that these courses are part of a sequence in the catalog description would help clarify the A, B, C.

For example, for 698A suggest including: "first in 3-course sequence of master's thesis writing"

Done. I worded it slightly differently. *"The combined EDAD 698 A, B, and C classes are equivalent to EDUC 698."*
