18. Reason(s) for changing this course:
 In the past, the posting of transfer credit at CSUSM was done very slowly, with the result that many transfer students could not clear the automated prerequisite checks to enroll in CHEM 175 if they had taken the equivalent of CHEM 150 and 150L at another institution. The "Enrollment Requirement" language avoided the automated prerequisite check. Now that CSUSM posts transfer credits promptly, we want to eliminate the "Enrollment Requirement" language so that the automated prerequisite check is performed on all CHEM 175 enrollments. The statement about not being taken for credit by students who received credit for 250L was moved to the end to conform with the placement of a similar statement in the description for CHEM 160.
