OFFICE OF EXTENDED STUDIES
EXTENSION COURSE PROPOSAL FORM

In planning the components of our Extended Studies program at Cal State San Marcos, this office consults closely with the academic colleges and departments to determine the suitability of course content, teaching methods and instructor qualifications. To assist us in evaluating your proposed course for credit, please submit this completed form—along with Form X: New Course Non-degree Credit—to our office as soon as possible. Questions before you submit? Call (760)750-4020.

- **Course Title:** NURS 1005 New Grad Clinical Residency

- **Course Description:**

  This course is designed for newly graduated nurses who are not yet employed but who are seeking a residency program at a Palomar Pomerado Health Hospital in the summer in preparation for possible employment in the Fall 2010. These newly graduated nurses are in the process of completing NCLEX state licensing examination to work as RN and the didactic and preceptored clinical experience will allow them to preserve and refine their clinical skills. The didactic content will present material necessary for new graduate orientation and to review material necessary for clinical practice in an acute hospital; setting. The preceptored clinical experience will allow for monitored clinical practice. This course will contain a minimum of 62 didactic hours and 280 hours of clinical practice.

- **Course Objectives:**

  At the end of the course, the student will be able to:

  1. Demonstrate competency in selected clinical skills including IV therapy, management of central and peripheral lines, and PCA pumps.
  2. Demonstrate appropriate and safe clinical techniques during administration of blood, heparin, other assorted agent, and
  3. Demonstrate appropriate and safe clinical techniques during the care of the diabetic and acutely ill respiratory patient including airway management, trachs and ventilators.
  4. Demonstrate appropriate and safe clinical techniques during the care of the patient receiving chemotherapy/biotherapy and those with orthopedic and neurological problems
  5. Demonstrate appropriate leadership skills through delegation, conflict resolution and functioning as a team member.
  6. Demonstrate appropriate critical thinking skills through problem solving in patient situations.
  7. Demonstrate appropriate professional skills through ethical patient care including end of life and palliative care situations
  8. Demonstrate appropriate clinical skills in caring for patients with cardiovascular disorders and in the recognition of cardiac dysrhythmias.

- **Evaluation:**

  Students will be placed with clinical preceptors in the clinical area who will evaluate the various clinical competencies. Clinical performance in the various areas will be rated as credit/non-credit.

**Course Length:**

This course will contain a minimum of 62 didactic hours and 280 hours of clinical practice.

- **Proposed Date(s):** Six week course starting July 12, 2010 through 8/20, 2010

- **Location:** Didactic and Clinical to be held at Palomar or Pomerado hospitals.
