

Campus Connect

2011-2012 Application

Deadline: June 1, 2011

Please fill out form below. To submit, press button at the top right of your screen AND print hard copy to obtain signatures at the bottom.

Campus Connect offers participants a broad, behind-the-scenes perspective of California State University San Marcos. Participants will learn how divisions and departments are interconnected and what other employees (faculty, staff and administrators) do to support the mission of the university.

Campus Connect meets one afternoon in late August and then meets one Friday afternoon each month September through May. Check the box if you will commit to full participation and attendance for the entire program.

Participation in Campus Connect is a two-year commitment. Each member of the 2011-12 class will facilitate one or more class sessions in the 2012-13 year. Planning will take place between June 2012 and the month(s) of the session(s) you facilitate. Check the box if you agree to participate in the planning session and lead a future session.
