Student ID Number

Directions

To declare a first major, place a "1" in the box next to that major and (if appropriate) concentration code.

To declare a second major, additionally place a "2" in the box next to the second major and (if appropriate) concentration code. Note that a second major must be a different major; it cannot be a second option, concentration, etc. in the first major.

Sign the form, and return it to the **Enrollment Services Information Center**, located in Craven Hall 5110.

Students are strongly advised to visit their program's department website, meet with an academic advisor (faculty or staff), and consult the CSUSM General Catalog to find out more about specific major requirements. Students are expected to be familiar with all requirements at the time the major is declared.

Signature of Advisor (Required for Business Administration majors only)
