

2023

CALIFORNIA STATE  
UNIVERSITY SAN MARCOS  
**COMMENCEMENT**  
MAY 19 & 20

# PRESIDENT'S MESSAGE

## *To The Graduates*

Dear graduate,

Congratulations! You did it – and we could not be more proud of your accomplishments. Today marks a milestone in your life and sets you on a path for an exciting and fulfilling future.

Earning a degree takes dedication and determination in the best of times. For more than two years, you had to overcome challenges never before seen in our lifetime. And, through it all, you showed amazing perseverance and resilience.

I am continually inspired by the creative thinking and work our students do to spark innovation, creativity and discoveries. As you embark on the next chapter of your lives, I know you will continue to work hard, take risks and ask questions.

Today, you join our more than 60,000 alumni who have gone on to be leaders in their communities and fields. Whether you are entering the workforce, going to graduate school or planning something else, I hope you will make use of this valuable network and remain connected to our campus.

On behalf of all of us at California State University San Marcos, congratulations again on this monumental achievement.

The world is waiting for you! Go Cougars!

Sincerely,

**Ellen J. Neufeldt, Ed.D.**  
**President**

### CALIFORNIA STATE UNIVERSITY SAN MARCOS VALUES

CSUSM is an academic community dedicated to the values of:

INTELLECTUAL ENGAGEMENT

STUDENT SUCCESS

INCLUSIVE EXCELLENCE

CULTURE OF CARE

INNOVATION

COMMUNITY ENGAGEMENT

STEWARDSHIP OF RESOURCES

SUSTAINABILITY & CLIMATE JUSTICE

# The University Mace

Following a long history as an article of war, by the 14th century the mace became a symbol of authority and pageantry that was used in processions by city mayors and other dignitaries. Academic institutions included the mace as an emblem of order and authority in ceremonial occasions. The first recorded use was at the University of Vienna in 1385.

The California State University San Marcos mace is mounted on

stage whenever degrees are granted or when the faculty is assembled in formal academic dress.

The chair of the Academic Senate or a chosen representative carries the formal mace while leading the faculty in the commencement recessional. The formal mace is made of walnut and brass. It bears the official seal of the university and is inscribed with the date the campus was founded.

## Academic Regalia and Ceremony

The caps and gowns worn by graduates and faculty are based on costumes used in universities of the 14<sup>th</sup> and 15<sup>th</sup> centuries, particularly at Oxford and Cambridge in England. This academic dress has been used in the United States from colonial times and was standardized by an 1895 Intercollegiate Code of Academic Costume. Like the military of medieval times with its pages, squires and knights, the academic world has long had three basic grades of dignity and achievement. These are undergraduates, bachelors and masters (or doctors). The distinction between masters and doctors is comparatively recent; both imply the right to teach.

Black is the most common color for academic gowns. There is no trimming on the gowns for bachelor's or master's degrees. For the doctoral degree, the gown is faced down the front with black or colored velvet and with three bars of the same across the sleeves. The color in the master's costume is restricted to the hood worn around the neck and down the back. This is edged with velvet or a color that indicates the subject area of the degree received and is lined with silk of the colors of the institution that granted the degree.

Doctors have a larger and more open hood lined, like the master's hood, with the colors of the degree-granting institution and trimmed with the light blue color that signifies the education discipline. As noted above, gowns have black or colored velvet on the sleeves and the front. Usually doctors will wear a gold tassel on their cap. In recent years, some universities have broken away from the traditional scheme and allowed their doctors to wear brighter, more original costumes; for instance, Yale's blue with black trim and Harvard's crimson and black.

Candidates for bachelor's degrees do not usually wear hoods.

## Academic Honors

California State University San Marcos recognizes students who have attained distinction by the awarding of Latin honors.

### There are three distinctions of Latin Honors

**Summa Cum Laude** (with highest praise)  
Requires a grade-point average of **3.9 to 4.0**.

**Magna Cum Laude** (with great praise)  
Requires an average of **3.7 to 3.89**.

**Cum Laude** (with praise)  
Requires an average of **3.5 to 3.69**.

**Honors designees** wear a gold cord.

**Class champions/Student philanthropists** wear a blue and white cord.

## Satia O. Austin

A champion and advocate for the people of North San Diego County and beyond, Austin was raised primarily by her single mother, an activist herself as a member of the Black Panther Party. Austin has always known the importance of being committed to a purpose and getting into “good trouble” when fighting for the right cause. As a mother, she instills in her own children the importance of giving and serving others.

Austin is an adjunct professor of history at Central Texas College while pursuing her doctorate in education at National University. Austin is well regarded for her lifetime commitment to the National Association for the Advancement of Colored People (NAACP),

where she has served in numerous capacities, including as the CA-HI State Advisor for the Youth & College Division, President of the North San Diego County Branch of the NAACP, and Region I Adult Representative for the National Youth Works.

Austin has given countless hours to improve programs, promote policy change, eliminate disparities for people of color, and coordinate events that benefit North San Diego County and its residents.

In 2022, Austin was recognized by the San Diego Business Journal as one of its top 50 Black Leaders of Influence.

## Simon Kuo

The Vice President of Corporate Quality at Viasat Inc., Kuo and many of his Viasat colleagues are strong supporters of California State University San Marcos, collaborating with the university and other industry partners to bring engineering to campus.

Kuo wanted to study engineering at a young age, and he was able to do so with guidance and assistance. As such, he is passionate about providing access to others who have that desire, which intersected well with CSUSM’s mission. He frequently raves about the achievements of the university to bring awareness and to bolster support from the community.

Kuo is a member of CSUSM Foundation Board. Before that, he served on the board of CSUSM’s College of Science and

Mathematics (now College of Science, Technology, Engineering, and Mathematics), where he participated in the initial task force to study the feasibility of bringing engineering to CSUSM. He is highly appreciative of the efforts of many to make engineering a reality at the university.

After receiving his B.S.E.E. from UCLA and Master of Engineering from Cal Poly Pomona, Kuo worked as an engineer in San Diego in telecommunications, scientific research and defense industries. He started working at Viasat in 1997 and has held various engineering and management positions. Kuo is also a member of Dean’s Advisory Board at UCLA’s Samueli School of Engineering.

## Nancy Sasaki

Since September 2018, Sasaki has served as the President and CEO of United Way of San Diego County, a nonprofit organization that works to spark breakthrough community action that elevates every child and family toward a brighter future.

Sasaki’s long tenure within the nonprofit industry includes serving as the former executive director of Alliance Healthcare Foundation (AHF) and the ACLU of San Diego and Imperial counties, and a 30-year career with Planned Parenthood in Austin, San Diego, Hawaii and Los Angeles.

Sasaki sits on the Board of Directors of the Regional Task Force on Homelessness, the San Diego Impact Investors Network and Early Childhood Funders workgroups at Catalyst, the Workforce Partnership Policy Board, and is on the Board of Directors for 2-1-1 San Diego, which is the region’s source for information and connections to community, health and disaster resources.

Sasaki earned her bachelor’s in education and master’s in community health from the University of Texas at Austin. She has a daughter and son-in-law living in Austin, and enjoys beach volleyball and tennis.

# COLLEGE OF SCIENCE, TECHNOLOGY, ENGINEERING, AND MATHEMATICS

Friday, May 19, 2023 | 9:00 a.m.

## PROCESSIONAL

## Interim CHANCELLOR'S MESSAGE *To The Graduates*

### DEAR CLASS OF 2023:

I offer you my most enthusiastic and heartfelt congratulations on achieving this consequential milestone on the journey of a lifetime.

Today, we celebrate you – and all the hard work, perseverance and scholarship that brought you here. You will undoubtedly look back on this occasion for many years to come, filled with a well-earned sense of pride in your accomplishments – and maybe even a sense of relief for attaining a goal that, at times, might have felt more than a little daunting.

As numerous forces upended our world, you held firmly onto your dreams and persisted in your studies through challenges none of us could have foreseen or imagined. You have by necessity developed and demonstrated skills – far beyond your academic work – that will ensure your continued success: resilience, flexibility, resourcefulness, patience and tenacity. Your resolve shines brightly as a symbol of hope and optimism. It is admirable. And it is inspiring.

Of course, you did not make this journey alone. We also recognize the faculty who deepened your knowledge and enabled you to see the world from new perspectives. We acknowledge the counselors, tutors, advisors, librarians, coaches and support staff who championed you at every turn. And we appreciate the family, friends and loved ones who encouraged you, uplifted you and supported you along the way. Please remember to thank these important people and let them know how much their support means.

This celebration marks a new beginning for you – a time to commence a new life, filled with opportunities and prospects made possible by your degree from the California State University.

With this rite of passage we call “commencement,” you will join a dynamic, global network of more than 4 million CSU alumni. They are a remarkable force for good, and I am certain your addition to their ranks will multiply their contributions to our communities, to our state and to the world. I ask that – in the Cal State spirit – you use the knowledge, skills and personal qualities you have developed to work for justice, seek opportunities to foster equity and always uplift and empower others. Stay connected to your campus and look for ways to give back. And whenever possible, support future generations who aspire to follow in your footsteps.

On behalf of the entire California State University, again, congratulations.

Sincerely,

**Jolene Koester**  
Interim Chancellor
