

Everyday TECHNOLOGY

You are invited to join the San Marcos Writing Project for its "Everyday Technology" workshop. The SMWP Tech Team will share some of the best technology/writing lessons from the past 10 years of the SMWP Summer Institute. Our goal is to share with you some of the most useful and practical ideas we've seen practicing teachers use in their classrooms.

The format of the class will be very open, with plenty of time for immediate hands-on **exploration**: Lessons & activities of various levels of difficulty will be presented, then you get time on the computers to investigate, examine, and experiment with the lessons you are most interested in or feel are most applicable to your teaching. The workshop will be held in a computer lab on the Cal State San Marcos campus so you can immediately practice what you are learning!

- Dates:** Saturdays: April 28th & May 5th
Time: 9:00 a.m. - 12:00 p.m.
Place: University Hall Computer Lab, CSUSM
Cost : \$95 (*Checks payable to UARSC; P.O.s accepted*)

REGISTRATION DEADLINE: FRIDAY, MARCH 30TH, 2012

Name: _____

School: _____

District: _____

Email: _____

Please send to this form & payment to:
