1.0 INTRODUCTION

The Federal Student Right-to-Know, Crime Awareness and Campus Security Act now cited as the "Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act," herein identified as the "Clery Report" requires institutions of higher learning to prepare, publish, and distribute a report concerning campus crime statistics and security policies on an annual basis through appropriate publications, mailings or computer network to all current students and employees, and all prospective students and prospective employees upon request. This report contains the annual report concerning specific campus crime and arrest statistics as well as information about campus policies and practices intended to promote crime awareness, campus safety and security.

This report complies with the provisions as codified: 1) United States Code Title 20, Chapter 28 Section 1092(f) as amended in 1992 and 1998, 2) United States Code of Federal Regulations, Title 34, Chapter VI, Part 668, Section 668.46, and 3) California Education Code, Sections 67380-67385. Copies of this report may be obtained from the University Police Department or by visiting the University Police Department Webpage located at: www.csusm.edu/police/Clery.htm

For the convenience of the reader, a complete copy of United States Code Title 20, Chapter 28 Section 1092(f) as amended in 1992 and 1998 is at the end of this report—Attachment II.

2.0 UNIVERSITY POLICE DEPARTMENT (*Policies Concerning Law Enforcement*)

Operating 24/7, the University Police Department is located at 441 La Moree Road, San Marcos. (east side of campus) Police officers are vested by the California State University Trustees with the authority and responsibility to enforce all applicable local and state laws with a special emphasis on the enforcement of laws involving weapons, alcohol, drugs and narcotics on University property and those areas contiguous to the San Marcos campus. University police officers have the authority and duty to conduct criminal investigations, arrest violators and suppress campus crime. **Police services for off-campus property that is immediately adjacent to the San Marcos campus are provided by the San Diego County Sheriff's Department.** (See Agreement in section 2.6 below) The University Police Department is computer linked to county, state and federal criminal justice agencies for access to criminal records, information on wanted persons, as well as stolen property and stolen vehicle information.

2.1 Police Authority

University police officers are duly sworn peace officers under California Penal Code Section 830.2(c). The sixteen (16) sworn police officers whose jurisdiction extends statewide, are armed and possess the same authority under the law as do municipal or county peace officers. The department subscribes to the standards of the California Commission on Peace Officer Standards Training (POST). Officers receive the same basic training as municipal and county peace officers, plus additional training to meet the unique needs of a campus community environment.

The University Police Department is the primary agency for reporting and investigating criminal activity occurring on the CSUSM campus. Officers patrol the main campus 24 hours each day, 365 days a year. The police department provides immediate response to all police, fire and medical emergencies. Accidents involving automobiles and bicycles are also investigated by the police department. Where criminal prosecution is sought, cases are regularly forwarded to the San Diego County District Attorney's North County Office for filing.

2.2 Police Department Mission Statement

The mission of the University Police Department at Cal State San Marcos is to protect and to defend the rights guaranteed in the Constitution of the United States and the Constitution of the State of California; to enforce the criminal laws of the State of California in the spirit they were enacted; to protect life and property; to prevent crime, to apprehend suspected criminal violators, and to aid community members whenever possible. The police department's logo, "Dedicated to Safety, Service and Education," serves as a cornerstone to advance the University's mission of teaching, research and community partnership to enhance student learning.

2.3 Patrol Division

Patrol is the largest division in the police department. A patrol officer's duties include protecting life and property, prevention of crime and keeping the peace. Patrol officers provide a wide variety of safety related services to the CSUSM community in addition to investigating crimes, enforcing criminal and traffic laws. When a crime is reported, a patrol officer will take the initial crime report which outlines the circumstances of the incident. When possible and as needed, the patrol officer will collect evidence, arrest offender(s) and later, testify in court.

2.4 Communications Division

The Communications Center is staffed 24-hours each day to respond to requests from the University community and to assist officers in the field. In order to help best serve the campus community, the Communications center asks that you dial 9-1-1 when there is an immediate risk to life or property. Examples include:

- Medical emergencies
- In-progress or just-occurred crimes
- Crime involving weapons
- Domestic violence
- Vehicle accidents
- Hazardous spills
- Fire or Smoke

Important Note: If you are dial 9-1-1 from a cellular telephone, your call is automatically routed to the California Highway Patrol. You must advise the CHP dispatcher of your location and the type of emergency so that your call can be rerouted to the proper police agency. If you call 9-1-1 by mistake DO NOT HANG UP! Tell the dispatcher that you called by mistake and that you do not have an emergency. If a person does not speak English you will be connected with an interpreter who can translate many different languages while the dispatcher remains on the telephone with you and the translator. If a person is using a Telecommunications Device for the Deaf (TDD) a dispatcher will answer and help the caller by using our TDD equipment which is conveniently located in the Communications Center.

2.5 Community Service Officer (CSO)

The police department employs approximately (14) CSUSM Student Community Service Officers (CSOs) who assist the police department in keeping the campus a safe place to live, study and work. CSOs can be identified by their identification card, which includes their photograph, name and badge number. They wear a distinctive grey uniform shirt with black pants. Shoulder patches display the University Police Department star with a "Community Service Officer" rocker.

In addition to providing escort services from dusk until 11:00pm, Monday through Saturday, CSOs also provide general campus patrol, parking enforcement, traffic control, building security, building lock/unlocks, crime prevention, and they assist with special events. While CSOs provide the majority of all community escorts, if an escort is requested after dark and a CSO is unavailable, a police officer will be dispatched to assist. Escort services can be obtained by dialing 4567 from any campus telephone or by dialing (760) 750-4567 from any cell or campus pay phone. You may also summon an escort by using one of the campus blue light "emergency" telephones.

2.6 Inter-agency Police Services Assistance Agreement

Pursuant to California Education Code Section 67381, the University Police Department has the responsibility to investigate all violent and non-violent crimes occurring on University property. Due to the sophisticated investigative resources required to properly investigate certain crimes, the University Police Department by agreement has arranged in certain circumstances for the assistance from the San Diego County Sheriff's Department.

Agreement

Pursuant to California Educational Code Section 67381, known as the Kristin Smart Campus Safety Act of 1998, the Cal State San Marcos University Police Department and the San Diego County Sheriff's Department have entered into the following agreement that affixes operational responsibility for the investigation of Part 1 violent crimes occurring on University property or ancillary properties that are leased, owned, controlled or operated by the University within the city limits of San Marcos.

Geographic Locations

Campus property is the geographical area bounded by South Twin Oaks Valley Road to the west, Barham Drive to the north, and La Moree Road to the east. The southern boundary is not clearly identified by a geographical feature such as a road; therefore, the attached map diagrams the southern boundary of the University campus. Ancillary properties include:

*435 E. Carmel Drive (CSU San Marcos Foundation)
233 South Twin Oaks Valley Road (Early Learning Center)
120 Craven Road (Student Health & Counseling Services)*

Operational Responsibility:

The Cal State San Marcos University Police Department shall be the primary reporting and investigating law enforcement agency for all crimes investigated on University property and properties that are leased, owned, controlled or operated by the University inside the city limits of San Marcos with the exception of willful homicides and officer involved shootings which shall be investigated by the San Diego County Sheriff's Department.

The San Diego County Sheriff's Department shall be the lead investigative agency when a criminal investigation requires the use of specialized equipment/tools, resources and/or expertise that in the opinion of the Chief of Police or designee is beyond the capability of the Cal State San Marcos Police Department to investigate. However, as a professional courtesy, the Sheriff's Department shall keep the University Police Department informed as to the progress of said investigation.

Both agencies shall continue to provide assistance or mutual aid as necessary when requested.

2.7 Emergency Operations Center (EOC)

The campus Emergency Operations Center (EOC) provides a central control point to assess and manage disasters or large scale emergencies. During a declared campus emergency, the EOC, or the most appropriate command site will be activated and staffed to the extent required. Designated and trained emergency management personnel will report to the EOC and the response will be directed and controlled through this command center. These designated managers will set priorities, manage resources, prepare a campus response and coordinate all campus operations. The campus EOC is equipped with phones, radios, computers, mobile generators, emergency supplies, and essential information that emergency personnel may need in managing any disaster.

3.0 REPORTING CRIMINAL ACTIVITY (*Policies for Reporting Crimes and Emergencies*)

For safety sake, community members are strongly encouraged to immediately report criminal activity, hate bias motivated incidents and any/all suspicious person(s) to the University Police Department. The University Police Department has primary jurisdiction and responsibility for investigating crimes and providing police protection and emergency services to the CSUSM community.

3.1 Reporting Emergencies

Police, fire or medical emergencies can be reported by:

- 1) dialing (760) 750-4567 from any telephone
- 2) dialing **911** from any campus telephone
- 3) dialing **911** from a pay phone will be answered by the San Diego County Sheriff's Department

When calling the San Diego County Sheriff's Department or CHP, the caller should advise the dispatcher that he/she is calling from the Cal State San Marcos campus.

- 4) dialing **911** from a cell phone will be answered by the California Highway Patrol
- 5) using any one of the more than (23) building emergency telephones
- 6) using the emergency intercom system found in most building elevators
- 7) using one of the (43) Blue Light Emergency call-boxes strategically located around campus and parking lots
- 8) off-campus calls for emergency assistance should be directed to the local law enforcement agency.

Remember to always be ready to provide:

- **Name, telephone number and location**
- **Describe the incident clearly and accurately**
- **Do not hang-up! Allow the dispatcher to end the call**

Special Note: "California law (11160 of the California Penal Code) requires prompt, mandatory reporting to the local law enforcement agency by health care practitioners (such as those at the Student Health Services) when they provide medical services to a person they know or reasonably suspect suffers from wounds inflicted by a firearm or is a result of an assault or other abusive conduct."

3.2 Reporting Non-emergencies

Non-emergencies can be reported to the University Police Department by dialing (760) 750-4567

3.3 Police Tip Line

If you have information about a crime and would like to remain anonymous, please don't hesitate and call the police Tip line all information is anonymous: (760) 750-TIPS - (760) 750-8477

3.4 Anonymous/Confidential Reporting

In certain instances, a crime victim may be reluctant to file a report fearing the "process" and/or loss of his/her anonymity. In such circumstances, crime victims are still encouraged to make a confidential report to one of the designated Campus Security Authorities. At minimum, crime victims will receive important counseling and referral information. Confidential reports are important because they provide valuable information that can enhance the safety of the community-at-large and such reports will (at least) provide a more accurate portrait of actual campus crime. (Remember, help is available, all you need to do is ask..)

3.5 Campus Security Authorities

Although we encourage the reporting of campus criminal activity directly to the University Police Department, in some instances members of the campus community may choose to file a report with one of the other Campus Security Authorities. Using the convenient and accessible "Clery Incident Report" form, all Campus Security Authorities can at minimum collect required statistical Clery data. This two page form (see attachment III) is available from the University Police Department Webpage at: www.csusm.edu/police/Clery.htm in a down loadable PDF format. Any reportable crime made to a Campus Security Authority can be immediately transmitted to the University Police Department via email, machine or campus mail.

For Clery reporting purposes at CSUSM, Campus Security Authorities have been designated as advisors to student organizations, athletic team coaches, Coordinator of Campus Recreation, Dean of Students, Student Activity Directors, Student Program Directors and any CSUSM employee who is either:

- a. A campus police department or campus security department of the University.
- b. Any individual who has responsibility for campus security but who is not a member of the campus police department or the campus security department. (e.g. parking enforcement staff, campus safety escort staff, special event venue security).
- c. Any individual specified in the University's statement of campus security policy as an individual to which students and employees should report criminal offenses.
- d. An individual of the University who has significant responsibility for student and campus activities. (e.g. student housing, student discipline, athletic directors/coaches and campus student judicial officials)

Note: Counselors with the CSUSM Student Health and Counseling Services are not considered "Campus Security Authorities," [668.46(4) Code of Federal Regulations] and therefore, not required to report statistics concerning incidents of sexual assault.

3.6 Staff and Faculty Disciplinary Referrals

In addition to the student administrative disciplinary referrals for alcohol, weapons, drugs and narcotics violations reported in **Table 13.11**, all institutions of higher learning are also required to report all similar administrative disciplinary referrals involving staff and faculty of the institution. Starting in October 2006, the CSUSM Annual Clery Report includes all employee referrals. See **Table 13.12 and 13.13**

3.7 Annual "Clery Notice"

The CSUSM "Clery Notice" is distributed (directly) via Internet email to all current students and current employees in October each year. In addition, the "Clery Notice" can be found at the University Police Department webpage: www.csusm.edu/police/Clery.htm as well as inside the Student Catalog of Classes.

“NOTICE OF THE ANNUAL CLERY CAMPUS SECURITY REPORT”

In accordance with the guidelines established by the California State University, Chancellor’s Office, and pursuant to federal law, identified as the “*Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act of 1998*,” all currently enrolled students, campus employees and all prospective students and prospective employees are entitled to request and receive a copy of the CSUSM Annual Campus Security Report.

The report contains crime statistics about certain specified crimes/incidents that have been reported to Campus Security Authorities over the past three years and which have either occurred on-campus, in off-campus buildings/property owned or controlled by the University, public property contiguous to the San Marcos campus and the CSUSM Southwest Riverside branch campus.

The report also contains policies and practices pertaining to campus security, crime reporting, alcohol and drugs, victims’ assistance programs, student discipline, campus resources, community safety alerts, crime prevention, access to campus facilities/properties as well as personal safety tips. The report encourages the reporting of all crime occurrences and it provides information on how and to whom to report crimes.

Copies of this report may be obtained in person from the University Police Department or on-line at the Police Department’s website located at: www.csusm.edu/police/Clery.htm

Annual Clery Security reports for the other campuses of the California State University system are also available on-line at: www.calstate.edu/clery/

3.8 Missing Persons

It is the policy of the University Police Department to accept all reports of missing persons without delay. However, the reporting party should be a spouse, family member, close friend, or roommate. Priority shall be given to investigating whose disappearance that are considered suspicious or when the person is considered at risk or foul play is suspected.

A missing student often has 1) a temporary on-campus residence, 2) a permanent family residence in another jurisdiction, yet, 3) he/she was last seen in a third jurisdiction. In order to ensure proper case follow-up and a quick resolution, jurisdictional responsibilities and investigative agreements need to be quickly reached between all the potential reporting jurisdictions.

Every case of a missing person poses unique investigative challenges that will dictate who, if any (spouse, roommates, family members, guardians, friends) will be contacted, interviewed and in what order. In cases that involve a missing adult student, the officer shall consider notification of the person’s parent(s) or guardian. However, cases involving a missing juvenile student, the parent(s) or guardian of the student shall be notified, as soon as it is practical to do so.

When the person’s disappearance is deemed to be suspicious, foul play is suspected, and/or the person may be “at-risk,” consideration shall be given to asking the San Diego County Sheriff’s Department for assistance, as described in the Interagency Assistance Agreement noted in section 2.6 above.

3.9 Police Daily Crime Log

The University Police Department maintains a daily activity log which is a record of all crimes reported to the police department which have occurred on campus property. The log reflects the time and date the crime was reported to the police department, the location and nature of the reported incident along with a case disposition.

The police department may withhold information from the daily log if the release of such information would jeopardize the safety of an individual or an ongoing criminal investigation. The police department’s daily log is open for public inspection during normal business hours.

4.0 Off-campus Criminal Activity from locations of Recognized Student Organizations

(Policies for Monitoring Crimes by Students at Off-Campus Sites)

The University Police Department does not track or monitor law enforcement proceedings against students for offenses that occur off campus other than by collecting the required statistics on crimes that occur at specified off-campus locations as required by the Clery Act.

5.0 CRIME PREVENTION

(Programs designed to Inform about Crime Prevention Programs and Security Practices)

Crime is a serious problem for which there are no easy answers or solutions. The University campus is not immune to crime; therefore, the prevention of crime is a top priority. All members of the CSUSM community are encouraged to take responsibility for their own safety, and when possible assist others with their safety needs. While the University Police Department may offer advice and assistance regarding campus safety, each individual has the primary responsibility for his/her own safety.

The police department supports a proactive crime prevention effort that works with members of the campus community to create a safe campus environment. Crime prevention/awareness programs begin with freshman orientation presentations. Topics of discussion include the Student Code of Conduct, academic dishonesty, civility, sexual harassment, sexual exploitation, substance abuse, alcohol and hate violence. Throughout the year, the University Police Department gives presentations and workshops regarding personal safety, self-defense, office safety, rape prevention, vehicle and residential security.

The University Police Department's effort to educate the campus community about incidents of crime, the importance of reporting crimes, (especially sex related crimes) and the prevention of crime is a "work-in-progress." The offices of the University Police Department, Student Affairs, University Village Apartments and the Dean of Students, are all active participants in this never ending effort. From freshman orientation to the graduation commencement years later, students are subjected to a continuous array of programs all designed to create a safer campus experience, examples include: Sexual Assault Awareness Week, Alcohol Safety Awareness Week, Hate Crimes Forum, Self-Defense Instruction, office/building security surveys, workplace violence prevention presentations, anti-theft presentations, and the CSO Escort Services to name a few.

5.1 Campus Safety/Education

The University Police Department Crime Prevention Officer works closely with the Dean of Students, the CSUSM Women's Center and other key campus departments to provide security and safety programs/presentations and workshops throughout the year. In addition, these campus units produce and publish brochures and pamphlets relating to crime prevention and personal safety. The following are a few examples of the programs available each year to the campus community:

Safety and Security Education Program presentations/collaborations by the University Police Department:

- CSUSM Freshman Orientation Training
- CSUSM/University Village Apartments Advising

Student Health & Counseling Services

Year long schedule of events

5.2 University Village Apartment Residents

Campus residents are reminded that crime can happen anywhere, at anytime to anyone and that the CSUSM campus is not a crime free zone. Residents must take very seriously their own personal safety. Since the campus is open 24 hours each day and visitation to campus housing facilities is mostly unrestricted, campus residents are advised to:

1. Keep room and apartment doors locked at all times
2. Ask strangers to wait in the common areas, restrict access to private areas
3. Keep valuables out of sight
4. Do not leave personal property in common areas
5. Suspicious activity should be immediately reported to the University Police Department

5.3 Escort Services

Escorts from Community Service Officers (CSOs) are available to community members from about the time it gets dark each night until approximately 11:00p.m. If you need an escort, please call: **(760) 750-4567** from any telephone, **4567** from any campus telephone, or any one of the blue emergency telephones located around campus.

5.4 Mexico Visits

To some, Mexico offers a cross-cultural exciting opportunity, but for others, a trip to Mexico simply provides the opportunity to legally enter bars and night clubs in order to drink alcohol. What needs to be remembered is that Mexico is a foreign country. Travel in Mexico presents potential risks for those who are unfamiliar with Mexican laws. The Mexican judicial system is different from the United States--their system does not presume a person is innocent until proven guilty--the reverse is true.

While the drinking age in Mexico is 18 years, public drunkenness, open container, urinating/spitting in public is illegal and violators could end up in jail. While in Mexico, avoid getting involved in any public disturbances, loud cursing, throwing bottles, fighting, littering and nudity. Drunk driving is considered a major violation of the law--you will go to jail. Penalties for the possession of drugs and/or narcotics are similar to trafficking—very severe!

If you choose to drive in Mexico, remember things are different; accidents are felonies. The driver of a vehicle involved in an accident who has been determined to be at fault must pay damages before being released from custody.

While sexual assaults can happen on either side of the border, visitors to Mexico need to remember that they are not protected by American laws or United States law enforcement while in Mexico. Young, inexperienced CSUSM students who drink and “party” in Mexico can quickly find themselves in an unsafe situation without help.

6.0 Crime Alert Bulletin (*Timely warnings*)

In order to safeguard the campus community by increased crime awareness and in order to meet our timely warning commitments, campus Community Alert Bulletins, (subject to the availability of accurate information) shall be distributed as soon as possible following the reported incident, but no later than noon on the next business day. The circumstances of any particular situation coupled with a police department's evaluation of the situation/threat potential will dictate the need, breath and manner for the issuance of a Crime Alert Bulletin. However, in general, whenever there has been a report of a violent crime or a major property crime on campus and the police department is of the opinion that the safety of the campus community is at-risk, a Crime Alert Bulletin will be issued.

The alert process typically entails a combination of 1) campus electronic mail notifications, 2) physical postings of bulletins in designated campus residential areas by UVA personnel and 3) electronic posting on the University Police Department webpage at: www.csusm.edu/police/ under Alerts/Bulletins.

Campus security authorities who receive reports of crimes are provided guidance on how to distribute “timely warning” crime alerts to the campus community.

6.1 Timely Warnings

Once the decision has been made to issue a crime alert bulletin, the following items shall be included, if available:

1. Description of the incident (type of crime, time, date and location, etc.)
2. Physical description (and name if possible) of the offender
3. Composite drawing or photograph of the offender
4. Connection to previous reported incidents
5. Description of victim and injuries (if relevant)
6. Date and time the campus crime alert was issued

6.2 Distribution Procedures

There is no (single) best method to distribute a Campus Crime Alert Bulletin; however, depending upon the circumstances of the particular case, crime alert bulletins will often be limited to a clearly defined segment of the CSUSM campus community, (e.g. crimes targeting campus resident students, crimes targeting labs, crimes targeting campus computer users or crimes that target uses of the Kellogg Library). However, in certain cases, the entire campus community maybe alerted, but in all cases, the Community Alert Bulletin shall be posted at the University Police Department webpage at: www.csusm.edu/police/

7.0 SEXUAL ASSAULT AND HARASSMENT PREVENTION (*Campus Sexual Assault Programs*)

CSUSM is committed to creating a safe and secure campus environment that is free from acts of intimidation or the fear of falling victim to a sexual assault or hate violence. The following offices contribute greatly toward this effort.

University Police Department	(760) 750-4567
Student Health & Counseling Services	(760) 750-4915
Dean of Students	(760) 750-4935
Director of University Village Apartments	(760) 750-3711

7.1 Sexual Assault Safety Procedures

Persons who believe they have been sexually assaulted should immediately report the incident to the University Police Department. The following is strongly encouraged.

1. Get to a safe place.
2. Call the police by dialing **911**
3. If you are not sure what to do, call the Rape Crisis Hotline - **(888) 272-1767**. The advocate will provide you with options and you will not have to give your name.
4. You can also call the CSUSM Student Health & Counseling Services for guidance and assistance.
5. If you are not sure about pursuing a criminal complaint, (but you might want to later) you are encouraged to immediately file a police report in order to obtain a medical evidentiary examination. You always maintain the right to change your mind and not to pursue a criminal complaint.
6. Do not eat, drink, bathe, shower, go to the bathroom, douche or clean up. As difficult as this may be, your body is a receptor of physical evidence that needs to be properly collected.
7. If you do not wish to make a report to the police, you are still encouraged to seek professional medical advice. It is important not to forget the possibility of sexually transmitted diseases and/or pregnancy. Note: All health care providers are legally required to report to the police all cases of suspected sexual or physical assault.

7.2 Sexual Assault Definition

In simple terms, any (actual or attempted intercourse, anal/oral copulation, penetration with a foreign object, digital penetration, sexual battery, or fondling) without consent is unlawful. The lack of consent can be demonstrated where the offender used force, fear, threats of violence, coercion or any form intimidation. Most important, a person who is under the influence of alcohol and/or drugs is unable to give consent.

7.3 Physical Evidence

The preservation of criminal evidence is essential and time sensitive to the successful prosecution of most sex offenses. University Police Department personnel have been trained in the proper identification, collection and preservation of such evidence. Considering the time sensitive nature regarding the collection of such evidence, it is essential that the police department be contacted as soon as possible.

Staff members from the CSUSM Student Health & Counseling Services are available to assist students who have fallen victim to a sex offense.

7.4 Sexual Assault Investigative Guarantee

If you have been sexually assaulted, you have the right to report the assault to the police department. As an encouragement to report sexual assaults, the University Police Department is committed to the following ten guarantees.

1. **WE WILL** meet with you privately and you may be accompanied by a personal advocate.

7.5 Administrative Considerations

Victims may also contact any Campus Security Authority for information and assistance regarding the filing of a criminal complaint and/or a confidential report. To initiate a complaint under the CSU Student Code of Conduct, persons should contact the Dean of Students.

Note: Any CSUSM student or employee who is suspected of sexual misconduct is subject to both criminal prosecution and disciplinary action under campus policies and regulations. Campus disciplinary action can be initiated even if criminal charges are not pursued.

A CSUSM student accused of sexual misconduct is subject to disciplinary action in accordance with the CSU Student Code of Conduct. The accuser and the accused are entitled to the same opportunities to have others present during a campus disciplinary proceeding, and both shall be informed of the outcome of any campus disciplinary proceeding brought forth alleging a sex offense. Student sexual assault victims also have the option of changing their academic or on-campus living arrangements after an alleged sexual assault, if such changes are reasonably available. [20USC, Ch. 28, Section 1092 (f)(8)(B)]

A CSUSM employee accused of sexual misconduct is subject to the applicable provisions and disciplinary action in accordance with University Policies and Procedures. Sanctions for sexual misconduct include, but are not limited to, warning(s), censure, demotion, suspension, or termination of employment.

7.6 Sexual Harassment

CSU San Marcos is strongly opposed to sexual harassment. Sexual harassment is a form of workplace discrimination, which is illegal under Title VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, and the California Fair Employment and Housing Act. Sexual harassment is also a violation of CSU policy. CSU San Marcos is committed to creating and maintaining a community in which all persons who participate in programs and activities can work and learn together in an atmosphere free of all forms of harassment, exploitation, or intimidation, including sexual harassment. Sexual harassment is defined by the University as unwelcome sexual advances, requests for sexual favors, and/or other verbal or physical conduct of a sexual nature when;

1. submission to or rejection of such conduct is made either explicitly or implicitly a condition of instruction, employment, or participation in other University activity; or
2. submission to or rejection of such conduct by an individual is used as a basis for evaluation in making academic or personnel decisions affecting the individual; or
3. such conduct has the purpose or effect of unreasonably interfering with an individual's performance or creating an intimidating, hostile, or offensive University environment.

The Office Human Resources and Equal Opportunity oversees the University's sexual harassment policy by providing education and assistance in investigating and resolving complaints. Any individual who has questions about sexual harassment or gender discrimination should contact HREO at (760) 750-4416 where you can obtain advice without filing a complaint. CSU San Marcos will take whatever action may be needed to prevent, correct, and if necessary, discipline an employee whose behavior violates our sexual harassment policy. 8.0 REGISTERED SEX OFFENDER INFORMATION (*Registered Sex Offender Information*)

8.1 Sex Offender Registration Laws

More than 50 years ago California began requiring all dangerous sex offenders to register with their local law enforcement agency. This registration requirement gave local law enforcement the ability to keep track of convicted sex offenders who were in their community. (Note: In most instances, registration is a lifetime requirement.)

In July 1995, for the first time, members of the public were provided limited access to certain offender information concerning registered sex offenders who live in their community by calling a "900" number operated by the California Department of Justice. This change came from the Child Protective Act of 1994. [290.4PC]

In May 1996, the California Legislature increased the public's access to sex offender information with the passage of Megan's Law. Megan's Law was named after 7-year-old New Jersey girl (Megan Kanka) who was raped and murdered by a known child molester who had moved across the street from Megan's family without their knowledge. In the wake of Megan's murder, California increased the public's access to sex offender information with enactment of 290.4PC.

In October 2000, the Federal Campus Sex Crimes Prevention Act 20 U.S.C. § 1092(f)(1)(I) amended Section 170101 of the Violent Crime Control and Law Enforcement Act of 1994. The Campus Sex Crimes Prevention Act required sex offenders who are required to register under state law to also provide notice of their enrollment or employment at any institution of higher learning in the state where he/she resides starting in October 2002. Institutions of higher learning are required to issue a statement in their annual Clery Report detailing where members of their campus community can obtain information concerning registered sex offenders. [20 U.S.C. § 1092(f)(1)(I)]

In 2001, the California Legislature amended its registered sex offender laws to satisfy the federal law requirements. On October 28, 2002, sex offenders who resided on campus were required to register with campus law enforcement. This new law also expanded the registration requirements for all campus affiliated sex offenders to register with the campus police department. [290.01(a)PC]

Every person who is required to register in California as a sex offender and who:

1. resides on CSUSM campus property, or
2. is enrolled as a student at CSU San Marcos, including Southwest Riverside Branch classes, or
3. is a full/part time employee at CSU San Marcos (with/out compensation), or
4. carries on a vocation at CSU San Marcos for more than 14 days, or for an aggregate period exceeding 30 (total) days in a calendar year, shall register with the campus police department.

In October 2003 an amendment was added to Penal Code Section 290.01. Subsection (d)(1)(a) provided that the campus police department (may) in certain instances release registered sex offender information (all categories) to members of the campus community. (See attachment IV)

In 2004, the California Legislature further amended its registered sex offender laws and directed the California Department of Justice to make available by July 1, 2005 via an Internet Web site certain specified information about certain sex offenders available to the public. On January 1, 2005, the Web site was launched at: www.ag.ca.gov with the information of more than 63,000 sex offenders.

9.0 HATE VIOLENCE

CSUSM's Community values places a great emphasis on the value of diversity, assessing one's culture and the celebration of difference. However, the reality is that anyone and anytime can be the target of a hate crime or a bias motivated incident. Unlike other crimes that target individuals, hate crimes and bias motivated incidents negatively affect the entire CSUSM campus community. While the CSUSM campus is not immune to such opportunistic acts, the low number of reported occurrences provides an antidotal glimpse that we have made great strides toward the creation of a campus environment that is more tolerant of individuals, groups, cultures and ideas.

9.1 Reporting Hate Violence

Reporting hate violence is a crucial component in the development of a more tolerant society and a hate free campus environment. If you have been the target of a hate crime or hate bias motivated incident, you are encouraged to report the occurrence to the University Police Department or to any designated Campus Security Authority. Reporting note: Under the Clery Act, the Federal Department of Education does not collect hate violence statistics for crimes other than (Murder, Manslaughter, Sex offenses, Robbery, Aggravated Assault, Simple Assault, Burglary, Motor Vehicle Theft, Arson), and to date, the Federal Department of Education does not collect statistics regarding hate motivated incidents.

10.0 CAMPUS FACILITIES ACCESS AND SECURITY *(Security of and Access to Campus Facilities)*

10.1 Security and Access to campus Buildings

Most university facilities are open to the public during the day and evening hours when classes are in session. During the times the University is officially closed, buildings are generally locked and only faculty, staff and some students with proper ID are permitted access. The campus "access control" system provides electronic access to some campus buildings and labs, this system is monitored by the University Police Department. All campus buildings are equipped with card key access and door alarms that report to the University Police Department. In addition, many offices, labs, computer rooms have alarm systems as well.

Lighting improvements are constantly being evaluated. Improvements have included the placement of high intensity sodium vapor lights in parking lots and in areas with heavy landscaping, trees and pathways frequently traveled by members of the campus community. Outdoor "Blue Light" emergency telephones are located in all campus parking lots. Facility Services Department has the responsibility to maintain campus buildings and grounds with a concern for safety and security. Facilities will respond to reports of potential safety and security hazards, such as broken windows, locks and lighting problems.

To report a potential hazard, call Facility Services during business hours at (760) 750-4600. After hours, please call the University Police Department at (760) 750-4567

10.2 Residential Apartments

University Village Apartments is a large campus residential housing complex with approximately 620 students. This campus residential housing complex has caused the police department and UVA personnel to work closely together to create a safe and comfortable living and learning environment. Security in residential areas is supplemented by live-in resident advisors.

Theft is the most common crime problem in the residential areas; therefore, precautions should be exercised at all times. Residents are encouraged to be watchful and cautious--be aware of your surroundings and the presence of unknown persons.

10.3 Solicitors

Door-to-door solicitation is prohibited at CSUSM. Residents are encouraged to report the presence of such persons to UVA personnel and/or the police department. Residents are also advised to keep their hallway and apartment doors locked at all times. Residents are encouraged not to hesitate to ask for assistance from any UVA staff member, Resident Advisor, Community Safety Officer or CSUSM Police Officer.

10.4 Fire Safety

The California State University, San Marcos has a proactive Fire/Life Safety Program developed and maintained by Risk Management and Safety Department. This program is designed to ensure that all faculty, staff, students, and visitors to the campus are provided with at least the minimum required levels of protection, but often significantly higher levels. All campus buildings (including residential apartments) are fully protected by fire sprinklers and smoke alarm systems. Student residents receive fire/life safety handouts at move-in and they are required to participate in an annual fire drill.

11.0 ILLEGAL WEAPONS

University policy and California state law prohibits the possession or control of any firearm, deadly weapon, explosive device, fireworks, nunchakus, metal knuckles, shuriken, billy club, sap, or any other deadly weapon or prohibited knife, while on the property of the California State University, San Marcos, (including campus housing) except as required in the lawful course of business or as authorized by the CSUSM Chief of Police.
[626.9 PC, 626.10, 12020 PC]

In addition, it is a violation of University Village Apartment complex for any resident to possess or have control of a Pellet gun, BB gun, slingshot, or bow and arrow in the residential areas.

12.0 SUBSTANCE ABUSE (Policies on Alcoholic Beverages, Illegal Drugs and Drug/Alcohol Abuse Programs)

12.1 Policies

The CSUSM campus has been designated “**Drug free**” and only under certain circumstances is the consumption of alcohol permitted. The possession, sale, manufacture or distribution of any controlled substance is illegal under both state and federal law. Campus affiliated violators are subject to University disciplinary action, criminal prosecution, fine and incarceration.

It is unlawful to sell, furnish or provide alcohol to a person under the age of 21. The possession of alcohol by anyone under 21 years of age in a public place or a place open to the public is illegal. It is also a violation of the CSUSM Alcohol Policy for anyone to consume or possess alcohol in any public/private area of campus without prior University approval. Organizations or groups violating alcohol/substance policies or laws may be subject to sanctions by the University.

12.2 Enforcement

The possession, sale or the furnishing of alcohol on the University campus is governed by the CSUSM Alcohol Policy and California state law. Laws regarding the possession, sale, consumption or furnishing of alcohol are controlled by the California Department of Alcohol and Beverage Control (ABC). Although, the enforcement of alcohol laws on campus is the primary responsibility of the University Police Department.

12.3 Education

CSUSM students and employees with substance abuse problems (including alcohol) create a health and safety risk for themselves and others. Such abuses can also result in a wide range of serious emotional and behavioral problems which is why CSUSM makes available to students and employees a wide variety of alcohol and substance abuse programs. These programs are designed to discourage the use of illicit substances and to educate students and others as to the merits of legal and responsible alcohol consumption.

CSUSM Student Health & Counseling Services provides counseling and referral services to students who suffer from a substance abuse problem. Group and individual counseling sessions are available to students at no cost. All information regarding any contact or counseling is confidential and will be treated in accordance with University policy, state and federal laws. A student's decision to seek assistance will not be used in connection with any academic determination or as a basis for disciplinary action.

CSUSM employees who have substance abuse problems are encouraged to seek assistance through the CSUSM Employee Assistance Program (EAP) where counseling, referrals and other valuable services are available.

13.0 CRIME STATISTICS (Collection of crime statistics for the Annual Report)

The University Police Department has the responsibility to identify reportable crimes, collect and report crime statistics to the Department of Education, FBI and to the general public. Reporting requirements (types of crimes, definitions, and geographic locations) vary depending upon the governmental recipient. FBI mandated reporting is different from the Federal Department of Education-Clery reporting. Example, Clery reporting requires the reporting of student disciplinary referrals that are not required by either state or federal law enforcement. Clery also mandates the collection of crime data from non-law enforcement personnel, identified as "Campus Security Authorities."

This report contains crime statistics compiled from the 2006 calendar and a reprint of the previous two calendar years crime statistics. The crime statistics reported in **Sections 13.1 - 13.17** have been compiled from data collected from three (3) reporting sources, the University Police Department, the San Diego County Sheriff's Department and from CSUSM (non-police) Campus Security Authorities. Crime statistics reported in tables found in **Section 14** have been collected from the CSU Southwest Riverside Branch campus and the Riverside County Sheriff's Department.

Crime statistics gathered by the University Police Department are collected and reported on an annual/calendar year basis. Since San Diego County law enforcement agencies all have equal access to city and county crime statistics via a countywide law enforcement computer network called ARJIS (Automated Regional Justice Information System), crime statistics can be directly accessed from computer terminals at the University Police Department. Crime statistics for "**public property**" column #4 of each table have been collected from ARJIS crime data. CSUSM Campus Security Authorities (section 3.5 above) report "reportable crimes" using the CLERY INCIDENT REPORT form available at: www.csusm.edu/police/Clery.htm Any reportable crime made to a Campus Security Authority can be immediately transmitted to the University Police Department via fax machine. **(760) 750-3012**

- (15) This subsection may be cited as the "Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act".

One purpose of CLERY is to encourage reporting and the accurate collection of campus crime statistics to promote crime awareness and to enhance campus safety through reliable statistical records. The purpose of this report form is to provide a uniform procedure for documenting the (What, When, Where) of certain reportable crimes and/or non-criminal hate motivated incidents that have occurred within one of the four reporting locations and which have been reported to a Campus Security Authorities (CSA) other than the University Police Department. Data collected on this form is to be used to increase public safety, not to identify the victim, therefore, no personal identifying information shall be included on this form.

It is the policy of CSUSM to encourage victims and/or witnesses to crime(s) to report such crimes to the police and/or to a designated Campus Security Authority. (A complete list of Campus Security Authorities can be found in the Annual Clery Report which is available at www.police.csu.edu. For the purposes of CLERY, CSA's are required to document certain reportable crimes and non-criminal hate motivated incidents which have been reported to them and which have occurred in the following locations:

- 1) On-campus property: Offense statistics for any building or property owned or controlled by the University within the same reasonably contiguous geographic area and used by the University in direct support of, or in a manner related to, the University's educational purpose, including buildings or property the location described herein that is owned by the University but controlled by another person and which is frequently used by students. (Excluding residential apartments).
2) On-campus residential apartments
3) Non-campus property: Offense statistics for non-campus property or building owned or controlled by the University that is frequently used by students and is not within the same reasonably contiguous geographic area of the institution, or any building/property that is owned or controlled by a student organization that is officially recognized by the institution.
4) Public property: Offense statistics for public property located immediately adjacent to and accessible from campus, including: thoroughfares, sidewalks, streets, lands, parks and beaches.

For CLERY purposes, the student status (yes/no) of the offender or the victim is not a relevant fact as to whether or not this report form is to be completed. If a violation of one of the 14 highlighted violations occurs, documentation is required.

CLERY documentation is not satisfied by simply directing/referring the reporting party to the police department. In order for CSUSM to satisfy the statistical reporting requirements of the Clery Act, all CSA's are required to complete this form when any of the specified offenses list below are reported to them. Nonetheless, a person reporting a crime shall also be encouraged to report the crime to the University Police Department.

Sex Offense: Sex offenses are of special concern to the campus community because they have been historically under reported. The victim of a sex offense typically desires confidentiality and anonymity, as a result he/she will often seek a reporting source other than law enforcement such as a designated Campus Security Authority. Because the sex offender may continue to pose a threat to the community, the threat potential needs to be evaluated and the campus community alerted/warned as necessary. In this regard, the following additional information is requested.

Known offender (friend, classmate, acquaintance, date, etc.), CSUSM affiliated (student, staff, faculty), Unknown offender (stranger), Victim was not injured (excluding emotional/psychological trauma), Victim was injured - Describe injuries, Alcohol involved, Drugs involved, Narcotics involved, Weapon involved, Describe weapon, Offender, Victim, Yes, No
