

TRIO SSS FALL NEWSLETTER 2011

Director's Message

Welcome to Fall 2011!

The SSS team is always excited to begin a new year. We truly enjoy our “partnership role” with our students as we help you reach your goals. And did you know that we count on your feedback to help us revise, improve or change what we offer in the program so that it better serves you? In fact, in the Fall 2010 semester, working in collaboration with the National Latino Research Center (NLRC), SSS conducted a survey to find out what you liked best about staff and services. According to the results, we learned that:

- *94% of the students agreed they could trust the SSS staff and agreed that SSS staff is knowledgeable about university requirements.*
- *92% of the students stated that SSS staff is knowledgeable about the campus resources.*
- *91% of the students agreed that SSS staff demonstrated sensitivity to their unique needs as a student from a first generation, low income and or/disability background and helped to clarify how to reach their educational goals.*

In addition, students who responded to the survey shared with us what they felt were the most important SSS services. We were pleased to see that the top TWO services that the student seemed to appreciate (Advising / Counseling and Priority Registration) actually go hand-in-hand! In other words, if you come see the SSS staff early in the semester, you will “earn” Priority Registration! Other services that made it into the “Top Ten” included SSS sponsored cultural enrichment activities, mentoring and tutoring.

Furthermore, shortly before the fall semester started, we asked many of you to share with us “what has worked to help you to be successful”. Here are some of your quotes:

“They (the SSS staff) frequently send out e-mails that contain information about scholarships, resources and workshops that are on campus. They always make themselves available when I have questions or I need academic advising. SSS is like my home on campus.”

“The summer transition program helped me adjust to the “college world” before the semester started.”

“It was important to me to have an SSS counselor who was invested in helping first generation students succeed. Mostly SSS made me feel supported and gave me the confidence to believe I could do it.”

“Based on my personal experience, supportive, caring and invested staff helping students is what got me through college and what continues helping me in graduate school.”

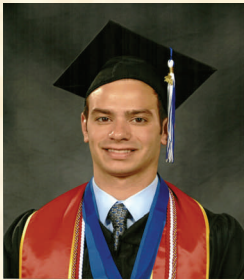

While we are pleased with the overall “good report card” from our students, we are always striving to improve. Our goal is to provide you with the BEST services that can be offered! So whether this is your first semester or your last, please continue to share with us! The program will become even stronger through our combined efforts.

Best wishes for a successful semester. The SSS team looks forward to seeing you soon!

MORE QUOTES FROM YOU—ABOUT US...

“ All SSS staff members have been there for me when I needed them for important things in my life, things with school, even through email they would respond to me within a day; and that’s a big plus for me .I also enjoy how they don’t address us students as a counselor but as a friend and they truly are people I can come to with anything and most importantly people I can trust.”

“Being that I am a first generation college student, staff have been very helpful in providing resources for funding and academic counseling to ensure I am geared in the right path to graduate.”

“ By listening to my situation and offering support . Sometimes you just have to have someone listen and understand makes a big difference.”

“They (SSS staff) know I need lots of information and help me with all my financial aid questions. I feel as if they genuinely want to help me out.”

“I feel they (SSS Staff) understand my needs they take us into perspective and make sure that we never feel let down, and keep pushing forward, they are highly motivating and will help in any way that they can do so.”

“They (SSS Staff) are there not only to help you throughout school but they are also there to help you with your life.”
