### **Agenda items:**

- Academic Excellence and Student Success Fee Presentation – Graham Oberem

Graham Oberem presented an overview of the fee which included: the need to protect critical priorities that are under increased pressure, that the fee would be phased in over three years, the alternative consultation process and timeline. SFAC will be kept abreast as the fact finding phase progresses throughout the spring. ASI members will consult with colleagues at other campuses where the fee has been implemented.

- Review of fee fund balances and determine if further information on any needed

The committee reviewed fee balances from 2011-12 to identify any outliers needing further explanation. This item will be discussed again next meeting after additional information is gathered.
