Re: Changes in the course descriptions for EDMI 522, 543, 544, and 545

The School of Education Middle Level Education program is the only one in the state of California that specifically prepares students to teach in middle schools (typically grades 6-8). Because the state does not offer a credential specific to the middle grades, most districts hire teachers with either a Multiple Subject credential—focused on elementary school—or a Single Subject credential—focused on high school.

Since the program's inception in 1991, graduates have earned a Multiple Subject credential and added a Single Subject credential or a Subject Matter Authorization. The definitions and nuances of these documents are not pertinent to the issue at hand but can be provided upon request. Also since the beginning, the Commission on Teacher Credentialing has accepted EDMI 522, 543, 544, and 545 as the required departmentalized pedagogy courses required to earn a Single Subject credential.

In November 2016, the Commission on Teacher Credentialing changed its policy and asked the Middle Level program to make a minor change to each course description. We were asked to remove the word "self-contained" in order to emphasize that the content focused on teaching the content in departmentalized settings. This change does not affect the course content, schedule, materials, or instructional processes.

Therefore, we request that both the CEHHS Curriculum Committee and UCC approve the minor change to the course descriptions for the above referenced courses. Specifically, to approve the removal of the word "self-contained" so that the description for each class reads, in part:

> This course focuses on developing an understanding of theory, methodology, and assessment of (specific content area) **in departmentalized settings**.

Instead of:

> This course focuses on developing an understanding of theory, methodology, and assessment of (specific content area) **in self-contained and departmentalized settings**.
