Hi Lourdes,

I am growing concerned about the overall picture emerging from COEHHS with curricular duplication. However the faculty I spoke with did not object to this course despite the overlap (see below).

This looks like an important topic that has overlap with Soc., but as Don suggests, we don't seem to be able to sustain such courses with a critical mass of students. Given this reality, I don't think we have grounds to oppose Nursing in offering it.

Hi Sharon,

David asked that I send you the attached topic, to be offered through Extended Learning, for your review. Please let us know if you have any comments and/or concerns.

Thank you.

Lourdes
