

Still Looking for Classes?

Using the Degree Planner and Schedule Assistant

After following the "How to Enroll the Cougar Way" steps, and still looking for classes, use any of the following strategies to finalize a class schedule:

Strategy 1: Monitor My Class Schedule closely

Continue to monitor the existing enrollment status and waitlist position by checking **My Class Schedule**. Be cautious of factors that prohibit enrollment in a waitlisted course: time conflicts, unit limits, and/or prerequisite issues.

AMD 103 - INTRO TO SCULPTURE					
Status	Units	Grading	Grade	Requirement Designation	
Enrolled	00	Graded		C1 - Fine Arts	

ANTH 200 - CULTURAL ANTHROPOLOGY					
Status	Waitlist Position	Units	Grading	Grade	Requirement Designation
Waiting	2	00	Graded		D7D-Inter-Discipline or Disc-Specific Soc Science .

Strategy 2: Regenerate Schedules to find other sections of that same class in Schedule Assistant

Open Schedule Assistant. Under Current Schedule, uncheck the previously waitlisted courses and keep enrolled courses checked. Under Courses, remove the courses already in Current Schedule. Click Generate Schedules. Choose a schedule and proceed to the enrollment process.

The screenshot shows the Schedule Assistant interface. Under the 'Courses' section, 'Anthropology 200' and 'GE Writing 101B' are unchecked, while 'Mathematics 125' is checked. Under the 'Breaks' section, 'work' is checked. The 'Current Schedule' table shows 'Mathematics 125' sections 21A and 20 as 'Wait Listed'. A 'Generate Schedules' button is at the bottom.

Status	Subject	Course	Section	Component	Day(s) & Building(s)
Enrolled	General Educ. Life Long Learn	101	03	LEC	TTh 4:00pm - 5:15pm - Academic Hall 317
Wait Listed	Mathematics	125	21A	LE2	F 2:30pm - 4:20pm - Markstein Hall 106
Wait Listed	Mathematics	125	20	LEC	MW 2:30pm - 3:20pm - Soc & Behavioral Sci Bldg 1102

Strategy 3: Adjust filters and breaks for more flexibility in Schedule Assistant

In Schedule Assistant, adjust filters and breaks to expand the class search. Generate Schedules. Choose a schedule and proceed to the enrollment process.

Course Status Open Classes Only
 Sessions 1 of 2 Selected
 Instruction Modes All Instruction Modes Selected

Edit

Strategy 4: Make a new class selection from that same requirement line in the Degree Planner

Return to Degree Planner. If the requirement was from a line that had more than one class selection option, click Select again to find a different open course from that list.

Fall 2021

In Progress Units 12.00 Planned Units 3.00 Target Units 16.00

Once you have made your course selections, click on the ARR PLANNED LINK (top of page), to confirm that your selections sufficiently meet your degree requirements for the major/minor.

In Progress: HD 301, HD 302, HIST 131, MUSC 120

Requirement	Notes	Critical	Units	Course	Info	Select Course	Lock	Advisor Message	Remove
GE Science B1 (NOTE: The B1 and B2 courses should be chosen so that one of these also satisfies the laboratory (B3) requirement.)			3	GES 101	i	Select	<input checked="" type="checkbox"/>		

Choose a new course, and reopen Schedule Assistant to refresh.

select GES 100 The Physical Science Around Us 3 units GE B1 Physical Science
 One GE science lab (B3) required for either B1 or B2.

Under Courses, delete the prior course list and a prompt will display to import the new class. Under Current Schedule, uncheck the waitlisted course to be replaced. Keep the rest of the Class Schedule checked so the Generator can filter through the other enrolled classes. Generate Schedules and proceed to enrollment.

Edit

Your Degree Planner shows 2 courses for Spring 2019, [click here](#) to load them into your course list.
 Note: Planned courses that are not offered for Spring 2019 are not included in the course count above and will not be loaded into your course list.

Current Schedule

Status	Subject	Course	Section	Component	Day(s) & Building(s)
<input checked="" type="checkbox"/> Enrolled	General Educ. Life Long Learn	101	03	LEC	TTh 4:00pm - 5:15pm - Academic Hall 317
<input checked="" type="checkbox"/> Wait Listed	Mathematics	125	21A	LE2	F 2:30pm - 4:20pm - Markstein Hall 106
<input checked="" type="checkbox"/> Wait Listed	Mathematics	125	20	LEC	MW 2:30pm - 3:20pm - Soc & Behavioral Sci Bldg 1102
<input checked="" type="checkbox"/> Wait Listed	Spanish	101	04	LEC	MW 12:30pm - 2:20pm - Markstein Hall 211

Strategy 5: Arrange Degree Planner to find a different requirement to consider

In Degree Planner, click Arrange My Plan. Drag the first listed course up from the following semester and into the current semester. Remember that coursework is recommended in priority order (check prerequisites and offerings). Move the requirement line not taken down to the next semester. Make a class selection if necessary.

Fall 2021 (in progress units: 12 + planned units: 3, target units: 16)

GE Science B1 (NOTE: The B1 and B2 courses should be chosen so that one of these also satisfies the laboratory (B3) requirement.) Selected: GES 101 UNITS: 3

Spring 2022 (planned units: 15, target units: 15)

GE Science B2 (NOTE: The B1 and B2 courses should be chosen so that one of these also satisfies the laboratory (B3) requirement.) Selected: ANTH 240 UNITS: 3

Under Courses, delete the prior course list and a prompt will display to import the new class. Under Current Schedule, uncheck the waitlisted course to be replaced. Keep the rest of the Class Schedule checked so the Generator can filter through the other enrolled classes. Generate Schedules and proceed to enrollment.

Strategy 6: Monitor the Class Schedule regularly

The Class Schedule is a live environment where students are continuously adding and dropping classes. Continue to regularly monitor the class schedule for open seats in classes.
