LUISEÑO PAYÓMKAWICHUM

We acknowledge that the land on which we gather is the traditional territory of the Luiseño/Payómkawichum people. Today, the meeting place of California State University San Marcos (CSUSM) and its surrounding areas is still home to the six federally recognized bands of the La Jolla, Pala, Pauma, Pechanga, Rincon, Soboba Luiseño/Payómkawichum people. It is also important to acknowledge that this land remains the shared space among the Kuupangaxwicheh/Cupeño and Kumeyaay and Ipai peoples.

Below is a map of Southern California tribal lands and where CSUSM is located within those lands.

LAND ACKNOWLEDGEMENT

LETTER FROM
DR. JOELY PROUDFIT,
 AIS DEPARTMENT CHAIR
 AND CICSC DIRECTOR

Welcome to the American Indian Studies (AIS) program at California State University San Marcos (CSUSM). CSUSM offers a major and a minor in American Indian Studies as part of the College of Humanities, Arts, Behavioral and Social Sciences. California State University San Marcos has the highest American Indian enrollment in the California State system. We support our students with courses designed and delivered by national and internationally recognized scholars in collaboration with the eighteen federally recognized tribes in San Diego County. By embedding our scholarship in grassroots community acknowledged priorities, the AIS program reflects a solid investment in Tribal voices as we prepare students who will engage and work with California's Tribal nations. We are dedicated to preparing our students for lifelong learning by incorporating strategies for success that reflect Tribal culture and values. The strength and vitality of AIS is due in no small part to the many important contributions of our faculty and staff. We're continuously transforming and improving our ability to innovate, to expand and to sustain our Tribal cultures and traditions. With this publication we share programs, policies, and supports offered to our students. The American Indian Studies Program at CSUSM is more than just a set of courses; it is place where you begin to build a career, where you find opportunities to create lifelong friends, and where you begin to make a difference.

WHY YOU SHOULD CONSIDER MAJORING (DOUBLE MAJORING) IN AMERICAN INDIAN STUDIES

The major in American Indian studies provides a critical academic field of study, intellectual engagement with, and place-based understanding of, American Indian epistemologies.

Graduates will investigate the formation of tribal sovereignty and the culture and identity of tribal nations, communities, and peoples as distinct political and cultural groups in the Americas. Graduates will gain both knowledge about, and experience working with American Indian communities.

Graduates will be prepared to work with a politically distinct segment of the population in a variety of fields, such as health care, education, media, arts, environmental, business, non-profit public service organizations, and government. The capstone course for the major provides a rigorous option for students to demonstrate their applied knowledge through experiential learning and community engagement.

WHAT CAN A MAJOR/MINOR IN AMERICAN INDIAN STUDIES DO FOR YOU

Interested in a career in law, public policy, politics, journalism, education, public health, social work, international relations, community organizing, public relations, urban planning, and other specially engaged careers? American Indian Studies is a dynamic and interdisciplinary field of study that allows students to critically examine the complex political status of American Indians as sovereign nations in the US. The AIS Minor/Major is especially committed to developing critical thinking skills and compassionate social engagement with tribal communities, governments, and peoples.

WHY YOU SHOULD MAJOR
 OR DOUBLE MAJOR IN AIS

2017

The American Indian Studies (AIS) Department launched the AIS Major in Fall

The Mission of the American Indian Studies Department is to provide students with a research, community- and place-based program of study through an integrated approach to understanding tribal knowledge about the diverse history, government-to-government relationship, community, culture, and social needs of American Indians in California and the U.S. with the goal of working effectively with and for tribal communities as they interface with non-Indian communities to exercise tribal sovereignty.

The American Indian Studies Department values tribal knowledge as place-based, autonomous, and linked to core values of respect, reciprocity, relationships, and responsibility. Our Core Values inform our program student learning outcomes.

ABOUT AMERICAN INDIAN STUDIES

Core Value #1: Responsibility:

Create culturally intelligent and competent students who decolonize and deconstruct dominant cultural colonial paradigms and perspectives by identifying, explaining, and distinguishing between diverse American Indian epistemologies across multiple fields of study to develop life and career skills.

Core Value #2: Relationships:

Describe and apply authentic, empathetic, and innovative solutions to real world issues that affect American Indian lifeways by combining learning and innovation skills such as critical thinking, communication, collaboration, and creativity.

Core Value #3: Reciprocity:

Analyze, synthesize, and apply American Indian Studies' theoretical frameworks in experiential and/or community engagement and research to support tribal community needs and programs by utilizing experiential learning frameworks to activate change.

Core Value #4: Respect:

Utilize appropriate analytical and research strategies to critically assess a variety of knowledge and information from a variety of diverse resources to evaluate the legal, political, ethical, and social efficacy of American Indian Studies methods to create and/or sustain

PSLO 1: Describe the legal foundations of American Indian political identity through an analysis of tribal sovereignty.

PSLO 2: Apply American Indian epistemologies and other forms of knowledge to evaluate contemporary issues in American Indian communities.

PSLO 3: Recognize and evaluate the historical, cultural, social, economic and political contributions of American Indian leaders, writers, artists, and activists.

PSLO 4: Identify stereotypes about American Indian peoples and explain their historical production and contemporary manifestation.

PSLO 5: Apply research skills through community engagement and experiential learning environment to communicate knowledge about American Indian sovereignty.

American Indian Studies (AIS) at CSU San Marcos is committed to Indigenous academic excellence and community based participatory research. A Major and Minor in AIS are offered. Our goal is to create culturally intelligent graduates who will contribute to the workforce, including providing leadership to Tribal Nations and Indigenous organizations. Our courses include tribal community engagement—with guest lectures, field trips, participatory research, and service-learning activities. Our department collaborates with Native communities, California Indian Culture and Sovereignty Center and engages students in scholarly academic activities that promote and strengthen tribal and cultural sovereignty.

ACADEMIC ADVISING

Academic Advisors at CSUSM provide academic advising to all admitted undergraduate students. They are there to help you achieve your academic goals and support you on your journey towards earning a degree. There are several ways to connect with an Academic Advisor. Additional information is available at

<https://www.csusm.edu/academicadvising/>

PEER ADVISING

Peer advisors serve as members of the Office of Academic Advising staff and assist students in each of CSUSM's colleges. They are upper-classmen at CSUSM, providing students a unique opportunity to work with someone who relates to their questions and needs. The Peer Advisors focus on supporting new and continuing students as they transition to university life at CSUSM. Students are welcome to meet with a Peer Advisor for general advising questions.

ABOUT THE CALIFORNIA INDIAN CULTURE AND SOVEREIGNTY CENTER (CICSC)

CSUSM home to the California Indian Culture and Sovereignty Center (CICSC), which is a research center and de facto AIAN student center. The CICSC fosters collaborative research and community service relationship between the faculty, staff, and students of CSU San Marcos and members of Tribal communities, for the purpose of developing and conducting research projects that support the maintenance of sovereignty and culture within those communities.

The byline for the CICSC states, "Education is the Path to Self-Determination." These words greet our staff, students, faculty, and visitors and they are words that we live by. The CICSC, AIS Department, and American Indian Student Alliance (AISA) work together to ensure that AIAN students on campus have a sense of belonging and offer resources to help AIAN students navigate their academic journey.

MISSION

The CICSC fosters collaborative research and community service relationships between the faculty, staff, and students of CSU San Marcos and members of Tribal communities, for the purpose of developing and conducting research projects that support the maintenance of sovereignty and culture within those communities.

CORE VALUES

- **Responsibility:** To support political and economic development, education, health and wellness, media and film, language preservation, and natural resource management.
- **Reciprocity:** To reinforce collaborative research fostering indigenous research methods
- **Respect:** To champion sovereignty and cultural preservation
- **Relationships:** To create and sustain communication between tribes and scholars

ABOUT THE AMERICAN INDIAN STUDENT ALLIANCE (AISA)

AISA promotes Native American, American Indian, Alaskan Native cultural/lifestyle experiences on campus through group events and activities. We promote a positive learning experience, and we are here for Native American and Non-Native American students. To increase awareness and acceptance of American Indian culture and to promote the educational experiences of American Indians on campus, AISA fosters a positive multicultural interaction both in and out of the classroom. AISA strives to educate students about Native culture and facilitate leadership opportunities for American Indian students on campus and in the community.

AISA meets weekly on Tuesdays during U-Hour which is from 12pm to 1pm. U-hour occurs every Tuesday and Thursday from 12pm to 1pm, no classes are scheduled during this time.

ALUMNI HIGHLIGHT

LAILA BASQUEZ
(PECHANGA BAND OF LUISEÑO INDIANS)

Laila graduated from CSUSM in 2017 with a Bachelor of Arts in Visual and Performing Arts with an emphasis in Arts and Technology and double minored in Dance and American Indian Studies. She currently works as a tribal apprentice at Pechanga Resort Casino within the Marketing Department and their in-house video production team called the Pechanga Creative Studios. Their job is to advertise the property by creating visual elements to attract guests through their doors, such as commercials, photos, billboards, etc. Pechanga Creative Studios has given her the opportunity to learn more about the equipment and programs in the film industry, and how to apply that knowledge to better serve her tribe. This experience has led to Laila creating two tribal documentaries and other small video projects on behalf of the tribe. She also has participated in the Tribal Adult Program as a speaker to help promote internships for tribal members. Her advice to future CSUSM students is “Keep an open mind and be eager to absorb as much knowledge as possible. Be curious and don’t be afraid to ask a hundred questions because American Indian people want to help educate anybody that wants to learn the true history of the first people.” Also, as for her experience, she states, “Without the center [CICSC] and faculty, I truly believe that I never would have graduated from college. They provided a safe and inclusive space for me to learn and grow into the person that I am now. They taught me the tools needed to succeed and to never be afraid of who I am or the power that I have to achieve anything that I set my mind to.”

ANDERSON GOULD, JR.
(NAVAJO)

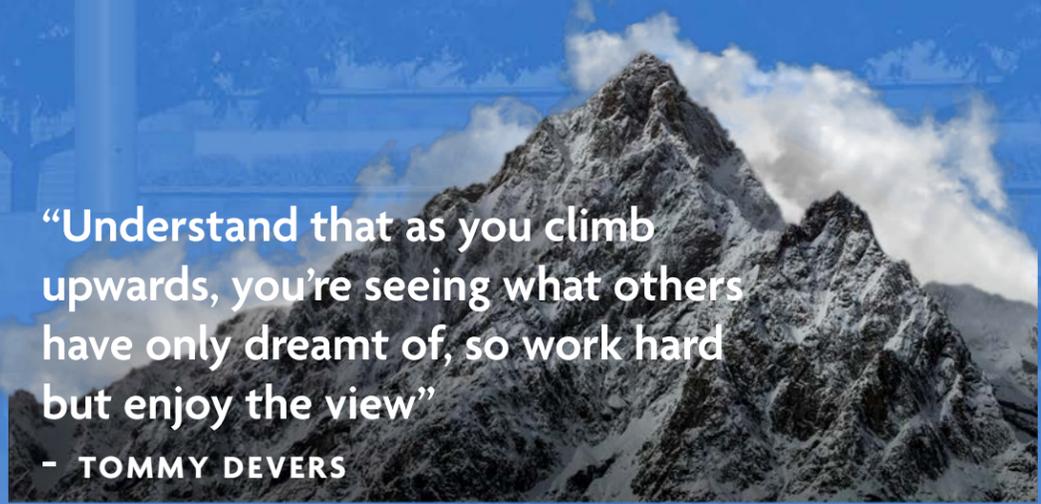

Anderson graduated from CSUSM in 2014 with a Bachelor of Arts in Visual and Performing Arts. Currently, Anderson owns and operates his own business in photography, video, and graphic design. He has done work for Inter-Tribal Long Term Recovery Foundation, the CICSC, Vosq Clothing Company, Indian Country Today, California’s American Indian & Indigenous Film Festival and various American Indian & Indigenous music artists. By working and collaborating with the CICSC, Anderson was able to develop many friendships, involvement in school and community activities outside the classroom, gain knowledge of Southern California tribes, and build working relationships that continue to grow each year.

ALUMNI HIGHLIGHT

TOMMY DEVERS
(PAUMA BAND OF LUISEÑO INDIANS)

Tommy graduated from CSUSM in 2009 with a Bachelor of Arts in Communication and a Minor in Critical-Intercultural Communication and in 2012 with a Masters in Sociological Practice. He recently worked for the Seattle Indian Health Board as the Youth Outreach Worker. Prior to that, Tommy worked as a Pauma Tribal Youth Coordinator and coordinated the after-school program for 9-12 grades for 3 ½ years. In addition to tribal work, he has been a licensed Realtor since 2018. Tommy was a Partnership Assistant for the 2010 Census, he worked with tribes across Southern California to increase the visibility and reasons tribal nations should fill out the Census. This job opportunity was made possible by Dr. Joely Proudfit. “I can honestly say her [Dr. Proudfit] presence at CSUSM during my time there was transformative. She provided the action to the academics and showed myself and others the right way to do meaningful work in our communities. Most importantly, she was a role model to me and demonstrated what a strong, confident, and educated American Indian can achieve.” Tommy’s best advice for future students majoring in American Indian Studies is “Learn as much as you can during your time in school. Ask questions, get involved, and have some fun. Make your college experience one that defines a time in your life. It’s important to grow slowly to make your spirit stronger. Study hard and work towards your goals but also allow yourself to absorb the moment. Take the time to acknowledge that each step you take changes your perspective in some way, so don’t jump too quickly or with haste. Acknowledge and appreciate what each step reveals. Understand that as you climb upwards, you’re seeing what others have only dreamt of, so work hard but enjoy the view.”

“Understand that as you climb upwards, you’re seeing what others have only dreamt of, so work hard but enjoy the view”

- TOMMY DEVERS

HOW TO PAY FOR CSUSM

TUITION/FEES, FINANCIAL AID, FAFSA, SCHOLARSHIPS

UNDERGRADUATE TUITION & FEES

<https://www.csusm.edu/sfs/tuition/undergraduate.html>

Undergraduate Fees are a combination of tuition and mandatory campus fees. Tuition is assessed at a flat-rate amount which is dictated by a student's unit load (part-time or full-time). Staying informed of how your enrollment impacts your student bill will ensure timely and accurate payments. Additional information regarding tuition and fees is available at

<https://www.csusm.edu/sfs/tuition/undergraduate.html>

TYPES OF FINANCIAL AID

<https://www.csusm.edu/finaid/>

Grants

A grant is given by the federal government, the state or the CSU as a gift; you don't need to repay a grant or work to earn the money. The federal grants listed below are the most common, but there are others you may be eligible for.

Loans

When you get a student loan you receive the money now, but you will need to repay the loan later. Your or your parents may be eligible for one or more of these loans.

Scholarships

Typically given for achievement, a scholarship is a gift; you aren't obligated to repay this type of financial aid. You may be eligible for one or more of these scholarships.

- ▶ The CSU Foundation Scholarships
- ▶ The CSUSM General Scholarship Application serves as one application for the various scholarship opportunities administered by CSUSM. There are over 100 scholarships available including the below.
 - ▶ American Indian in Honor of Lee E. Dixon Scholarship: Scholarships are awarded to students who are tribally enrolled American Indians. Academic achievement, service to the American Indian community, and financial need are all criteria. Preference will be given to incoming freshmen and proof of Tribal Affiliation is required. If a student is not tribally enrolled, proof of the student's parents tribal enrollment will be acceptable.
 - ▶ Lillian Sherman Scholarship: Scholarships are awarded to American Indian students who have demonstrated service or involvement in their Tribe or American Indian community. Must have financial need and be enrolled at least part time students.
- ▶ **Wi'áaşal** (*Great Oak*) Future Leaderships Scholarship Fund (for Most Enrolled California Tribal Members): The scholarship is open to most enrolled California tribal members. Up to \$20,000 is available each year to students seeking vocational, associates or bachelors degrees at any accredited, nonprofit college, university or vocational program. More information including eligibility at: <https://bit.ly/3uItKIU>

- ▶ Rodney T. Mathews, Jr. Memorial California Native Scholarship: This scholarship provides up to \$10,000 and was established to assist California Indian students in pursuing their educational goals through the granting of competitive and meritorious based financial scholarships. More information including eligibility at: <https://morongo.com/california-native-scholarship/>
- ▶ Rodney T. Mathews, Jr. Memorial Tribal Member & First Descendant Scholarship: This program assists students in pursuing their educational goals of one vocational program and/or one of each of an Associates, Bachelors, Masters, and PhD degrees. Eligibility and scholarships amount differ for tribal members and first descendants, more information <https://morongo.com/scholarship-program-for-tribal-members/>
- ▶ The Cobell Scholarship: Both merit-based and need-based, the competitive Cobell Scholarship is an annual, non-renewable, and available to any post secondary (after high school) student who is: an enrolled member of a US Federally-Recognized Tribe, enrolled in full-time study and is degree seeking. Applicants must plan to attend or be attending any nationally, regionally and industry accredited non-profit, public and private institution. More information at: <https://cobellscholar.org/>

Veterans' Aid

Work-study, California Vet Fee Waiver, tuition assistance and financial aid can help vets and active-duty servicemen and servicewomen pay for school. The federal government offers a variety of education programs to veterans and/or active-duty members of the U.S. Armed Forces. These include:

For a complete list of programs and benefits, visit the U.S. Department of Veteran Affairs Education and Training site:

<https://www.va.gov/education/>

Learn more about the California Department of Veteran Affairs' education benefits for state veterans at their website:

<https://www.calvet.ca.gov/veteran-services-benefits/education>

Work Study

The Federal Work-Study Program provides jobs for undergraduate and graduate students with financial need, allowing them to earn money to help pay for expenses related to their education. The program encourages community service work and work related to your course of study. If you participate in a Federal Work-Study Program, you'll work part-time while you're going to school.

Additional information about types of financial aid is available at

<https://www2.calstate.edu/attend/paying-for-college/financial-aid/types/>

Free Application for Federal Student Aid (FAFSA)

The first and most important step to applying for Financial Aid is to complete a FAFSA, the Free Application for Federal Student Aid. A FAFSA must be filed every year for the following academic year. The FAFSA is also the basis for many state grants and need-based scholarships awarded to CSUSM students.

To guarantee you receive Federal Financial Aid first, complete your FAFSA early. Those who file a FAFSA during the priority filing period, October 1 – March 2, receive priority consideration for federal grants and loans and are processed first by CSUSM.

For more information regarding FAFSA and financial aid, visit the following website:

Degree Planner

<https://www.csusm.edu/enroll/services/degreeplanner.html>

CSUSM offers a degree planner which is an interactive online tool which students should use every term to pre-plan courses for the following term as well as know their progress to the degree. Requirements for your major, minor (if applicable), and general education are displaced in a recommended sequence, using information from your student record. It recognizes the courses you have taken, test credit, transfer credit, course substitutions, and prerequisites to recommend an education plan.

PREPARING TO GRADUATE IN 4 YEARS

Academic Requirement Report (ARR)

<https://www.csusm.edu/enroll/services/arr/index.html>

The Academic Requirement Report (ARR) is a report and graduation evaluation tool, used to track the completion of all degree requirements in one document. Students can also access notes and reminders from their academic advisor and graduation auditors from this report. Students should run this report often to monitor completion of all graduation requirements.

4-Year Roadmaps

https://www.csusm.edu/academic_programs/roadmaps/chabss/index.html

4-year roadmaps serve as a suggested course sequence only. They include projected course offerings and are subject to change due to faculty availability and student demand. CSUSM students are strongly encouraged to fine-tune a personalized graduation plan with an academic advisor and/or by utilizing the Degree Planner.

FACULTY MENTORING

Faculty Mentoring Program

<https://www.csusm.edu/fmp/index.html>

The Faculty Mentoring Program (FMP) at CSUSM serves students who are first generation and/or economically disadvantaged in their journey to receive their undergraduate degree. We do this by cultivating sustainable relationships between faculty mentors and our FMP student proteges. Faculty mentors provide students with social and instrumental support, so the students find the resources they need, engage in new leadership opportunities, and plan for their future.

SERVICE LEARNING AND INTERNSHIPS

Service Learning

<https://www.csusm.edu/slce/servicelearning/students/index.html>

Service Learning is a learning tool that promotes student learning through active participation in meaningful and planned service experiences in the community that are substantially related to course content. Through reflective activities, students enhance their understanding of course content, general knowledge, sense of civic responsibility, self-awareness, and commitment to the community. Service Learning brings to life the subject matter of a course by involving students in “real world” experiences directly related to course learning objectives. Numerous courses at CSUSM include Service Learning as part of the learning process.

Internships

<https://www.csusm.edu/careers/internships/index.html>

The CSUSM Career Center provides internship opportunities and resources for CSUSM students. There are two types of internships offered: Credit and Non-Credit.

AIS Internships & Independent Study

Provides AIS major students the opportunity to apply knowledge gained from the required courses for the American Indian studies program degree to intern with American Indian social, political, economic, healthcare, or cultural fields. Examines and applies various analytical models to assess the internship. Students interested in participating in an internship for course credit and/or independent study, the student must first contact and meet with Dr. Joely Proudfit. To obtain approval and register for an internship or independent study please meet with Dr. Joely Proudfit to discuss options

HOUSING

<https://www.csusm.edu/housing/>

Studies show that students who live on campus graduate sooner and succeed academically at higher rates than students who live off-campus. Student Housing at CSUSM offers a variety of housing options ideally suited for incoming freshman, returning undergraduate and graduate students. Additional information about housing options and costs is available at

<https://www.csusm.edu/housing/>

First-time Freshman Live-on Requirement

Since the beginning in Fall 2012, all first-time freshmen admitted from outside the CSUSM Local Service Area are required to live in CSUSM Student Housing for their first year. If you are from outside the CSUSM Local Service Area and required to live in Student Housing, you will not be able to register for New Student Orientation or register for classes without completing the Student Housing contract process or requesting and receiving approval to be exempt from the live-on requirement.

STUDENT ETIQUETTE AND LEADERSHIP OPPORTUNITIES

DO'S AND DON'TS

Classroom Etiquette

Source:

<https://www.marquette.edu/first-generation-students/classroom-etiquette.php>

What you do in the classroom matters. Your behavior will not only impact your grades, but it will also impact the very important letters of recommendation that your professors will write for you.

Classroom Do's

- › Take notes while your professor is lecturing.
- › Arrive to class on time.
- › If possible, arrive a few minutes early to find a good seat and get settled.
- › Read the material before class.
- › If you find yourself with limited time, at the very least, skim the reading.
- › Professors know when a student has not done the reading.
- › Ask questions when something does not make sense.
- › If you do not want to ask during the lecture, see your professor after class or in office hours. You can always email your professor.
- › If you are expecting a call during class time, inform your professor.
- › Professors are usually understanding of different situations, and if you let them know ahead of time, they may let you leave the room for a few minutes to answer the call.
- › If you are going to miss a class, tell your professor ahead of time.
- › If you do miss a class, ask a classmate for a copy of their notes or ask them for details of what you missed.

Classroom Don'ts

- › Don't talk while your professor is lecturing or when other students are called on to speak.
- › Don't sleep in class. Professors are really good at seeing everything from the front of the room. Rest well outside of class.
- › Don't use your phone. Turn your phone off in class, or at the very least turn the ringer completely off and put your phone away. Professors may penalize your grades if they notice you are using your phone in class.
- › Don't use social media on your laptop or any device while in the class. Not only will you distract yourself, but you will also distract your peers.
- › Don't leave class early unless you have asked for permission first. If you know you have to leave early, let your professor know before class, or send him or her an email ahead of time if you know in advance that you will have to leave early.
- › Don't be afraid to ask your professor about any questions you may have.

Visiting with a Professor Etiquette

Source:

<https://uiu.edu/wp-content/uploads/Navigating-College.pdf>

- › **When to Visit a Professor**
 - › During scheduled office hours
 - › Even better, schedule an appointment
 - › Mention what you want to discuss ahead of time
- › **Prepare for your appointment**
 - › Jot down questions in advance
 - › Come up with options ahead of time
 - › Bring your assignments, papers, etc. – anything that you want to discuss
- › **Be respectful**
 - › Ask how he/she wants to be addressed (Professor, Doctor, Mr./Mrs., Joe/Jane)
 - › Show up on time
 - › Have a positive attitude
 - › Be open to suggestions and don't go on the defense
 - › Make sure to say "thank you" and that you "appreciate his/her time"

Email Etiquette

- ▶ Properly introduce yourself. Always state your name, what year of school you are in, and what you are studying.
- ▶ Review the message: is anything unclear? Are there any grammatical errors or typos? Did you say everything you wanted to say?
- ▶ Keep it short and to the point. The goal of your email is to setup your first meeting or phone call with your mentor.
- ▶ Ask specific questions. The most effective emails with the highest response rates ask specific questions and make very clear what they are asking for. In your email, you should make sure to ask a clear question proposing times to meet.
- ▶ Thank them. You should thank your mentor for choosing to invest their time in you to support you.
- ▶ Know the proper way to address them. It is important to address your potential mentor by their correct pronouns and titles. This should be a part of the preliminary research you conduct before reaching out to your mentor.

Example Email

Subject Line: Faculty Mentor Program

Hello [enter professional title or correct pronoun with last name],

My name is _____, and I am a [school year] student at CSUSM. I received your information from the Faculty Mentor Program.

I am currently studying [enter major], and as I embark on my educational and professional journey, I would appreciate your knowledge and guidance in this important time in my life.

I am available to meet at the following dates/times face-to-face, by phone [enter phone number], or Zoom.

[List dates/times available.]

Let me know what works for you. Thank you for your time and consideration and I look forward to hearing from you.

Regards,

[Name]

As a student at CSUSM, you are provided with an CSUSM email address. You should use your CSUSM email address for all university correspondence. Establishing correspondence with faculty and staff is vital to your academic career. Messaging your professor with your official CSUSM email address will ensure that your professor knows who you are. It will also ensure that your message does not go into a spam folder.

Sample Email

Subject: AIS 101 Writing Assignment 1

Salutation: Dear Professor/Dr. _____,

Body: I had a question regarding the AIS 101 Writing Assignment on American Indians that is due next Tuesday, February 12. I was wondering about the citation style for our references. Are we to use MLA or APA?

Closing: Thanks, Jane/Joe Doe

Email Etiquette

› Tips for Composing Email

- › **Subject:** Include a salutation. “Dear,” “Good morning/afternoon evening,” or “Hello” Professor X is appropriate. Never use “Hey,” and some professors will even consider “Hi” as too informal, so you are better off using formal salutations.
- › **Body:** If what you are writing is something you would write on Facebook, Twitter, Instagram, or a text, you should rewrite it. Your emails should be appropriate and respectful. Write clear messages that effectively communicate your question or point, and do not use any profane language.
- › **Closing:** Ending your email with “Best/Best wishes,” “Sincerely,” “Thank you/Thanks,” or other respectful closings is appropriate. Always sign your email with your full name.
- › **Other tips:** Always proofread your message before you send it. Make sure your spelling and punctuation are correct. Avoid spelling abbreviations—ty, np. When you receive a response, write back to thank them or confirm that you received their message.

Video Chat/Lecture Etiquette

<https://sites.uci.edu/graduateinterconnect/2020/10/01/online-classroom-etiquette/>

<https://citl.indiana.edu/fall2020/guides/Zoom%20Etiquette.html>

› Maintain Punctuality.

- › It is important that as a student you are a bit early for your online live lecture in order to set up your equipment and make sure everything is working correctly.

› Set up in a Professional Space.

- › Use a virtual background when needed.
- › Adjust your camera and lighting so the professor can see your face well.
- › Add a profile photo to your account so that the professor can still see your face when you turn off the camera.

› Dress Appropriately.

- › To maintain a sense of seriousness and professionalism, students must dress appropriately for their lectures.
- › Dress like you are coming to the classroom.

› Be Patient.

- › Given the online setting and the use of electronic devices, members of the meeting may experience disruptions.
- › Students must be patient in such scenarios and allow the person experiencing problems to fix their issue without being disrespectful and hostile.

› Speak Clearly and When Required To.

- › Students should turn off their microphone and only enable speech input when they do wish to or are required to speak.
- › Be considerate in not talking over people and give everyone a chance to speak.
- › Use the “raise your hand” feature and wait to be called on.

- **Avoid Multitasking.**
 - Students must be mindful of the professor's time and efforts while also keeping in mind their responsibilities towards their fellow students.
 - You might want to minimize/close all other windows, so you aren't distracted.
 - Turn off your phone or put it away.
- **Avoid Inappropriate Use of Chat Functionality.**
 - That chat window should be used only for class-related discussions, comments, sharing of resources, etc. Keep remarks on-topic and courteous.
 - Don't rely exclusively on chat to ask a question, the professor may not be able to keep track of a quickly-flowing chat session.
- **Do Not Record the Meeting.**
 - Some students may be able to record the entire meeting for their benefit later on. While it may be helpful to the students to record the meeting and go over it in their spare time, it may not go over so well with the professors.
 - Ask for permission from the professor.

Social Etiquette

Source:

<https://vocal.media/education/social-etiquette-tips-for-college-students>

- **Hold the Door.** The next time you're walking into class, hold the door for the person behind you. If and when that act of kindness is bestowed upon you, make sure to be polite. It doesn't hurt to say thank you or even smile.
- **Greet Your Professors.** Your professors, whether you love them, hate them, or are indifferent, provide you with knowledge that the institution deems appropriate and beneficial. When the professor enters the room and say "Good Morning," "Good Afternoon" or "Good Evening," offer them the courtesy of at least saying it back. It won't cost you a thing and professors observe polite behavior like this.
- **Honor Your Commitments.** Whether you commit to meeting a professor at their office hours or you make a commitment to do something for a club or organization, you must do it. If for some reason you cannot, communicate that. You do not want to be known as a person who does not follow through or a person who often lets people down. Be they type of person who keeps their word.
- **Dress Appropriately.** Now there is no dress code when it comes to college. You could wear your pajamas if you wanted and no one would correct you, but that may not be the option you want to go with. Always dress presentable. You want to establish positive grooming behaviors.
- **Say "Thank You!"** Gratitude promotes good self-esteem. Something as simple as thanking the person who holds the door, or your professors and administrators for their time, can make their day and improve the way you feel about yourself. Consider this, if a professor or campus administrator goes out of their way to do something for you like give you a letter of recommendation, send them a thank you email or card.

Career Center Etiquette Dinner

Source:

https://www.csusm.edu/careers/signature_programs/etiquette.html

Learn to meet, greet and eat at the Career Center dinner. You will enjoy a four-course meal while learning proper dining and business etiquette. The dinner is offered once a semester for the low price of \$10. If you are part of the faculty mentoring program will cover the cost. All tables are hosted by different employers to help you work on your networking skills and make some connections. You will learn appropriate etiquette while attending a lunch interview or a dinner networking event.

LEADERSHIP OPPORTUNITIES

American Indian Student Alliance (AISA)

AISA has leadership opportunities via the officer positions of Chair, Vice-Chair, Secretary, and Treasurer. Elections are held at the end of each semester for the following semester.

Tukwut Leadership Circle (TLC)

Tukwut Leadership Circle (TLC) is designed to support your leadership, interpersonal, career, and professional development through weekly workshops and campus & civic engagement.

Associated Students, Inc (ASI)

Established in 1991, Associated Students, Inc. (ASI) is a non-profit, student-run auxiliary of California State University San Marcos (CSUSM). ASI's mission is concise yet impactful: To serve, engage and empower students. ASI is the official voice to express student opinions, foster awareness of student issues, and protect the rights and interests of students. Students involved in ASI serve CSUSM students by engaging in lobbying for student concerns at local and state levels, planning and delivering social, educational, recreational, and cultural programming, participating in student leadership retreats, and advocating for social justice throughout our communities.

NAVIGATING HOME, WORK, AND SCHOOL HELPFUL HINTS AND ADVICE

10 Tips and Tricks

- 01** > Develop effective study habits
 - > Review course syllabus and plan ahead
 - > Review notes after class or at end of the day
 - > Take time out of every day to review notes and make connections to material
- 02** > Don't be afraid to ask for help

NAVIGATING COLLEGE AS A STUDENT PARENT

- ▶ *Identify your support system.* Find someone you can count on to build you up and listen to you in a time of struggle, whether it's a parent, partner, friend, or advisor at school.
- ▶ *Plan.* The key to your success as a student parent is planning. Plan everything. Find the planning tool that is right for you and write down due dates for assignments, exams, and important family-related tasks.
- ▶ *Include your children.* Make a game out of studying for an exam or schedule time for you to do your homework together every night. They will love helping you and you will also be setting a great example for their future.
- ▶ *Make time for yourself.* Make an effort to take a night for yourself at least twice a month. Your brain needs a break, and you need time to do things you want to do. If you take time to take care of yourself, you will feel refreshed and be more able to commit your energy to school and parenting..

THINK OF THE **BIG PICTURE. IT IS IMPORTANT TO REMIND YOURSELF WHERE YOUR HARD WORK IS TAKING YOU. YOUR EDUCATION HAS THE POTENTIAL TO CHANGE YOUR LIFE AND YOUR CHILD'S LIFE. THE STRUGGLE NOW IS WORTH THE SUCCESS LATER**

GLOSSARY OF TERMS

A

Academic Counselor: a counselor at a college or university who helps students make educational and career decisions. For undergraduate students, they may provide advice on course selections, choosing a major and taking advantage of opportunities like study abroad and extracurricular activities.

Academic Requirements Report (ARR): a report that tracks the completion of ALL degree requirements in one document. It lists all courses completed at CSUSM, courses in-progress, and any course or test credit completed off-campus submitted on official documents

American Indian Student Alliance (AISA): a group especially for American Indian students on campus to promote and support their educational experience and foster a positive multicultural interaction in and out of the classroom

American Indian Studies: a research, community, and place-based program of study that provides a forward-looking approach to and engagement with American Indian epistemologies. Available as a major and minor at CSUSM.

B

Bachelor's Degree: A four-year degree awarded after completing 120 semester credits

(approximately 40 college courses).

Block Registration: A registration tool used for first-time freshman students to ensure enrollment in the appropriate lower-division general education courses and enrollment in prerequisite courses for a declared major in the proper sequence. Using block registration, entering students will be placed in a group of courses rather than registering for them individually. Block registration helps students develop a sense of community with other students while also aiding colleges and departments in their planning.

C

Cal State Apply: An application system which includes all 23 California State college campuses, including CSUSM.

California's American Indian & Indigenous Film Festival (CAIIFF): located on tribal lands offers audiences in Southern California the finest work in American Indian film and media on an annual basis. The CAIIFF highlights the best of current films from American Indian and Indigenous filmmakers, producers, directors, and actors working throughout Indian Country.

The California Indian Culture and Sovereignty Center (CISC): a resource center for American Indian students which fosters collaborative research and community service relationships between the faculty, staff, and students of CSU San Marcos and members of Tribal communities, for the purpose of developing and conducting research projects that support the maintenance of sovereignty and culture within those communities.

College Credit: Credits measured in terms of credit hours. One credit hour equals one hour in class per week. For each credit hour you will probably spend two to three hours outside of class studying.

Cost of Attendance (COA): the total amount it will cost you to go to college each year

Commuter School: is a college to which a student commutes for classes, rather than living on or off the actual college campus. Instead, the student typically continues to live at home while commuting to school just as one would commute to a job or other commitment. Over half of the students of CSUSM commute to campus, making the school a commuter school, but still with an active campus life.

Crashing a class: when students attend a class or an academic course without being formally enrolled

D

Deferred Admission: A student who has been accepted into college has permission to postpone their enrollment date, usually by one year.

E

"Early Start" Program: the CSU Board of Trustees adopted an "early start" policy to help students be better prepared in mathematics and English when they enter the CSU as incoming freshmen. Beginning in their senior year of high school, students will learn from their results on the Early Assessment Program about whether they are "CSU ready" in math and English. This information will help them choose from a variety of options to help them to become proficient in these subjects and allow them to start immediately toward getting ready to start as CSU freshmen.

Eligibility: Criteria determined by a group or organization to satisfy requirements for an award or status

F

First-time freshman (FTF)/First-Year (FY) student: A student who has never attended a college or university after the summer following high school graduation. Immakers, producers, directors, and actors working throughout Indian Country.

Full-Time Enrollment: to be considered a full-time student, you must enroll in 12 quarter or semester credits each term.

Free Application for Federal Student Aid (FAFSA): The standard form that all students and their parents/guardians must complete to apply for federal and state need-based assistance/and programs and for some campus-based assistance/aid.

G

Grant: This is money you receive and do not have to pay back

L

Letter of Recommendation: Letters that are written for you and about you, by trusted individuals like a teacher, counselor, mentor, or employer

Loan: A loan is money you borrow and must pay back with interest

M

myCSUSM: an online portal for students to perform tasks relevant to your academic experience, such as: view list of courses needed to attain your degree, view your Academic Requirements Report (ARR), view your grades and academic history, apply for graduation, view, accept, or decline financial aid offers, view and pay charges, view personal information, change your address, view information on account holds, and view “to do” items

N

Native Advisory Council: The Native Advisory Council advises the President on University relations with Native American communities, articulates the educational needs of the local California reservations and surrounding Indian communities to the University, fosters collaboration between the University and the Native American community to achieve mutual goals, and promotes and supports academic and professional access and success of Native American students and employees at Cal State San Marcos.

O

On-Campus Housing: a dorm or housing entity for students to live on campus. CSUSM has two apartment-style dormitories known as University Village Apartments and The Quad.

Open Admission: A policy of accepting any high school student, no matter what their grades are, until all spaces in the incoming class are filled

R

Residency of Classification: A process in which a student is classified as a resident student of the state or a non-resident student. This classification process will determine the tuition rates that a student must pay.

Resume/Résumé: a document that presents a person's backgrounds and skills for acquiring employment or as a supporting documentation to an application

Rolling Admission: an admission policy that gives students a large window of opportunity to submit their application materials as the material becomes available

S

Safety School: A school to which you know you will be accepted and may be considered a “backup” in case other schools don't work out

San Marcos Experience (SME): The San Marcos Experience provides an opportunity for 100 students to live together on campus, take General Education classes within a cohort, and have a customized academic and social enhancement program designed specifically for them.

Scholarship: Money awarded to you based on criteria such as academics, athletics, community service or financial need to help pay for education expenses. Scholarships do not have to be repaid

T

Tukwut: Luiseño Language word for Cougar

Tukwut life: the Cal State San Marcos student life experience – the tastes, sights, sounds, and feelings that make up life on campus. It starts with an incredible lineup of night and weekend events and creates doors of opportunity for leadership across campus.

U

U-Hour: Twice a week CSUSM devotes time for student interactions and mingling during the Tuesday and Thursday U-hour from noon – 1 p.m across campus.

W

Waitlisted: you are placed within a “holding pattern” of sorts. The admissions committee may or may not admit students from the waitlist.
