ASI Collaborations

ASI defines collaboration as a program, event, or initiative that is developed with the input of multiple stakeholders, including student voices.

ASI is powered by students. All ASI collaborations will include *at least* one ASI student representative. The ASI representative must play an active role in the planning process.

If you believe that your proposal is an opportunity for collaboration, please contact the appropriate entity:

- Board of Directors: asi@csusm.edu
- Campus Activities Board: asicab@csusm.edu
- Cougar Pantry: cougarpantry@csusm.edu
- Media and Communications team: asidesign@csusm.edu

Allocation of Resources

Financial Resources

- ASI schedules and allocates financial resources through the budget cycle process around the start of every Spring term.
- Each area in ASI, then plans on the services and programming details for financial allocations 6 to 9 months in advance.

Equipment Resources

- Equipment must be requested at least 48 hours in advance so that we have time to check on availability as we do share some items within ASI.
- Equipment must be returned in person to an ASI representative to ensure confirmation of the return and that the item(s) will be stored in the correct area.
- Equipment borrowed must be returned in the same condition it was at the time it was provided to you. Example: Hot water dispensers must be emptied, cleaned, and dried. Blankets/tablecloths should be washed (if needed) and folded.
- Some equipment items such as A-frames, ipads and other electronic devices may not be loaned out unless they will be used for campus-wide events such as homecoming and commencement, or if an ASI entity is a collaborator on an event.

Contractual Resources

- ASI will take the lead in executing contracts for all off-campus contractors. This includes zero dollar contracts. ASI can process these in house and will send the fully-executed contract to all parties involved upon completion.
- ASI will facilitate the collections of proof of automobile insurance when the off campus contractor is driving on campus and/or any liability insurance requirements for the purpose of our program or initiative.
- For any contract that the University completes, ASI must receive a copy of the fully-executed contract prior to the beginning of the event. As a best practice, ASI completes fully-executed contracts for all off-campus contractors, including \$0.00 contracts. ASI can process these in house and will send the fully-executed contract to all parties involved upon completion.

Media and Communication Resources

ASI's marketing efforts is composed of media and communications. As ASI representatives, it is our goal to be intentional and proactive about collaborations. As a Media and Communications team, our goal is to be up-to-date with the current trends and best practices. In order to best communicate the services ASI provides, and respect the trust our audience has shown by following our channels, we've created the following guidelines:

Giveaways and graphics creation

- Any graphic or giveaway item associated with an ASI-funded event must display the ASI logo.

- Any item containing any logo associated with ASI **MUST** be reviewed and approved by ASI's Media & Communications Coordinator prior to production or publication of any kind.
- ASI has a Media and Communications Team comprised of talented, student creatives. We are happy to create graphics packages and promotional items for ASI collaboration events.
- If you would like ASI to take on the creation of these items for your collaborative event, please ask the ASI student lead on your event or initiative to submit a design request.
- All requests are due at least six weeks prior to the event date or initiative rollout.

ASI branded giveaways

- ASI branded items to be used as part of your collaboration, may be requested a week prior to your event date or initiative roll out.
- Allocation of ASI branded items is determined by the Media and Communications Coordinator based on existing inventory and target audience.

Media Channels

- ASI will share content that is part of an ASI collaboration
- The time provided to share the content follows the ASI design guidelines
- ASI will share content deemed as a Campus Initiative, as designated by CSUSM Office of Communications, Campus Communicators, and/or Tukwut Life (examples include: Homecoming, Weeks of Welcome, Welcome Back Week, CSUSM Giving Day).

ASI Conference Room (USU 3700G)

This space is for ASI use but also available to USU Partners during business hours. It is not open to CSUSM Departments or student organizations. Reservation preference is given to ASI and their operational needs.

- Please remember the ASI Conference Room is within the ASI Suite which is a working space so please keep noise to low levels. As a part of this, please keep the door closed during your meeting.
- Max Capacity for the room is 39—although there is only seating for 26. If more attend your event, you may be asked to find a new space.
- Please make sure the space is as you found it and the lights are off when you leave the room. They are not on a timer or motion detected.
- You are only allowed to use the room for the allotted time requested. If you need time for set up or clean up, please include that in your request.
- The conference room is equipped with one PC computer and two television monitors. The room does not include any additional A/V equipment.
- Room set up is NOT included in your reservation.
- Refer to the Conference Room Guidelines for more information.

SAC is working on making communication about name and curriculum changes with students more transparent. We are all well aware that women's studies changed their name, and they have been very vocal about their distaste for the change, so SAC was given the responsibility to discuss how to be more transparent with students. Students do not have a say in curriculum or department affairs, and we are not trying to take away faculty's rights to change these things, we're trying to find a way for students to be better informed about any changes.

APC is working on the academic program discontinuation policy and trying to decide how to involve students' opinions in the process of trying to decide whether or not a program should be discontinued.

I talked to a student org and they think clubs should have storage space on campus. They have a table for tabling events, but they do not have anywhere to

store it. Their lack of resources and funding severely limits their ability to attract students. I am looking for ways to address this issue.

Academic Senate was held on March 6th, Estefania attended with me as well and she shared our ASI report, where we highlighted the Women Studies name change. We discussed the rising concern amongst students and the necessity for faculty to be more communicative and transparent with students in changes that directly affect each student's respective academic field.

A little bit of background, the General Education Task Force was a committee composed of several CSU faculty, two CSU students, staff member from Chancellor's office, and one faculty from our sister institutions (University of California and the California Community Colleges). They are charged with a certain amount of tasks, truly focusing on maintaining and improving our GE programs.

ASCSU at next plenary (next week) will review campuses need for this.

A new General Education Proposal was presented in front of the Senate. Many faculty seemed to have concerns with this potential proposal that is being discussed at the statewide senate. It seems as if the Senate is moving towards a resolution in order to better justify why these new requirements are not appropriate for our campus.

News: Highlights and successes related to your position (i.e. meetings, past events, new campus/community partners) *

I attended a campus connect presentation hosted by the College of Education Health and Human Services and Dean Ayala. Dean Ayala shared with CSUSM employees what CEHHS is, who they serve, and the majors. One of the big things that was mentioned that is happening this year was that the CEHHS graduation will be split into two separate ceremonies because of the large number of students graduating in this college.

Updates on your ASI and University Committees *

In Elections committee i have been working with the committee and Ashley to organize the upcoming candidate events.

Upcoming Events and New Initiatives/Collaborations *

As CEHHS representatives,

Ailed and I will be hosting a documentary called Angst. This documentary is around the topic of Anxiety and how it affects people. We will be collaborating with the Diversion & Inclusion Representative and the education advisory organization on campus. The date is April 18th at Markstein 125, 6-7:30pm.

Areas of concern related to your position and its constituents. *

A concern I have is the lack of effort we have with distributing information to students about incidents happening on campus. As student representatives we should be more involved in getting answers or at least letting students know we are working on getting those answers for them.
