Budget Guiding Principles
As of October 12, 2018

Transparency

The ASI budget should be timely, simple to understand, and be easily communicated to the campus community and stakeholders.

Adaptability

The ASI budget allocations should be consistent with ongoing ASI initiatives and flexible with new initiatives, while keeping in mind mandatory cost increases.

Operational Expenses vs Program Services

The ASI budget allocations should review the percentages of the operational expenses and program services to ensure a sustainable ratio exists between the two categories.

Operational Expenses are the costs of supporting the student services and programs that ASI provides; such as cost of copy machines, telephones, auditing services, bank charges, etc. Operational Expenses are found in the Management and general categories under the audited financial statements.

Program Services are the costs of ASI programs and services such as Campus Activities Board, Cougar Pantry, 24/5 Library Zone, etc.

Maximize Student Opportunities

The ASI budget will prioritize student employment opportunities and direct funding support such as ASI Leadership Fund, Student Emergency Fund, Sustainability Projects Fund, etc.

What are the guiding principles in determining the ASI Budget?

- 1. Increase funding to student activities, including funding all ASI fee referendums included in the student referendum.**
- 2. Maximize opportunities for student employment in ASI.**
- 3. Minimize increases to operational expenses to doing business as a non-profit auxiliary).**

How does this translate into our proposed budget for next year?
