First recommendation was to help GE teachers and give students some resources. Second resolution was to help and praise first-generation students. Discussion focused on an event for first generation students. Further discussion focused on identifying why students leave after one or two years of schooling. Advisors acknowledged that students leaving sometimes has nothing to do with class but with financial reasons or transfer to another campus. Further discussion focused on second year students and equity gaps. Campus should target first and second year students to try to help give them more sources such as office hours and maybe a clearer path on lower classes. Board was encouraged to talk to the faculty to try see if there is anything students can do and help give Faculty feedback to try and improve students to show up to office hours. Michelle asked if the faculty can provide ways on how past professors reached out to students and for professors to try encouraged students to reach out to Cougar Care and using those resources.</p>	Rylee Spencer CHABSS Representative Gabby Garcia Diversity & Inclusion Representative

	<p>Description: Vote on BOD Composition proposed changes based on Internal Operations committee recommendations</p> <p>Fiscal Impact: None</p> <p>See attached for presentation</p> <p>Jaelyn explained that the IO committee voted for Option two – which meant they support two college representatives per college. She explained that whatever the Board votes on will go to the students for final vote in ASI Elections.</p> <p>Shovan discussed his concerns and he dislikes Option two and rather go to Option one and prefers that no changes be made to Board structure. Members questioned concern and wanted clarification about funds allocated to representatives.</p> <p>Michelle explained that she stands firm with Option three which is one college representative per college.</p> <p>Further conversation focused on increased compensation for Board members if Board membership is decreased.</p> <p>Keith explained that he stands with Option two because of students’ outside lives and how it conflicts with academics when students join the committee for the future.</p> <p>Concerns focused on a lack of guidelines within the role of being a part of BOD and encouraged that there needs to be some clarification on the roles of being a part of BOD.</p> <p>Discussion continued about workload for one representative versus two representatives.</p> <p>Michelle thanked everyone for their opinions but for the Board to see the future</p> <p>Michelle motioned to vote for Option 2 and 3 being on the ballot for the student to vote to decide which one they approve</p> <p>Shovan-2nd</p> <p>Discussion focused on what the motion was and how the information would be delivered on the ballot. Clarification would be made following the meeting. ASI Elections Committee would need information about how the information was presented. Keith commented how adding all the options would be more beneficial for students but on how most students probably won’t care on the vote and mostly pick the first one shown.</p> <p>Ayes- 7 Nays- 5 None abstained. Student Fee Advisory Committee
Met today 2/18/2020 12:00-1:00 pm

Meeting reviewed the following proposals:

School of Nursing: TBSN Skills and Simulation Lab Fee

-The group spent some time discussing the most expensive portion of the fee which is the warranty for manikin maintenance and which of each of the equipment required is the policy approved. We needed more reasoning for identifiable supplies and even determined a few options for the college to use fee-free alternatives to their proposed based video license. So the voting committee sent it back to them to revise.

Art, Media and Design Department: AVC Studio Course Fee and DAMA Studio Course Fee

-Concluded that many of the proposed items they were requesting could be purchased for cheaper in bulk from Amazon or even Walmart.

Academic Policy Committee (APC)

Met today 2/19/2020 1:45-3:45 pm

- Condensed three policies down to one and focused primarily on the implications and effects of withdrawals. Lots of great discussions occur during this meeting and it seems like the staff really do appreciate student's voices and suggestions when talking about the feasibility and viability of how these policies are conveyed/delivered.

-Senate is pushing we finish up the APC_Withdrawal policy before the end of the semester.
