Resolution to: Support for Increasing Lactation Rooms and Student Parent Resources at CSUSM

Resolution 2022-02

Authored By: Julia Glorioso

Whereas, the Associated Students, Inc. of the California State University San Marcos (CSUSM) Board of Directors is the official governing body of the students of CSUSM; and

Whereas, Associated Students, Inc. (ASI) of California State University San Marcos is the primary advocate for students at CSUSM and is dedicated to providing services designed to create and enhance a learning-focused campus environment; and

Whereas, it is ASI's mission to serve, engage, and empower students, ASI has the responsibility to inform CSUSM students about issues that affect our student population; and

Whereas, student parents face a number of unique challenges and barriers within higher education; and

Whereas, according to California Competes, student parents are more likely to identify as female and be a person of color¹; and

Whereas, AB 2785 (2018) states that it "...would require the California Community Colleges and the California State University, and encourage a satellite campus of these systems and the University of California, to provide reasonable accommodations to a lactating student on their respective campuses to express breast milk, breast-feed an infant child, or address other needs related to breast-feeding, as specified"²; and

Whereas, California State Law AB 2785 of 2018 defines reasonable lactation accommodations as "Access to a private and secure room, other than a restroom, to express breast milk or breast-feed an infant child. The room shall have a comfortable place to sit and have a table or shelf to place equipment"³; and

Whereas, in 2020 CSUSM's Student Affairs Student Parent Accommodations Working Group created an Interim Lactation Policy that include guidelines and procedures for compliance with the 2018 California State Law for students (AB 2785) and the 2019 California State Law for employees (SB 142); and

Whereas, limited data exists on student parents within California State University San Marcos and the entire CSU system and ASCEND The Aspen Institute confirms that it is important to "Regularly collect data on students who are parents — their mental health, their needs, their utilization of on-campus services, their feelings of connectedness and belonging on campus"⁴; and

Whereas, according to California Competes, "...because limited data exist on student parents, their experiences, and their outcomes, state and institutional leaders tend to overlook this population's needs"⁵; and

Whereas, dedicated student-parent spaces are necessary to promote student success as California Competes explains that California universities should “foster child-friendly campuses and reduce stigma faced by student parents by offering family-friendly spaces, services, and supports, such as administrative offices that allow students to bring children to appointments”⁶; and

Whereas, there are four lactation rooms on the main CSUSM campus with only one being located in an academic building and none at CSUSM’s Satellite campus, CSUSM Temecula; and

Whereas, CSUSM does not have a student parent lactation policy; and

Whereas, student parents at CSUSM are in need of further institutional support from the University when it comes to family friendly resources, spaces, and information sharing; and

Resolved, that ASI urges the University to implement a clear lactation policy per AB 2785 (2018) to “prohibit students from incurring an academic penalty as a result of their use of these reasonable accommodations” and that the policy includes a clear process for requesting accommodations and for filing a complaint. In the lactation policy, the University should be sure to include reasonable accommodations for lactation breaks as students may need to pump during class; and

Resolved, that ASI urges the University to increase access to their Title IX resources by more widely sharing information through websites, trainings, and communications that pertains to student parents and individuals lactating in order for these students to be aware of their rights and available accommodations; and

Resolved, that ASI requests the University Administration and Title IX resource office to provide a centralized location on the CSUSM website that includes all lactation rooms available for use on campus and where these spaces are located as well as the lactation policy; and

Resolved, that ASI requests the University to collect data on student parents' experiences, graduation outcomes, and needs to better understand and serve this student population; and

Resolved, that ASI recommends that the University and Title IX resource office through the recommended process of data collection and a Student Parent Coordinator Position, conduct outreach to student parents to provide them with resources and information to help support their student success; and

Resolved, that ASI requests the University to have a permanent multi-person lactation room accessible in all buildings on campus, starting with academic buildings. Those academic buildings that need a lactation room include: Academic Hall, Arts Building, Markstein Hall, Science Hall 1, Science Hall 2, Social and Behavioral Sciences Building, and University Hall; and

Resolved, that ASI urges the University to add a permanent, multi-person accessible lactation room at CSUSM’s Satellite campus, CSUSM Temecula, per the recommendation in AB 2785; and

Resolved, that ASI requests that the University add a permanent multi-person accessible space for a lactation room in any future additions of buildings that are built at CSUSM; and

Resolved, that ASI requests that the current lactation rooms and any future additions of lactation rooms are adequately maintained and are provided with lactation accessories for hospital grade pump usage,

comfortable seating such as reclining chairs, are regularly sterilized, and stocked with informational flyers on student-parent resources such as childcare resources, Title IX resources, the USU Commuter Lounge Refrigerated Lockers to store milk, and other available resources; and

Resolved, that ASI advocates for the University to seek to further increase opportunities and support for student parents beyond lactation spaces such as additions of dedicated study or lounging spaces on campus for student parents to utilize, additions of changing tables to campus restrooms, and other family friendly resources; and

Resolved, that Associated Students, Inc. forwards this resolution to the CSUSM Office of the President, the CSUSM Academic Senate, CSUSM Title IX Discrimination, Harassment, & Retaliation Office, the Cougar Chronicle Newspaper, all CSUSM Student Organizations, the California State Student Association, Interim Chancellor Jolene Koester, and the California State University Board of Trustees.

Resolution to: Support the Creation of the Veterans Promise Program

Resolution 2022- 03

Authored By: Richard Carpenter & Jason Beyer

Whereas, the Associated Students, Inc. of the California State University San Marcos (CSUSM) Board of Directors is the official governing body of the students of CSUSM; and

Whereas, Associated Students, Inc. (ASI) of California State University San Marcos is the primary advocate for students at CSUSM and is dedicated to providing services designed to create and enhance a learning-focused campus environment; and

Whereas, it is ASI's mission to serve, engage, and empower students, ASI has the responsibility to inform CSUSM students about issues that affect our student population; and

Whereas, the California State Student Association (CSSA) 2021/2022 Policy Agenda outlines priority number two as 2 "Ensure student health and safety are prioritized to enable belongingness on campuses"; and

Whereas, newly transitioned veterans without a solid support system or life after service plan are more than likely to suffer from depression, anxiety and often suicide; and

Whereas, those without life after service plans may struggle with having severe mental health concerns and loss of belonging; and

Whereas, one study states that 3 "Suicide rates after separation were time dependent, generally peaking 6 to 12 months after separation"; and

Whereas, 4 in 2017 alone 111 veterans committed suicide in San Diego County; And

Whereas, 5 as said by Dr. Franklin Executive director of the VA Suicide Prevention Office "I believe with this unique group, 18- to 34-year-old, is that they are possibly struggling with the transition from active duty to civilian life,"; and

Whereas, the SVA Census 6 "Although, student veterans face some unique challenges compared to the traditional student, they still excel academically. Four-in-five student veterans attend 4-year public and private institutions, and their cumulative average GPA is 3.39, on a 4.0 scale."; and

Whereas, According to CSUSM website, CSUSM is home to 478 student veterans; the highest percentage per capita of any California State University campus. They also serve close to 2,000 military-connected students, which is 12% of our campus; and

Resolved, that ASI is committed to not leaving a single service member behind after military to civilian transition; and

Resolved, that ASI proposes the University to establish the Veterans Promise Program (VPP); and

Resolved, ASI believes California State University San Marcos (CSUSM) can help future veterans with a place of belonging, safety, and a life after service plan. The VPP is a Promise to all California high school graduates who join military service for a minimum of two years are pre-approved for admission to CSUSM deferred until after they have completed their military service and

Resolved, Veteran Services will require all students who qualify for this program to meet all general minimum requirements for university enrollment should be completed accompanied by two years of honorable military service; and

Resolved, this program would offer in-state tuition rates to any veteran who meets the qualifications listed in the program requirements, not just those using VA educational benefits; and

Resolved, that ASI will help to ensure that program participants will commit to graduation within a timely manner and the University staff will utilize all efforts at their disposal to ensure graduation; and

Resolved, CSUSM with the establishment of the VPP would ensure that veterans increase their career opportunities, develop new skills, learn to apply military skills in civilian life, and improve the quality of life for themselves and their families; and

Resolved, the VPP would create a steady flow of student leaders and build a dynamic culture on campus as expressed in an annual survey; and

Resolved, this would allow for CSUSM to continue to hold that percentage. CSUSM would be the first CSU to implement this program allowing for CSUSM to break new ground; and

Resolved, that ASI encourages the promote of the VPP to other CSU campuses at plenary meeting of California State Student Association (CSSA) allowing for future generation of veterans to have a life after service plan that includes Higher Education; and

Resolved, ASI also encourages campus staff and administration to promote the VPP to fellow CSU's and the CSU system; and

Resolved, ASI urges Veteran Services and the University to commit support and promotion of the VPP to statewide high schools in support of future students' aspirations; and

Resolved, that Associated Students, Inc. of CSUSM forwards this resolution to the CSUSM Office of the President, the CSUSM Academic Senate, the Cougar Chronicle Newspaper, all CSUSM Student Organizations, the California State Student Association, CSUSM Veteran Services, Interim Chancellor Jolene Koester, Ph.D., and the California State University Board of Trustees.

Parking and Commuter Services

California State University
San Marcos

Who Are We?

Parking and Commuter Services

Established to provide parking facilities and resources.

100% Self Support Program

- No State Support
- Revenue is Generated by User Fees
- All Parking-Related Expenses are Paid by Parking and Commuter Services (PACS)

Two Parking Programs with PACS

Parking Administration

- Parking Lots and Spaces
- Maintenance and Upgrades

Parking Adjudication

- Tickets
- Supports Alternate Modes of Transportation

Why Charge (so much)?

Code and Regulations dictate that a fee must be paid for all vehicles parked on campus property

Chancellor's Office Decentralized Parking in 1995

- All CSU campuses responsible for own costs of operation
- One of the newest CSU Campus, building from the ground up

Must cover all expenses and be able to build future parking

“The Campus Way Café is a transformational project for CSUSM, and a critical step toward building a complete residential life experience for our campus community. Uniquely situated at the edge of North City and Campus, the Campus Way Café will deliver an exciting and vibrant dining experience that will undoubtedly enhance the living-learning experience for our students. We couldn’t be more excited about this project and what it means to CSUSM.”
