ASI Fair was an amazing success with over 117 people attending and learning about ASI. Wellness and Rec is on the rise and we are looking to really push forward with the project, survey coming out no later than November 17th and the campaign to educating and informing students on the building is really going to get going. North Commons Game night planning has seemingly come to an end so waiting for that event to start is going to be amazing. Reaching out with Student Life and Student Orgs to start informing their population about wellness and rec.

Student Affairs Committee (10/17/2023) -Addressed for: "Everyone: I would like to ask you for some assistance if possible. I'm leading a student-run marketing agency project on campus, and we have a grant by the Department of Homeland Security for a semester-long project. The students are charged with developing an initiative to combat targeted violence. Specifically, the students have chosen to focus on the impact of toxic masculinity, misogyny, and Incel ideologies on promoting violent tendencies among college students. By fostering a better understanding of men's mental health and facilitating connections with positive role models at CSUSM, we hope to make a meaningful difference in addressing certain harmful beliefs and behaviors that can lead to sexual violence. I'm looking for suggestions for partnering with existing campus organizations or units to ensure a collaborative and effective approach."
