	<p>Kenny took the ASI Oath of Office</p>	
<p>08 Discussion</p>	<p>Discussion on Social Justice Taskforce Description: ASI President will discuss the potential implementation of a Social Justice taskforce Fiscal Impact: None</p> <p>Octavio discussed instances on campus leaving students feeling unsafe and unwelcome on campus; Students have come to the Executive Team with demands to address areas of concern, one way to address being the potential implementation of a Social Justice Taskforce</p> <p>Ashleigh – supports idea of a task force Haley – Has there been a conversation about hate speech and/or SJP’s involvement in campus climate? Elaine – The meeting only included one SJP member, but at other meetings/events, SJP was informed Cameron – Met with other SJP members and clarified that the students involved in the incident on campus was not a recognized internal member of the organization Ileana – The goal of the taskforce is to represent all students, not only the ones who are vocal and present in front of the full board Cameron – Would the taskforce be housed within SAC but meet outside of SAC to present at those meetings? Octavio – SAC or BOD with the intention to help ASI as a whole, the taskforce would only include individuals who are interested Cameron – Suggested DEI representatives be included Ashley G – Would this taskforce create presentations to share information and inclusive language to organizations? Ileana – The taskforce would have a start and end date within this academic year, not yet confirmed it’s exact role Cameron – Is this plan to appease the current concerns or is there an action to implement this full time? Octavio – To address current concerns, but the Social Justice Action Team on many campuses is their version of our SAC group; The task force could be helpful to gather information and better inform SAC Cameron – Received feedback from students that the ASI meeting times are inaccessible Haley – Curious if the task force members have an opportunity to speak with students and submit items for the members to speak on behalf of those student concerns Ashley G – Promoting BOD office hours to students to encourage engagement Haley – BOD office hours and emails need to be on the ASI website Anahi MV – Could BOD meetings be shared via Zoom? Ashleigh – Other universities post recordings of their meetings on YouTube and respond to comments Annie – Doable, but logistical issues; Students in the past when we did still did not attend Cameron – Were those videos/Zooms advertised on social media? Ashley F – Gloria Romero only allowed virtual Board meetings during COVID Kayla – Could we do a social media recap of Board meeting conversations/actions because students may not want to watch or tune into an entire meeting Ashley F – Constraint of taskforce being time bound and having a task of it coming up with the outcomes of the group and deciding what those should be</p>	<p>Octavio Martinez ASI President and CEO Associated Students, Inc</p>

	Elaine – Start now with a sunset in April/May with the last few months figuring out the next steps, is it a new committee or upgrading SAC?

Having doubts about my efficacy for my constituents in this position. I'm not sure that I can properly support veteran-students, as a civilian student. Even with little feedback from constituents on what they desire, it feels like this is a group which is going unrecognized/under-appreciated and my hands feel tied. I will report successes moving forward.

I have meet with President Neufeldt and VP Diaz to get an overall framework of how this imitative is taking place and in what form, I have meet with Cameron Stevenson, Senior Director of Institutional Planning & Analysis and we looked at disaggregated data for past year and preliminary data for this academic semester of enrollment of our black identifying student population. I meet with Dr. Prado Olmos, Chief Engagement Officer to discuss the work that is being done with the Coalition on Black and African American Education and the ways they are engaging with the community, I also asked how we could get student involved in this process and we will have a different meeting to discuss this. I meet with Dr. Aswad Allen our Chief Diversity Officer and we talked out the grants we have received and how those are being allocated and we also talked about how student can get directly involved. Next steps is talking to Black student Center to identify the needs and actions that have been already fueling this work. I attended the Graduation Initiative 2025 symposium this week and I talked and had conversations with various people in the CSU administration about different ways we can support student success when it comes to graduation rates, and retention rates. We looked at disaggregated data and were trying to identify different ways to make sure that we implement this data to our overall strategic plans.
