## Check-In:

Registered guests can check in on Thursday afternoon from 3:00–5:00 pm on the USU Rooftop. Feel free to come and go as you please. We will provide afternoon snacks/light refreshments. Don't forget to kick off the weekend with a snapshot in front of our photo backdrop (#CSUnity2016)! If you are not arriving until Friday, you can check in outside of the USU Ballroom on Friday morning.

## The Hub:

The CSUnity committee and volunteer team are here to answer any questions, concerns, or requests you may have throughout the conference. We're friendly people, we promise. Make your way over to the Hub just outside of the USU Ballroom and we will happily assist you in any way we can.

## Name Badge:

If you are reading this (in hard copy), you are the proud owner of a name badge—congrats! Make sure you hang this nifty lanyard around your neck every day. Your name badge is your "golden ticket" for sessions, plenaries, and meals! If you happen to lose your name badge, swing by The Hub and we'll help you out.

## Evaluations:

The CSUnity conference is in its fifth year and we are always seeking to improve. You will receive an evaluation during the CSUnity closing. Make sure you turn in your evaluation on the way out. If you have to take off early, you can grab one at The Hub. After all, feedback is the gift we give our friends, right?

## Attire:

We know you will be traveling on Thursday, so come as you wish to check in. We encourage you to dress in business casual attire on Friday. Saturday is all about school spirit! Bring your proudest campus gear and live up the CSUnity.

## Parking:

Parking is included with your registration. The top (6th) floor of Parking Structure 1 (PS1) is reserved for conference goers. If you have a staff/faculty permit from a CSU, you are free to park in any, regular parking spot on campus. If you choose not to park on the 6th floor of the parking structure, you must purchase a parking permit or you will be ticketed. We would suggest parking on the 6th floor. It is the closest to the conference and no one really likes parking tickets. Flip to the campus map for more information.

This session is meant to show you the value of what we do as student leaders, regardless of our titles.

## Ensuring A Successful Event: From Concept to Reality

Event planning is one of the most fundamental skills any student leader should know. It is a way for them to reach out to the students and be present in the places where they congregate; because as an advocate you need to go to your constituents if they are not coming to you. The objective of this workshop is to teach student leaders the most effective and efficient ways of event planning all the way from the initial idea to the evaluation of the event. I hope to inspire students to take their ideas and turn them into a reality that will not only benefit them, but also the organization and the students they serve.

## Everyone's a Risk Manager!
