Partners in Campus Business Operations Applications Now Open for Business Process Improvement (BPI) Training

Sent On behalf of: *The Office of Organizational Excellence*

Business Process Improvement (BPI) is a structured approach to define a process, analyze a predetermined scope of work, and improve its performance.

The Office of Organizational Excellence is seeking applications for the 2022 BPI cohort. The Business Process Improvement (BPI) training program aims to encourage a culture of continuous improvement on campus. Participants will learn BPI methodology over a four-month training program, while practicing on actual CSUSM processes. This program is ideal for employees that are the "do-ers" in their respective areas, such as Administrative Coordinators, Analysts, and Entry-level Managers.

Applications will be open June 1-30. More information, including the application form, may be found at https://www.csusm.edu/orgexcellence/processimprovement/bpi_program.html

If you have any questions regarding the BPI program, please contact Shannon Honour at shonour@csusm.edu.
