Sent on Behalf of: Office of the Vice President, Finance & Administrative Services

Hello Campus Community,

We are excited to announce that the Employee Training Center has been rebranded to the Cougar Training Center. The Cougar Training Center, or CTC, encompasses the varying communities on campus that we provide training services to. From students to employees and many more, the CTC serves as the hub of compliance training and professional development opportunities through our campus learning management systems.

To contact the CTC, please email us at our new address, trainingcenter@csusm.edu.

Thank you.

Office of the Vice President, FAS
