

COVID-19 Placement Guideline Recommendations for Community Partners

The university is asking community partners to follow COVID 19 exposure precautions for student internship and service learning activities. Although some projects may currently be held remotely, the following guidelines remain in place for both “on site” and remote/virtual activities to allow for any meetings, events, or community based activities a student may still need to participate in as part of their responsibilities.

 Please review the guidelines below:

- ◆ Social distancing measures will be in place and monitored.
- ◆ Students will be encouraged to wear a face cover.
- ◆ Any safety equipment, protective gear, or other equipment/tools provided to the students will be disinfected or students will be provided with disinfecting supplies.
- ◆ High traffic areas will be frequently disinfected.
- ◆ Students will have access to cleaning products to disinfect their work areas.
- ◆ Students will have the opportunity to wash hands frequently.
- ◆ Students will be informed of any other COVID 19 related protocol that may in place, including, but not limited to:
 - ◆ how to limit exposure within placement activities
 - ◆ use of and access to any necessary protective equipment
 - ◆ required symptom checks
 - ◆ procedures for calling in sick
- ◆ Stay up to date with [campus COVID response](#).
- ◆ Review Centers for Disease Control and revention recommendations regarding COVID 19 https://www.cdc.gov/coronavirus/2019_ncov/prevent_getting_sick/prevention.html

Please contact the [Office of Internships](#) and [Service Learning](#) with any concerns or questions.
