

**One course (3 units)**

Select from among:

- ANTH 200            PSYC 210
- GESS 101            SOC 205
- GESS 102            WMST 101
- PSYC 140

**D Discipline-Specific or Second Interdisciplinary Social Sciences Course**

Students will be able to identify the prevailing principles and methods of social science in at least one discipline, and explain the usefulness of a disciplinary or interdisciplinary perspective and field of knowledge for social issues and problems. They will be able to describe historical and contemporary perspectives of social issues and problems, and acknowledge both western and non-western contributions to current social issues and problems. Students will be able to demonstrate how and why race, class and gender are among the most important categories of social scientific analysis.

**One course (3 units)^**

Select from among:

- ANTH 200            PSCI 100
- ECON 202            PSYC 100
- GEOG 201            PSYC 140
- GESS 101            PSYC 210
- GESS 102            SOC 101
- HIST 130            SOC 205
- HIST 131            WMST 101

Courses used to satisfy this requirement may not be double-counted in any other category of the GE program.

*^ Certain transfer students may be required to take two courses from this category. Check the Notice to Transfer Students at the beginning of Area D.*

**DD Upper-Division Social Sciences**

Students will be able to analyze problems using social scientific reasoning, and/or understand the historical or social context of major political, intellectual, economic, scientific, technological, or cultural developments. They will explore how gender, ethnicity, class, regional identities, and global identities affect society and culture. The material in these courses helps students to recognize the value of multidisciplinary explorations.

*Courses satisfying this requirement will be identified in the Class Schedule.*

To count toward satisfaction of the DD requirement, a course cannot be taken before the term in which a student attains upper-division status (completion of 60 semester units). Courses used to satisfy this requirement may not be double-counted in any other category of the GE program and may not be double-counted in the student's major.

**College of Arts and Sciences**

Changes to the **B.S. in Biochemistry**

*[Note that this has been corrected since the original publication of the Fall 2005 Catalog Addendum.]*

1. Changes to Unit Requirements:
 

General Education*	51
Preparation for the Major*	46
Major Requirements	34-35

 The minimum number of units required for this degree is 122.

*\* Nine (9) lower-division General Education units in Area B are automatically satisfied by courses taken in Preparation for the Major.*

2. Change to Preparation for the Major: Students are no longer required to take CS 101 or 301.
3. Change to Major Requirements:
  - a. Students are now required to take 3 units of Upper-division Science electives.
  - b. Students may substitute BIOL 355 or 356 for BIOL 351 and 351L.

Changes to the **B.S in Chemistry**

*[Note that this has been corrected since the original publication of the Fall 2005 Catalog Addendum.]*

The total number of units required for a Bachelor of Science degree was reduced from 125 to 120.

Students are no longer required to take CS 101 or 301 as Preparation for the Major.
