ADDITIONS AND CHANGES TO ACADEMIC PROGRAMS

Changes to the General Education Program Correction to Area DD Requirement:
Missing box at the end of last paragraph, DD Requirement. See page 89 of the Catalog:

Students may not use a course in the same subject area (e.g., HIST, PSYC or SOC) as their major, or their primary field in the case of an interdisciplinary major.

- CHEM 100L does not appear on the list of courses fulfilling the B1 requirement
- Effective spring 2009, CHEM 100 is now CHEM 105 (on the B1 list)
- CHEM 100 does not appear on the list of courses fulfilling the B3 requirement
- Effective spring 2009, CHEM 100L is now CHEM 105L (on the B3 list)

Add KINE 336 to the list of courses fulfilling BB, Upper-Division Science and/or Mathematics (page 93, first column)

Add LTWR 303B to the list of courses fulfilling CC, Upper-Division Arts and/or Humanities (page 94, first column)

Add WMST 330 to the list of courses fulfilling DD, Upper-Division Social Sciences (page 95, middle column)

Changes to the Language Other Than English Requirement (LOTER). See page 90 of the Catalog. See changes to the CLEP score:

*The B.A. in Global Studies has received full approval by the campus, but is pending official authorization by the Office of the Chancellor of the California State University.*
Programs Offered
• Bachelor of Arts in Global Studies
• Minor in Global Studies

The Global Studies Program provides students with the opportunity to study international affairs from a variety of disciplinary perspectives. Whether pursuing the Major or the Minor, students can choose from an approved list of courses from Economics, History, Liberal Studies, Literature and Writing, Philosophy, Political Science, Sociology, World Languages and Hispanic Literatures, and Women Studies. The program allows students to specialize in one of five geographic regions: the Americas, Asia, Europe, the Middle East and North Africa, or Sub-Saharan Africa, and two of five global issue areas: Foreign Policy, Global Conflict and Cooperation, International Law and Human Rights, Global Political Economy and Development, and Gender in Global Perspective.

Student Learning Outcomes
It is the goal of the Global Studies Program that upon completion of a Bachelor of Arts in Global Studies a student will possess the specific abilities in the areas of knowledge (student learning outcomes 1-3), skills (student learning outcomes 4-8), and attitudes (student learning outcomes 9 and 10).

Following completion of the required curriculum students will be able to

1. Comprehend that his/her culture is one of many diverse cultures and that alternate perceptions and behaviors may be based in cultural differences.
2. Demonstrate knowledge and understanding of global issues, processes, trends and systems (i.e., economic and political interdependency among nations; environmental-cultural interaction; global governance bodies, non-governmental organizations).
3. Demonstrate knowledge of other cultures (beliefs, values, perspectives, practices, and products).
4. Use diverse cultural frames of reference and alternate perspectives to think critically and solve problems.
5. Comprehend and analyze global affairs from a variety of disciplinary perspectives.
6. Communicate in a second language in each of the four modalities: speaking (productive), listening (receptive), reading (receptive), writing (productive) at a high intermediate level.
7. Use second-language skills and knowledge of other cultures to extend his/her access to information, experiences, and understanding.
8. Use social scientific techniques to conduct research.
9. Appreciate the languages, arts, religions, philosophies and material cultures of different cultures.
10. Accept cultural differences and tolerate cultural ambiguity.

Career Opportunities
The Global Studies Program will be useful to students pursuing careers in international development, international organizations (e.g., United Nations), law, non-governmental organizations focusing on international affairs (e.g., Amnesty International, “think tanks” such as the American Enterprise Institute), government, graduate study in History, Political Science, and International Affairs, and education.

New Option:
**B.S. in Kinesiology, Health Science Option**

This option prepares students for professional service in healthy/fitness education and promotion, wellness coaching, health research, and community health advocacy and programming. Graduates will be skilled in promoting positive, personal behavior changes that have an impact on the health of individuals and their communities. Graduates will be well-prepared to pursue graduate programs in public health, kinesiology, and health science.

• Elementary Subject Matter Preparation Option (ESM)
• Integrated Credential Program Option (ICP)
• Elementary Subject Matter Preparation Certificate*

* See page 145 of the 2008-10 General Catalog for more information on the Elementary Subject Matter Preparation Certificate.

Programs Description:
The programs offered under the heading of Liberal Studies emphasize the utility and value of broad intellectual development combined with practical training as key to a liberal arts education. Students are prepared to understand interdisciplinary and multidisciplinary connections and appreciate the cross-fertilization of concepts, methods, and values in different academic fields. The goal of Liberal Studies programs is to produce graduates who are intellectually well-rounded, and competent in a broad range of skills.

Program Options:
The Liberal Studies Major is a complete undergraduate program leading to the Bachelor of Arts degree. The Major has three different Options: all three are suitable for students who start their undergraduate careers at CSUSM, as well as for transfer students; some coursework at California community colleges may be applied to Liberal Studies requirements in all three Options.

The Border Studies Option (BRS) within Liberal Studies is a distinct program with its own Lower-Division and Upper-Division preparation requirements. It offers an interdisciplinary exploration of the communities and territories that emerge in border regions worldwide. The courses that make up the BRS Option systematically examine the human interactions that shape and are shaped by the borders that divide people and places. The curriculum provides an understanding of how border communities are formed and sustained, while students explore the interrelationships of diverse groups across the cultural, geopolitical, linguistic, and social frontiers that exist in border communities.
See below for more information. Students who wish to learn more about the BRS Option should contact the Liberal Studies faculty.

The Elementary Subject Matter Preparation Option (ESM) provides focused preparation for entry into post-baccalaureate Multiple Subject teaching credential programs.

The Integrated Credential Program Option (ICP) combines undergraduate coursework in the College of Arts and Sciences with the curriculum of the College of Education’s fifth-year Multiple Subject/English Learner Authorization Teacher Credential Program.

The ESM and ICP Options share the same coursework to meet certain first- and second-year (Lower-Division) General Education requirements, as well as a number of Upper-Division (third- and fourth-year) Breadth of Study requirements. The ESM and ICP Options both offer excellent curricular pathways to students interested in a career in elementary school teaching. Both are based on state-wide standards for teacher training. Coursework is selected to address the seven core subject matter areas of the K-8 curriculum: Reading, Language & Literature; History & Social Science; Mathematics; Science; Visual & Performing Arts; Human Development; and Physical Education. In addition, students in the ESM and ICP Options choose a Depth of Study module that explores one of these subject matter areas in greater depth.

ESM and ICP students are prepared for the California Subject Examination for Teachers (CSET). The CSET is a test of the future teacher’s mastery of the subject matter delivered in K-8 curricula; passing the CSET is a prerequisite for entry into most post-baccalaureate credential programs (including CSUSM’s) and is currently required for recommendation of a California credential. The ESM and ICP Options specifically aim to prepare graduates for entry into the next stages of teacher training, and to ensure that as future teachers they will have a command of the subjects they teach.

Elementary Subject Matter Preparation Certificate

A different pathway to careers in elementary school teaching is provided by the Elementary Subject Matter Preparation Certificate (ESMPC). This is a “stand-alone” certificate program that can be combined with any major in the College of Arts and Sciences. See page 145 of the 2008-10 General Catalog for more information. It also provides preparation for graduate-level Multiple Subject credential programs.

Like the ESM and ICP Options in the Liberal Studies Major, the ESMPC prescribes a particular pathway through the General Education requirements of the baccalaureate degree; completion of the certificate curriculum ensures the student’s preparedness in the subject areas of the K-8 curriculum. The ESMPC is a package of coursework that the student combines with the required curriculum of an undergraduate Major, leading to a Bachelor of Arts degree. (Students interested in the Certificate should consult their Major advisors; some Majors are less suitable for combination with the Certificate, leading to additional units of study beyond the 120 units typically required for the Bachelor of Arts degree.)

Student Learning Outcomes

The goals of the Liberal Studies program are that all of our graduates

- Learn to engage in reasoned thinking.
- Maintain open, inquiring, and skeptical minds.
- Know how to access and evaluate information.
- Develop a thirst for continuing education.
- Develop cultural sensitivity and tolerance for cultural differences.
- Acquire environmental awareness.
- Establish a foundation for understanding social issues.
- Take responsibility for their thinking, actions, and impact on the world.

Students graduating with a Bachelor of Arts in Liberal Studies will

1. Understand how knowledge can be connected across multiple disciplines;
2. Formulate their own goals for continued learning and inquiry based on a foundation of intellectual curiosity;
3. Understand and appreciate the positive value and essential role of diversity;
4. Think critically and creatively;
5. Write and speak clearly, coherently, and thoughtfully;
6. Read, understand, and evaluate all forms of text; and
7. Be familiar with technologies appropriate to the research and dissemination of knowledge.

In addition, students in the BRS Option will

- Develop a theoretical understanding of borders and border communities;
- Identify key issues and apply appropriate conceptual and operational definitions in the study of border communities and regions;
- Design and implement border research projects using appropriate methodologies.
Students in the ESM and ICP Options will

- Acquire a breadth of knowledge across the range of subjects included in the Major: Language Arts, Mathematics, Natural Sciences, History and Social Sciences, Visual and Performing Arts, and Health and Physical Education;
- Demonstrate greater depth of knowledge in their selected Depth of Study;

Career Opportunities

For students in the BRS Option, the B.A. in Liberal Studies serves as preparation for careers in the public sector, private sector, education and a wide range of other fields, or for post-graduate studies in area studies, geography, linguistics, public policy, urban and regional planning, and other social sciences.

For students in the ESM and ICP Options, the B.A. in Liberal Studies may be a first step in becoming a K-8 teacher.

Graduates of Liberal Studies programs are well-positioned for entry into CSUSM’s Multiple Subject Credential Program. For complete and up-to-date information, please contact the College of Education or visit their web site.

Special Conditions for the Bachelor of Arts in Liberal Studies

In all three Options, all courses counted toward the Major, including Preparation for the Major, must be completed with a grade of C (2.0) or better.

Special Conditions for BRS Option
A minimum of eighteen (18) units counted towards the BRS Option must be completed at Cal State San Marcos. No more than six (6) units of independent study and independent research (BRS 498 and BRS 499) may be applied toward the BRS Option.

Special Conditions for ESM and ICP Options
No course used for Preparation for the Major, Breadth of Study, or Depth of Study may be taken for a grade of Credit/No Credit.

| Special Conditions for the Theatre Arts Option: |

Articulation with local community colleges has influenced the development of the Option in Theatre Arts. A primary goal of CSUSM is to complement existing theatre programs in the region. Students currently must take introductory studio, history, theory, and survey courses in theatre at other institutions (these courses are offered at neighboring community colleges) in order to fulfill the Preparation for the Major requirement. Additionally, with approval of the department chair, up to 9 units of lower-division transfer coursework can be counted toward satisfaction of the major requirements. Theatre coursework taken at other institutions may be applied to the theatre major only with approval by the department chair.

Changes to the **SINGLE-SUBJECT MATTER PREPARATION PROGRAM IN MATHEMATICS**  

Students interested in teaching mathematics at the secondary level may wish to complete the Single-Subject Matter Preparation Program (SSMP) in Mathematics. To be admitted to a Single Subject Teaching Credentialing program, a prospective teacher must earn a Bachelor's degree and demonstrate subject matter competence. Satisfying the requirements of the SSMP demonstrates the subject matter competence required for a Credential in mathematics.
Students interested in the SSMP should consult either their mathematics advisor or the mathematics SSMP Coordinator as soon as possible to obtain detailed information on GPA requirements and the portfolio of work which must be compiled, as well as advice on how to best coordinate completion of the SSMP and the Bachelor of Science in Mathematics. Note: The SSMP is not a major. Students must also satisfy the requirements of a major to receive a Bachelors degree.

For more information see the single subject matter preparation link on the department website: http://www.csusm.edu/math

Coursework Requirements:
- CS 111 or equivalent: 3-4
- EDUC 350: 3
- PHYS 201: 4
- MATH 160: 5
- MATH 162: 4
- MATH 260: 4

**COLLEGE OF EDUCATION**

Changes to the Admission Requirements for the Multiple-Subject Teaching Credential Programs

Replace the current text on pages 238 and 239 in the Catalog with the following:

Step One: Admission to College of Education (COE)

This step applies to graduate credential applicants new to CSUSM or CSUSM graduates that have NOT completed pre-requisite courses.

1. Submit a Graduate application for California State University San Marcos on-line at: www.csumentor.edu. Send official transcripts to Office of Admissions from each university and college attended.

2. Submit an application to the College of Education at www.csusm.edu/COE with the following supporting documentation:
   - An official transcript with bachelor’s degree posted
   - Grade-Point Average. A student must have a cumulative grade point average (GPA) of 2.67 to be accepted into any credential program offered at CSUSM. If you do not have the required 2.67 GPA, conditional admission is available on a limited basis.
   - Certificate of Clearance. The Certificate of Clearance is a professional fitness requirement set by the Commission on Teacher Credentialing for all individuals participating in activities in K-12 schools. Candidates must apply for a valid Certificate of Clearance on-line. Please contact the COE Student Services Center for specific directions on application.
   - One Letter of Recommendation. A recommendation from classroom faculty and/or others knowledgeable about the candidate’s personal qualities and potential must be submitted with the application to the College of Education.

Step Two: Admission to a Specific Program

Program admission applies to all graduate credential applicants seeking admission to a COE basic teacher training program. Please note: If you did not need to complete step one, you will be required to complete all program admission requirements listed below. If you completed Step One of the admission process, you will be credited with requirements met in the step one process.

1. Two (2) Applications. Application to both the University and College of Education. If admitted as a CSUSM graduate student in Step 1, admission to university does not need to be repeated in Step 2.

2. Application Fees. A $25 credential application fee is due upon application to a credential program. A university application fee is also required.

3. Bachelor’s Degree. A Bachelor's degree or all undergraduate academic subjects must be satisfied before entering a teacher education program. Candidates may enter the credential program as an undergraduate and use the units in the credential program as electives to obtain a bachelor’s degree. A bachelor’s degree is a requirement for teacher certification. A candidate may petition for 12 units concurrent postbaccalaureate credit the first week of instruction during the last semester before graduation ONLY. Petitions are available in the Office of Registration and Records. Please note: Completion of a bachelor’s degree from Cal State San Marcos requires submission of a graduate application to enroll in postbaccalaureate or graduate coursework.

4. Subject Matter Competency. Teacher candidates in California are required to demonstrate competence in the subject matter they will be authorized to teach. Subject matter competency must be completed prior to admission to the program. Please note: Conditional admission will be considered on a limited basis; however, state program standards prohibit advanced clinical practice until CSET: Multiple Subjects is passed.
The examination consists of three (3) subtests:

Subtest I: Reading Language and Literature; History and Social Sciences, Test Code 101

Subtest II: Science; Mathematics, Test Code 102

Information, test preparation, and registration is available online at: www.cset.nesinc.com

5. Basic Skills Examination. Candidates must TAKE one of the options for satisfying the Basic Skills Requirement prior to entering a teacher education program. Candidates must PASS one of the basic skills options to qualify for Advanced student teaching.

Basic Skills Options: Pass all three subtests of the CSET Multiple Subject examination in addition to the CSET Writing Skills examination, Subtest IV: Writing Skills, Test Code 142 OR CBEST (California Basic Skills Examination)

6. Prerequisite Courses in Education. If taken at Cal State San Marcos, the course must be completed within seven (7) years prior to beginning the program. If an equivalent course at another college or university has been taken, it must have been completed within five (5) years prior to beginning the program.

a) EDUC 350 – This required course serves as an orientation to careers in education. During this course, candidates participate in forty-five (45) hours of supervised fieldwork assignments in classroom settings. Candidates must submit a recommendation letter from a K-12 classroom teacher. A Certificate of Clearance must be obtained as a requirement of this course.

b) EDUC 364 – This required course must be taken prior to enrollment in the credential program.

c) EDUC 422 – Before admission to program, candidates must have completed a basic computer course or passed an assessment. In addition, candidates must obtain competency in using a set of education specific electronic tools by completing EDUC 422 or portfolio to the specifications found at http://lynx.csusm.edu/coe/academics/FormsPolicies/ED422WaiverREV07.pdf

7. One Set of Official Transcripts. One official set of transcripts from each of the colleges or universities attended must be mailed directly to the Cal State San Marcos Office of Admissions. If admitted as a CSUSM graduate student in Step 1, an additional set of transcripts is not required in Step 2.

8. Grade-Point Average. A student must have a cumulative grade point average (GPA) of 2.67 to be accepted into any credential program offered at Cal State San Marcos. If you do not have the required 2.67 GPA, conditional admission is available on a limited basis.

9. Three Letters of Recommendation. Recommendations from classroom faculty and/or others knowledgeable about the candidate’s personal qualities and potential must be submitted with the program application. One recommendation must be from a K-12 classroom teacher. Go to http://lynx.csusm.edu/coe/academics/FormsPolicies.asp for letter of recommendation guidelines.

10. Personal Interview for qualified candidates conducted by education faculty committee. Candidates are notified by mail to make arrangements for the interview after the application deadline.

11. Writing Samples. Writing samples are required and are program specific. Please note: The California Commission on Teacher Credentialing requires passing the Reading Instruction Competence Assessment (RICA) before certification. Passing one of the two components of RICA, either a comprehensive examination or a performance assessment, is a requirement for the initial issuance of a Multiple Subject or Special Education Credential. Candidates cannot take the RICA until they have successfully completed the Language and Literacy courses which are part of the credential program. The CSU San Marcos College of Education RICA pass rate for 2006-2007 is 99%.
Changes to the SCHOOL OF NURSING

* The B.S. in Accelerated Baccalaureate in Nursing Program has received full approval by the campus and the Office of the Chancellor of the California State University. The School of Nursing faculty developed and teach the Accelerated BSN and RN to BSN programs; however, these programs are offered through Extended Learning.

Replace the last sentence of general information on the Nursing major (end of first paragraph of column 3 on page 258) in the General Catalog with:
The RN-to-BSN program is a 3-year, part-time program designed for the working RN.

Impacted Status

Change the ranking criteria at the bottom of page 258 and top of page 259 in the General Catalog with:
Students will then be rank ordered according to a 7-item point system and selected for admission to the major based on the following supplemental criteria:
• GPA in pre-nursing Core requisites (up to 25 points)
• Overall GPA (up to 12 points)
• Composite score on the TEAS standardized exam (up to 15 points)
• Proficiency in a second language (up to 10 points)
• Previous work experience (up to 10 points)
• Previous volunteer experience (up to 5 points)
• Residency, based on college attended for last 30 units (up to 8 points)

** The lower-division nursing course requirement is met by the nursing coursework required for a RN licensure program completed at a BRN-approved nursing program.

& Students who have already met the General Education Discipline-Specific or Second Interdisciplinary Social Sciences Course (D) requirement with a course taken at another institution may substitute that course for PSYC 100.

% Students who have met this requirement with a course that fulfills the Lower-Division General Education Mathematics/Quantitative Reasoning (B4) requirement may substitute a course from the RN-to-BSN Recommended Upper-Division Elective list.

$ Students who have met the General Education Lifelong Learning (E) requirement at another institution may substitute a course from the RN-to-BSN Recommended Upper-Division Elective list.

+ MATH 125, 132 or 160 may be substituted.

* Up to 36 units of courses taken as Preparation for the Major also may be counted toward General Education requirements

@ Students who have already met the General Education Interdisciplinary Social Sciences (D7) requirement with a course taken at another institution may substitute that course for ANTH 200.

# Students who have taken a lower-division nutrition course may substitute another Upper-Division General Education Science and/or Mathematics (BB) course for BIOL 323.

^ Clears an UDGE requirement if students have earned at least 60 units of baccalaureate-level coursework at time of completion.

^^ Course must include a laboratory experience. CSUSM students get this experience by either taking BIOL 215L or registering for special sections of BIOL 215 taught in the SMCC Building.

Preparatory Chemistry  
Prepares students for CHEM 105 or CHEM 150. Introduces students to fundamental chemical concepts and quantitative problem-solving skills in chemistry. Topics include atomic theory, chemical nomenclature, the periodic table, stoichiometry, atomic structure, and chemical bonding. Intended for students who have not successfully completed high school chemistry or other preparatory courses within the last five years, or those students who need additional preparation before taking CHEM 105 or CHEM 150.

CHEM 105 (4)  
[Change in course number (formerly CHEM 100), unit value, and course description]  
Organic Biochemistry for Life  
Covers the basic principles of general, organic and biochemistry as applied to the biochemistry, pathophysiology, pharmacology and nutrition of human body systems. Intended for students pursuing a degree in a variety of health-related areas such as nursing. Prerequisites: Completion of the Entry Level Mathematics (ELM) requirement or consent of instructor. Co/prerequisite: CHEM 105L. Recommended: High school chemistry and/or CHEM 101.

CHEM 105L (1)  
[Change in prerequisites]  
Organic Chemistry Laboratory  
Laboratory  
Covered the basic principles of weight and volume measurements, solutions, suspensions, colloids, osmosis, energy of biochemical transformations, buffered solutions, the properties of acids and bases and pH balance in the biochemistry of human body systems. Intended for students pursuing a degree in a health-related field. Prerequisite: Completion of the Entry Level Mathematics (ELM) requirement or consent of instructor. Co/Prerequisite: CHEM 105.

CHEM 201L (2)

Introduction to Acting

TA 302 (2)  
[New Course]

Acting Ensemble

A process-oriented class designed to offer students a wide variety of voice/mind/body awareness techniques that facilitate relaxation and kinesthetic intelligence. These topics will be applied to the creation of original performance work and to contemporary play texts in order to explore the ways in which the emotional content of the written word and the movement expression of that text are informed by a fully engaged body. May be repeated; a total of six (6) units may count toward graduation requirements. This course meets for one hour lecture and two hours activity each week. Enrollment requirement: TA 310 or TA 311. Prerequisite: TA 301.

TA 310 (3)  
[New Course]

Acting Technique

Introduces a range of rehearsal techniques that help the actor approach onstage events with imagination and a rich emotional life. This course focuses on beginning scene study with an emphasis on exploring action/objective and the given circumstances of a selected text. Also focuses on self-awareness by freeing the actors body, breaking down inhibitions, cultivating the imagination, and honing skills in listening and improvisation. May not be taken for credit by students who have received credit for VPA 380-5. May be repeated; a total of nine (9) units may count toward graduation requirements. This course meets for six hours of activity each week. Prerequisite: TA 301.

Women as Leaders
Internationally, women contribute to a growing share of public activity, the labor market, and civic leadership. Based on recent feminist research on leadership development, this course will address the challenges of and opportunities for leadership as they affect women from different cultural backgrounds. Subjects include cultural perceptions of leadership, traditionally stereotypes of femininity, and the evaluation of leadership skills. Biographies of women leaders will be used to explore some of the key factors that have shaped women’s successes. May not be taken for credit by students who have received credit for WMST 300G.
