

CALIFORNIA STATE
UNIVERSITY SAN MARCOS
COMMENCEMENT
MAY 22 & 23

PRESIDENT'S MESSAGE

To The Graduates

Dear graduate,

Congratulations on reaching this special day!

For the Class of 2021, you may have just finished taking your last final a week or two ago. For the Class of 2020, it might have been more than a year ago. But for both of our graduating classes, this is such an important moment, one that I'm so happy to be able to celebrate with you in person.

Earning a degree takes dedication and determination in the best of times. For more than a year, you had to overcome challenges never before seen in our lifetime. And, through it all, you showed amazing perseverance and resilience.

I am continually inspired by the creative thinking and work our students do to spark innovation, creativity and discoveries. As you embark on the next chapter of your lives, I know you will continue to work hard, take risks and ask questions. I am so proud of all you have done during your time here, and I look forward to welcoming you back to campus as proud alumni.

On behalf of all of us at California State University San Marcos, congratulations again on this monumental achievement.

Sincerely,

Ellen J. Neufeldt, Ed.D.
President

CALIFORNIA STATE UNIVERSITY SAN MARCOS VALUES

CSUSM is an academic community dedicated to the values of:

INTELLECTUAL ENGAGEMENT:

learning, teaching, discovery, and application of knowledge.

COMMUNITY: shared commitments

to service, teamwork, and partnership.

INTEGRITY: respect, honesty, trust,

fairness, academic freedom and responsibility.

INNOVATION: creativity, openness

to change, flexibility, responsiveness, and future focus.

INCLUSIVENESS: individual and

cultural diversity, and multiple perspectives.

The University Mace

Following a long history as an article of war, by the 14th century the mace became a symbol of authority and pageantry that was used in processions by city mayors and other dignitaries. Academic institutions included the mace as an emblem of order and authority in ceremonial occasions. The first recorded use was at the University of Vienna in 1385.

The California State University San Marcos mace is mounted on stage whenever degrees are granted or when the faculty is assembled in formal academic dress.

Cal State San Marcos is unusual in that it has two ceremonial maces. The first is an informal mace that recognizes

the special relationship the campus has with the tukwut, the Luiseño name for mountain lion. This mace was carved in wood by a member of the Luiseño tribe and is ornamented with beads. The student body president or a chosen representative carries the informal mace in the commencement recessional.

The chair of the Academic Senate or a chosen representative carries the formal mace while leading the faculty in the commencement recessional. The formal mace is made of walnut and brass. It bears the official seal of the university and is inscribed with the date the campus was founded. It was donated by the Cal State San Marcos Alumni Association in May 1998.

Academic Regalia and Ceremony

The caps and gowns worn by graduates and faculty are based on costumes used in universities of the 14th and 15th centuries, particularly at Oxford and Cambridge in England. This academic dress has been used in the United States from colonial times and was standardized by an 1895 Intercollegiate Code of Academic Costume. Like the military of medieval times with its pages, squires and knights, the academic world has long had three basic grades of dignity and achievement. These are undergraduates, bachelors and masters (or doctors). The distinction between masters and doctors is comparatively recent; both imply the right to teach.

Black is the most common color for academic gowns. There is no trimming on the gowns for bachelor's or master's degrees. For the doctoral degree, the gown is faced down the front with black or colored velvet and with three bars of the same across the sleeves. The color in the master's costume is restricted to the hood worn around the neck and down the back. This is edged with velvet or a color that indicates the subject area of the degree received and is lined with silk of the colors of the institution that granted the degree.

Doctors have a larger and more open hood lined, like the master's hood, with the colors of the degree-granting institution and trimmed with the light blue color that signifies the education discipline. As noted above, gowns have black or colored velvet on the sleeves and the front. Usually doctors will wear a gold tassel on their cap. In recent years, some universities have broken away from the traditional scheme and allowed their doctors to wear brighter, more original costumes; for instance, Yale's blue with black trim and Harvard's crimson and black.

Candidates for bachelor's degrees do not usually wear hoods.

Academic Honors

California State University San Marcos recognizes students who have attained distinction by the awarding of Latin honors.

There are three distinctions of Latin Honors

Summa Cum Laude (with highest praise)
Requires a grade-point average of **3.9 to 4.0**.

Magna Cum Laude (with great praise)
Requires an average of **3.7 to 3.89**.

Cum Laude (with praise)
Requires an average of **3.5 to 3.69**.

Honors designees wear a gold cord.

Class champions/Student philanthropists wear a blue and white cord.

Daniel J. Epstein

Daniel J. Epstein is an accomplished businessman and philanthropist whose generosity and support has positively impacted people and organizations throughout Southern California. Epstein is the founder and executive chairman of ConAm Management Corporation. Under his direction, ConAm has grown to be among the top apartment management/ownership firms in the country. Epstein has a longtime commitment to

giving back to the community, and his family has supported countless causes through the Epstein Family Foundation. Epstein has been a generous supporter of California State University San Marcos, starting in 2016 when he gave a gift to support the purchase of the university's first Steinway performance grand piano. In 2017, the Epstein family made a \$1 million gift in support of CSUSM's Veterans Center. The gift facilitated a critical renovation and expansion of the center and

also created the first program endowment for veterans at CSUSM. In recognition of the gift, the center was renamed the Epstein Family Veterans Center. The Epstein Family Foundation made a second \$1 million commitment to CSUSM in 2018 to support the success of the university's first comprehensive fundraising campaign. This gift supported Veterans Services, the Alliance to Accelerate Excellence in Education, ACE Scholars Services, music, and student scholarships.

Steven P. Wagner

Steven P. Wagner is co-founder and president of Stone Brewing Co. and, as its original brewmaster, developed the award-winning recipes for some of the company's most beloved beers. Wagner has been an annual supporter of the university's Student Philanthropy Council since its inception in 2011, believing that supporting students with the gift of education will inspire them to give back in support of their classmates. Wagner and his wife, Laura,

have continued to help build a culture of philanthropy on campus through their support of CSUSM Giving Day, providing challenge gifts each year to encourage the campus community to compete for additional funds. Wagner's passion for music has led him to support CSUSM's Arts & Lectures series by helping to recruit talented musicians and providing a welcoming atmosphere. He is equally generous with his time. He helped launch CSUSM's College of Business

Administration Student Success Program, including the Professional Mentor Program. Wagner continues to serve as a mentor each year and stays connected with the students he works with after they graduate. Wagner's passion for beer helped CSUSM launch its EngiBeering program and he also helped the university's efforts to create and expand the Brewchives, an archive celebrating the local craft brewing industry.

Robert "Bob" McElroy

Robert "Bob" McElroy is the founder and president of Alpha Project, an organization with more than three decades of service to people in need. From an early background in urban ministry, McElroy developed a lasting passion for providing people experiencing homelessness with the skills, training and opportunity needed to take control of their lives. Alpha Project helps to break the cycle of homelessness and provides an alternate

direction for its clients, who are able to go from hopelessness and despair to a life of responsibility and dignity. It has grown from a small office with a used truck when it was founded in 1986 to an organization that offers more than two dozen programs throughout San Diego County and beyond with more than 250 employees who collectively serve in excess of 4,000 people each day. McElroy and Alpha Project have received national recognition, including

being selected by President George H.W. Bush as the country's 185th Point of Light, an award given to groups that exemplify the spirit of American volunteerism. He also has received proclamations from the California State Assembly, the San Diego County Board of Supervisors and the San Diego City Council for his leadership and contributions to the community.

Doctorate

EDUCATIONAL LEADERSHIP

Kala Cheers

The Relationship between the location
students with disabilities receive their
special education services and Intrinsic
motivation.

Ruth Hellams

Caught In The Middle: Sustaining
A Nontraditional Public School in A
Traditional Public School District.

Melissa Marovich

Should Needier Students Get More?
The role of equity in the Local Control
and Accountability Plan Process

Rania Saeb

Cultural identity formation of Arab
American youth

Carola Solano-Humerez

Sí Se Puede, Sí Se Pudo, Sí Se Va Poder:

Kelly Velazquez

The Narrative Experience of Newcomer
Immigrant Adolescent Students in
Obtaining a High School Diploma

Belinda Zamacona

Collaborative networks of general
and special education teachers at an
inclusive school site

CHANCELLOR'S MESSAGE *To The Graduates*

Dear Class of 2021,

In this most extraordinary year, I offer my deep admiration, gratitude and sincere congratulations to a most extraordinary class of graduates.

As numerous forces upended our world, you held your dreams steadily in sight and persisted in your studies through challenges none of us could have imagined. Unlike any other CSU graduating class past or future, you have by necessity developed and demonstrated skills – far beyond your academic work – that will ensure your continued success: resilience, flexibility, resourcefulness, patience and tenacity. While so much and so many have been lost, your resolve has shone as a symbol of hope and optimism – and you should be proud.

On behalf of the entire California State University community, I am certainly proud to present you to the world as our newest class of CSU alumni, joining an impressive international network now nearly 4 million strong. Together, you will power the recovery of our state and nation, educate our next generation, fight for social justice, and create new and sustainable opportunities for health, security and prosperity for us all. I encourage you to stay connected to your campus and your peers, to look for opportunities to give back, and to support the future generations who will follow in your footsteps.

And as our many months of physical separation begin to come to a close, I hope you will hold in your hearts all of those who have supported you from afar. The faculty who broadened and deepened your understanding of the world. The counselors, advisers, librarians, tutors, coaches, facilities and support staff who created a nurturing environment of care and growth. Your family and friends, whose belief in you never wavered.

All of these people have been forever impressed by your spirit, determination and accomplishments. Please count me among them – and I know you will continue to make us proud.

Again, congratulations to the class of 2021!

Sincerely,

Joseph I. Castro
Chancellor
