

Dear faculty and staff,

As we prepare to begin mandatory free COVID-19 testing on campus this Monday, Feb. 15, we understand that you may still have questions or you may be fielding questions from students. A new list of [frequently asked questions](#) and answers for employees has been prepared and we invite you to review. We also have a list of [student FAQs](#), which also can be found online.

As this is a new program, we'll be evaluating logistics/processes and making adjustments as needed to improve and streamline the experience for our students. The FAQs and website will be updated as needed.

We appreciate your support in making this testing program successful – if you have comments or questions, you are welcome to email covidtesting@csusm.edu.
