Voluntary Student Express Check-in Using the Campus App

CSUSM is dedicated to keeping your learning environment safe and the campus community informed of any possible COVID-19 exposure. Our on-campus classrooms and labs are set up for safe interactions, and a key element of safe interactions is awareness of any potential exposure. To that end, CSUSM has created a quick and simple voluntary check-in process in the campus mobile app that will only collect location information. Voluntary student participation helps support the safety of the CSUSM community, as this information may be highly beneficial should there be a need for a campus exposure investigation.

How does it work?

Using the express check-in takes only a few seconds and is as easy as:

- Open the CSUSM Campus App
- Tap “Scan a QR Code” button in the top bar
- Scan the QR code located in the room or door area
- The App will confirm with a “successful check-in” message and room number information

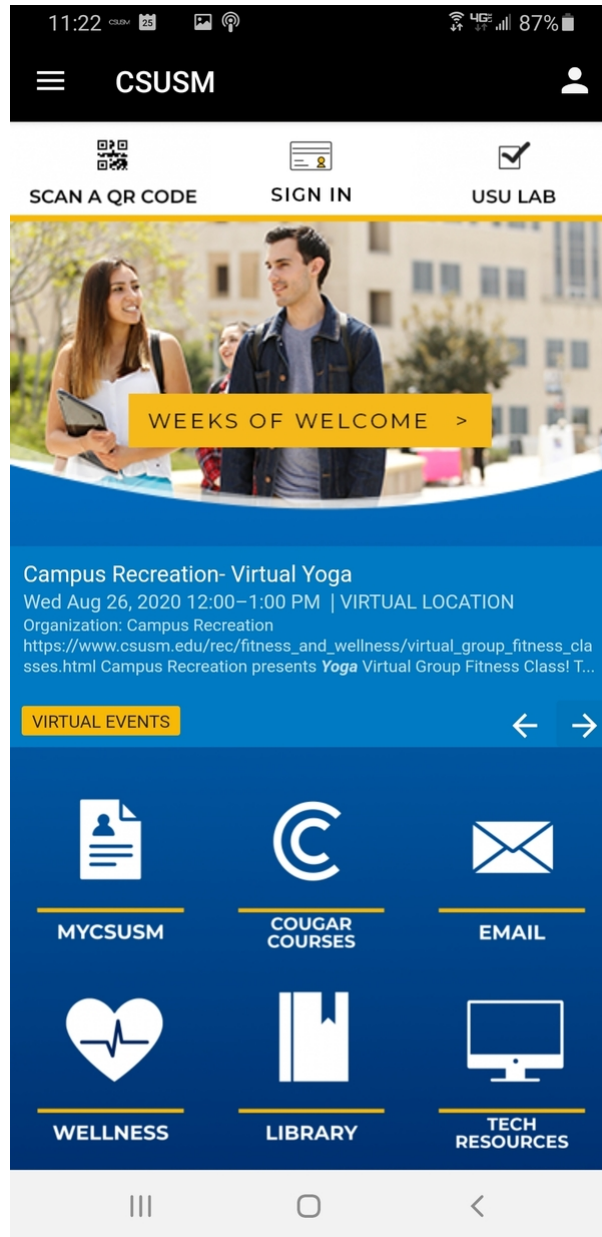

To use this function, **you must be logged into the app**. If you are logged in, you will see the “View ID” button that will open to your campus ID. If you are not logged in, you will see a “Sign In” button instead. Tapping this button will take you to the campus login screen. Be sure to click the “Keep me signed in” button so that you will not have to log in again.

Privacy

Use of this system is voluntary and the data will only be used for COVID-related contact and communication purposes. The data will not be used for any academic purpose and will not be shared beyond its authorized, COVID-related usage.

Questions?

- Download the CSUSM App by visiting <https://www.csusm.edu/iits/services/mobile-app/>
- Campus ID: To set up your virtual campus ID, visit <https://campusid.csusm.edu>
- Student questions: For technical questions, please contact [IITS](#). For general questions, please contact the [Dean of Students Office](#).
- Faculty questions: Please contact the [Office of Faculty Affairs](#).
