CSCP CERTIFICATION EXAM PREPARATION

PROGRAM OVERVIEW

CSUSM is proud to partner with APICS San Diego to offer the Certified Supply Chain Professional (CSCP) exam preparation program. CSCP is the only supply chain certification that encompasses the entire global supply chain and demonstrates your knowledge and organizational skills for developing streamlined operations. From suppliers to the end customer, CSCP covers globalization, logistics, IT enablement, and both supplier and customer relations.

To successfully earn the APICS CSCP designation, you must successfully pass one exam and also have:

- Three years of supply-chain-related work experience
- A bachelor's degree or international equivalent
- CPIM, CFPIM, CIRM, SCOR-P, CPM, CSM or CPSM designations

PROGRAM BENEFITS

This program uses the APICS CSCP Learning System, providing you access to the most comprehensive, effective and up-to-date exam prep tools available.

- Learn from experienced instructors
- Network and learn from a diverse group of operations professionals
- Assess your current knowledge with post and practice exams
- Use a variety of interactive online study tools to create your own SmartStudy plan
- Stay focused and on track with a structured learning experience

COURSE TOPICS

- Fundamentals of Supply Chain Management
- Supply Chain Strategy, Design and Compliance
- Implementation and Operations
