FLC’s provide a unique opportunity for faculty to engage in an important project, learn something new, and connect with colleagues.

One of the main goals of the Faculty Center is to help nurture a culture of collaboration and collegiality among faculty and across the university community. We support faculty at all stages of their career and offer numerous groups and professional learning communities to provide a space for faculty to work together on projects, learn something new, or just chat informally.

- **FLC Online Learning**
- **Mental Health First Aid Training for Faculty; Promoting Student Success**
- **Building and Strengthening Faculty Relationships FLC**
- **FLC Decoding the Disciplines**
- **FLC Writing Community**
- **Peer Review of Online Course Grants (QLT)**
- **Course Redesign**
- **Contemplative Pedagogy FLC**
