Summer Teaching Institute 2019: Diversity & Equity Course Requirement

The Faculty Center invites applications from faculty who wish to develop/modify a course that they want to submit for certification for the diversity and equity requirement. The Diversity and Equity requirement policy identifies specific knowledge, dispositions and skills that must be substantially addressed by courses that meet this requirement. Faculty who participate in the Summer Institute will have the opportunity to work with other faculty on three broad topics: diversity and equity content; inclusive pedagogy; and self-reflection. The Summer Institute will provide an opportunity for faculty to work on either modifying existing courses or developing new ones with the specific intent of meeting the requirements in the policy.
