

The CSUSM Faculty Center & The Office of Graduate Studies Presents:

The Faculty Book Club

Join your CSUSM colleagues as we read and discuss Jean Twenge's book, *iGen: Why Today's Super-Connected Kids Are Growing Up Less Rebellious, More Tolerant, Less Happy--and Completely Unprepared for Adulthood--and What That Means for the Rest of Us.*

We will discuss the book as well and what it may mean for our classrooms in the future. The book has interesting data-driven analysis of our future students. Understanding, debating, and discussing the claims from the book will help faculty to better understand and connect with our incoming students.
