On September 8, 2016, and pursuant to California Corporations Code Section 5211(a)(6) a business meeting of the California State University San Marcos Foundation Board of Directors was called to order at 7:34 am by Mr. Jack Raymond, Chair of the Board. 

Call to Order: 
• Chair Raymond welcomed everyone to the meeting and the university that supports the highest percentage of former foster youth in the nation. He noted the following:  
  o Josh Pack is taking a leave of absence from the board due to an around the world trip he is taking with his family.  
  o Helen Adams has resigned from the Foundation Board but will continue to support the Board and University as a member of the Joint Audit Committee and other work from time to time.  
  o Dawn Myers has joined the Board as the new student representative. Alex Caratti will continue to serve until he graduates in December. 
• Prior to asking the question of the quarter, Chair Raymond referenced the meetings he and Mr. Hoss have been holding with Board members to discuss the future of the Board. He asked:  
  o Neal and I met with each of you to discuss the Foundation Board. What stayed with you after our conversation, or should be included for future reflection? 

I. President Haynes provided the following update: 
• 15,000 students were welcomed to the new school year, which is the highest enrollment for the university. 
• WASC accreditation was received for ten years, highest length of time awarded. A mid-year report will be required in five years. 
• As the university goes into its third and assumed final year of transition the NCAA report was positive. Next year post season play will be available. 
• Sports Center ribbon cutting was last week. This new venue on campus provides a home for sports as well as a space for community events.
• *Diverse Issues In Higher Education* magazine named CSUSM as a “Top 100” university for graduating minorities in 10 different disciplines. That’s out of more than 4,000 colleges and universities in the country.

• The Higher Education Excellence in Diversity (HEED) Award was received for the third year in a row from *Insight into Diversity* magazine.

• Institute for Palliative Care ribbon cutting was held the day prior to the meeting, showcasing the larger space renovated with Chancellor’s Office funds since the institute is a system wide venture. During the event Darlene Shiley made a spontaneous gift to the Institute.

• CSUSM is 27th on the list of new building funding within CSU. We continue looking for more immediate space to move us up on the list based on need and demand.

• EngiBeering continues to be developed as a stackable certificate program through Extended Learning.

• The Library is working on developing a “Brewchives,” a collection documenting and preserving the history of the craft brewing industry in San Diego County.

• A close friend is working with us, and bringing along his close friends, to double the size of the Veterans Center and provide sustainable financial support.

• The budget is tighter this year due to the Governor not fully funding the support budget request; CSUSM student enrollment was targeted at 5% but only 1.78% allocated; and for the first time in CSU history, a systemwide agreement requiring 1% of compensation increases for all represented employees be funded by the campuses; and as the campus population grows, the veteran student population remains at about 11%, with the campus absorbing the cost of fee waivers for this population.

II. **Story of the Quarter: Giving Day, Tuesday, November 29**

• Mr. Briner shared details on the CSUSM Giving Day scheduled for Tuesday, November 29:

  o With a goal of $50,000 for this year, Chair Raymond provided a $25,000 gift to help leverage giving with a 1:1 match.  
  o Social Media tools will be provided to participating departments while encouraging support from the Foundation Board and Advisory Councils.
