Proceedings:
On September 12, 2013, and pursuant to California Corporations Code Section 5211(a)(6) a business meeting of the California State University San Marcos Foundation Board of Directors was called to order at 7:37 am by Mr. Jack Raymond, Chair of the Board.

I. Welcome, Updates & Announcements:
Chair Raymond welcomed everyone to the meeting, including staff representative Kelly Briggs. Chair Raymond asked the question of the quarter: If you could tweet one thing about CSUSM, what would it be?

II. Story of the Quarter:
With a focus on increasing brand awareness, Communications has partnered with Enrollment Management Services to update the materials provided during recruitment. Ms. Baur provided the Board with their recruitment brochure, sticker and pennant.

III. President’s Remarks:
The President provided the following update:
• This semester 12,000 students were welcomed to campus (11,200 state supported and 800 non-state supported). Growth in our student population exceeded 10%. Of this class, 44% identify as being an underrepresented minority, with 11% of our total student body being veterans, active duty military, or their dependents. The university has become the institution of choice within the region.
• The Academic Excellence and Student Success Fee has been instituted this semester at an initial rate of $100 per student per semester. The fee is assisting with providing course selections for the growing student body, allowing an average of 12.4 units per student, similar to 2008. More courses and more overall units means a faster time to graduation.
• With the completion of the second phase of The Quad, there are now 1,200 students living on campus, with a 300 student waiting list.
• The Student Union is being constructed on time and on budget with a projected move in date over the winter break and grand opening in spring 2014. The facility will be certified LEED Gold.

• Stevens Institute of Technology’s (SIT) engineering school is competing in the Department of Energy’s solar decathlon. With CSUSM’s reputation for educating veterans, SIT will be donating their house to CSUSM to be used as a new Veteran’s Center. Plans were underway to increase the size of the current Veteran’s Center. This gift is a smart, sustainable 1,000 square foot house that will be located between Markstein Hall and Science Hall I.

• Save the date for a Community Open Forum with CSU Chancellor Tim White on Thursday, October 24th around 4:30 pm.
