

Log into <https://cougarapps.csusm.edu> with your CSUSM username & password

If prompted, select **Use light version**

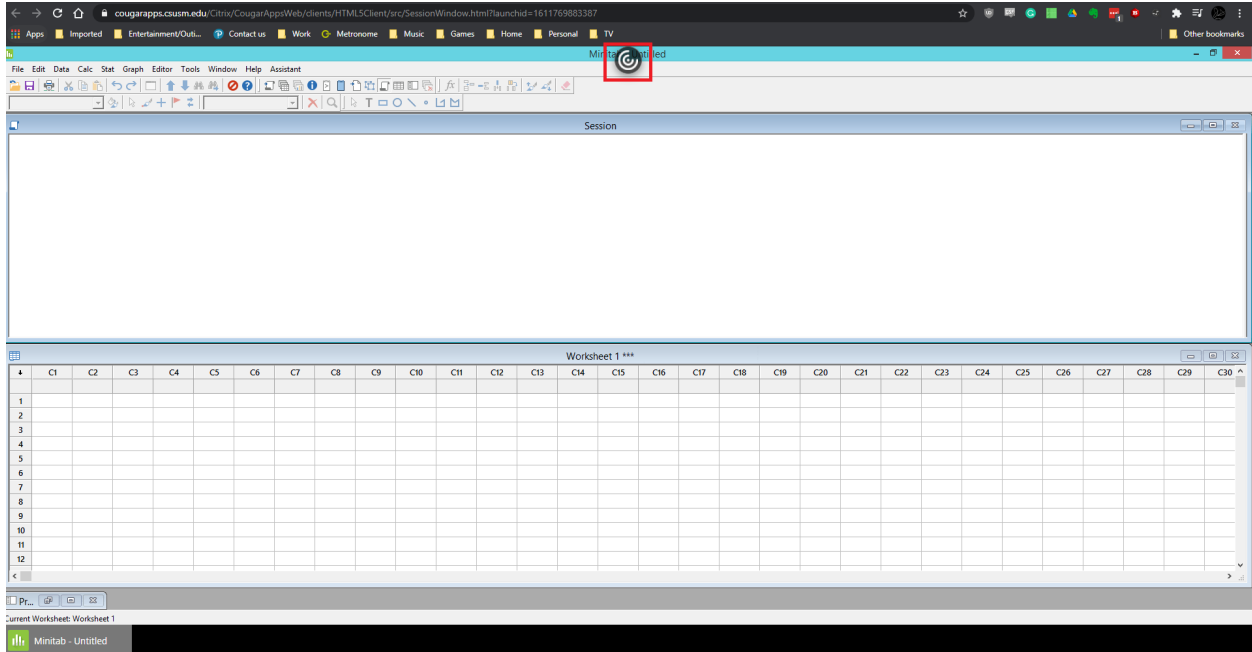

If you are not prompted to Use light version, when at the app selection screen, click your name in the top right-hand corner, and click **Change Citrix Receiver**

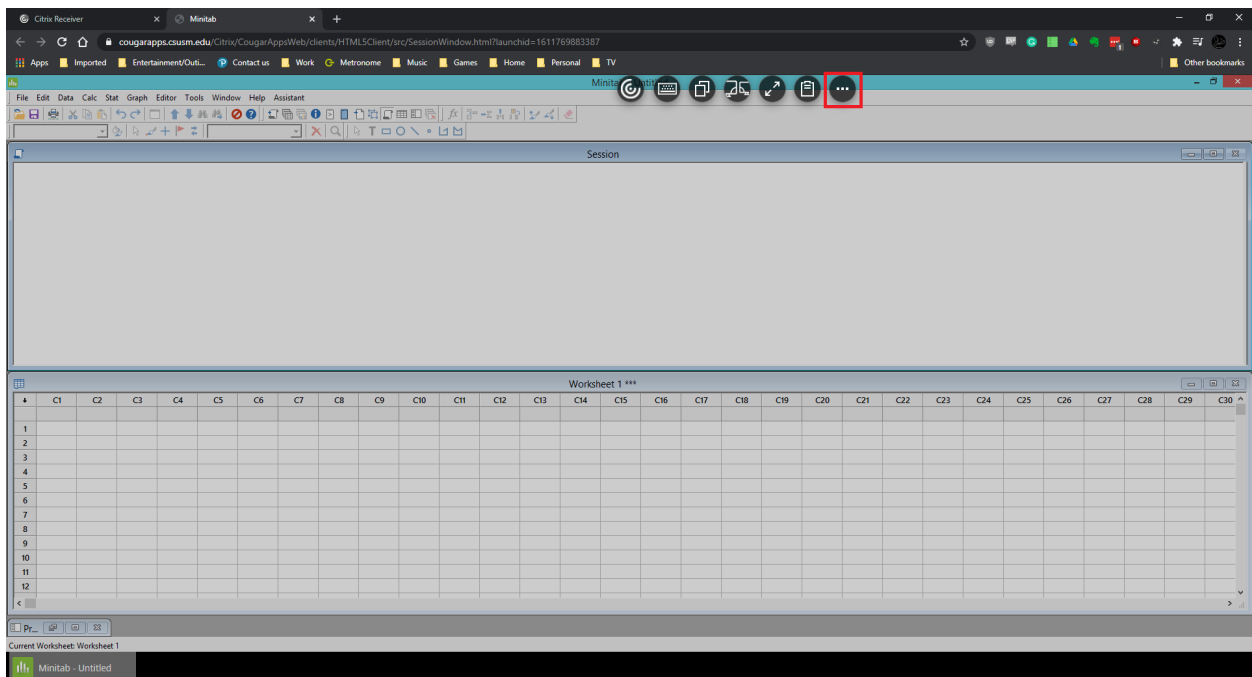

Search for your app and click to launch

Once your app is open in a browser tab, click the **swirl icon** at the top of the browser tab

Click the ... at the right of the menu

If you need to open a file that's on your computer, click **upload**

If you need to save a file onto your computer, click **download**
