

# Installing Microsoft Office to Android Device

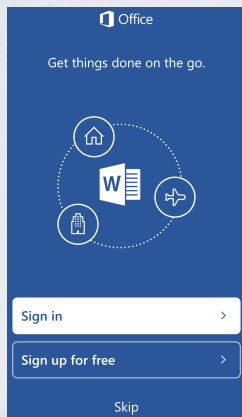

From the Google Play app, search for Microsoft Word  
Select Install

(You may be asked for your password, depending on your security settings)

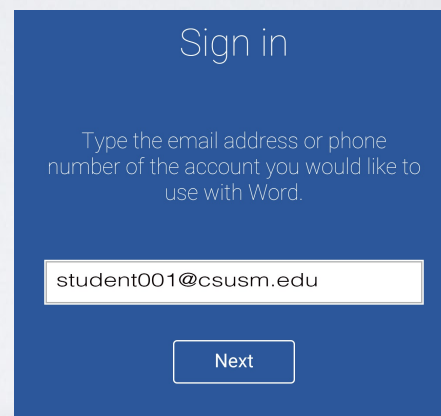

Open the Word application

Tap Sign in

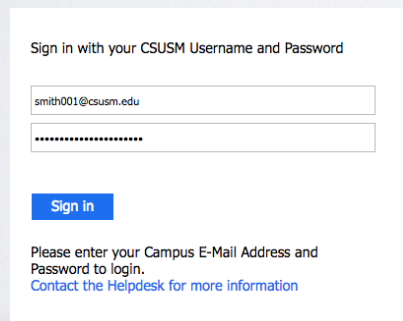

Enter your campus email address  
and tap Next

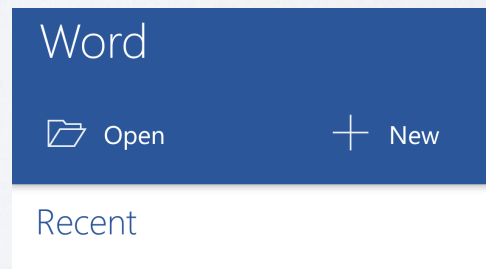

Do not add "cougars"  
Example:  
student001@csusm.edu

You will automatically be redirected to the campus log in screen.

Now type in your password  
and select Sign In

Word is now set up on your  
Android device

You can follow the same instructions to download Excel and PowerPoint
