Nomination Text:

Megan is an incredible professional at CSUSM and works tirelessly to ensure that her students succeed. Megan works as the Fraternity and Sorority Life Coordinator and I am the graduate student that works with her in the department. I have worked with Megan in different capacities beginning from my time as a CSUSM undergraduate student and have seen the dedication and passion she has for her work. Megan handles high pressure situations with poise and creates a safe and supportive environment for our Greek student community and is a welcoming face for anyone that is interested in joining the Greek Community. I can't think of an individual more deserving of this award.
