

**This year our Sandra R. Kuchler award winner is Associate Director of Athletics  
Todd Snedden**

**Nomination Text:**

Todd Snedden has been at CSUSM for over 15 years. He has been steadfast, loyal, and completely dedicated and committed to the student-athlete experience and the growth of CSUSM Athletics. Todd is the Associate Director of Athletics and has helped lead CSUSM Athletics through tremendous growth and development. Todd always has the student-athlete as the top priority. His passion for seeing through the development of our student-athletes is his pride and joy. The ultimate goal for our student-athletes is graduation, but the attention to detail that Todd provides to our student-athlete along the path to graduation is awe-inspiring.

Todd is also a GEL professor for student-athletes in addition to leading on various campus committees. He is a true team player, and his collaboration with campus partners is excellent.

Todd is extremely deserving of this award, and I proud of the work he has done for CSUSM Athletics and the university as a whole. All of us are better people for what Todd has contributed at CSUSM.
