---

Comparison group 1: Public 4yr Colleges  
Comparison group 2: Public/Private Universities, Public 4yr Colleges

## How to Read the Institutional Profile Report

This DLE Institutional Profile provides valuable information on your students' perceptions and experiences of the campus climate for diversity at your institution and two comparison groups. This report provides information that can be used for student assessment activities, and self-study reports, campus planning, and policy analysis. Separate profile reports are generated for full-time respondents based on class standing (four-year institutions) or units completed (two-year institutions).

**Comp 1** – Based on your institution's type (university or four-year college).

**Comp 2** – Based on your institution's control (public or private)

**Factor** – Items that are included in the measurement of a factor are indicated here.

**Mean** – The arithmetic mean is computed for each survey item based on the response options. Response options are given numeric values and are listed in descending order (i.e., 4=Essential, 3=Very Important, 2=Somewhat Important, 1=Not Important).

Sample University	Total			Men			Women			Factor
	Your Inst	Comp 1	Comp 2	Your Inst	Comp 1	Comp 2	Your Inst	Comp 1	Comp 2	
<b>Indicate the importance to you personally of each of the following:</b>										
<b>Becoming a community leader</b>	11.1%	9.8%	9.2%	15.0%	10.7%	9.4%	8.9%	9.3%	9.1%	Social Agency
Very important	15.3%	13.8%	13.0%	18.3%	16.4%	13.6%	13.6%	12.6%	12.6%	
Somewhat important	31.3%	28.7%	28.7%	28.2%	26.3%	26.6%	33.1%	29.8%	30.0%	
Not important	42.2%	47.8%	49.1%	38.5%	46.6%	50.4%	44.4%	48.3%	48.3%	
Total (n)	1,395	5,458	16,100	514	1,761	6,067	881	3,697	10,033	
Mean	1.95	1.86	1.82	2.10	1.91	1.82	1.87	1.83	1.83	
Standard deviation	1.01	0.99	0.98	1.08	1.03	0.99	0.96	0.98	0.97	
Significance	-	**	***	-	***	***	-			
Effect size	-	0.09	0.13	-	0.18	0.28	-	0.04	0.04	

**Statistical significance** – Uses t-test to examine the difference between the mean score for your institution and the comparison group. Items with mean differences that are larger than would be expected by chance are noted with one, two, or three stars, which correspond to the three standard levels of significance (\*p< .05, \*\*p< .01, and \*\*\*p< .001). Statistical significance measures the extent to which a difference is occurring by chance, not the extent to which a difference is important. Large sample sizes (like those in the comparison groups) tend to generate statistical significance even though the magnitude of the difference may be small and not practically significant. In order to provide additional context to statistical significance, effect sizes are provided.

**Effect size** – Determines the practical significance of the mean difference between your institution and the comparison group. It is calculated by dividing the mean difference by the standard deviation of the comparison group. Generally, an effect size of .2 is considered small, .5 medium, and .8 large. A positive sign indicates that your institution's mean is greater than the mean of the comparison group; a negative sign indicates your mean is smaller than the mean of the comparison group. Note that a negative effect size is sometimes preferred (e.g., a negative effect size on "Since entering college, how often have you missed class due to personal/family responsibilities" suggests fewer students at your institution reported this was the case).

**Standard deviation** – Measures the variability around the mean. A small standard deviation indicates that the responses to the item tend to be very close to the mean, whereas a large standard deviation indicates that the responses are spread over a larger range of response options.

2014-2015 Diverse Learning Environments Survey  
**Institutional Profile Report**  
All Respondents

Note: The DLE Survey asks additional questions regarding students' experiences with discrimination, harassment, and unwanted sexual contact. Out of respect for the privacy those who reported these experiences, these results have been redacted from public reports. If you need access to these data, please submit a data request to Institutional Planning & Analysis via the online form available at <https://radar.csusm.edu/datarequest>. Questions can be directed to Cameron Stevenson at [cstevens@csusm.edu](mailto:cstevens@csusm.edu)

2014-2015 Diverse Learning Environments Survey  
**Institutional Profile Report**  
All Respondents

Note: The DLE Survey asks additional questions regarding students' experiences with discrimination, harassment, and unwanted sexual contact. Out of respect for the privacy those who reported these experiences, these results have been redacted from public reports. If you need access to these data, please submit a data request to Institutional Planning & Analysis via the online form available at <https://radar.csusm.edu/datarequest>. Questions can be directed to Cameron Stevenson at [cstevens@csusm.edu](mailto:cstevens@csusm.edu)
