

IT Strategic Plan - Big 8 Ideas

Division or Area	CMS
Date	12-18-2017
Number of Participants	11 attendees

Summary of Keywords:

New Trends Identified:

- No new trends were identified.

Action Items / Concerns:

Common Themes - ideas noted by trend and primary theme

<p>Digitalization</p> <ul style="list-style-type: none"> • Get university off of paper processes – high priority 	<p>Data Analysis and Decision Making</p> <ul style="list-style-type: none"> • Make data available – visualization => like Tableau 	<p>Technology Enhanced Classrooms</p> <ul style="list-style-type: none"> • The CSIS Department has special needs in computing resources both in classrooms and in backend support. It would be important for the university to recognize it and identify appropriate unit(s) to include budget for such support. Example – a preferred classroom environment for many CSIS classes would be an environment like MARK 202 with supplement of a cart of laptops. In addition it would be very beneficial for students to have access to the computing resources outside of their class time and especially outside of regular class hours.
<p>Unified Communications</p> <ul style="list-style-type: none"> • ZOOM has become vital to my work (Research Theme) • Messaging is also super useful – would love to have “official” campus identity/account for this. I 	<p>Identity Management</p> <ul style="list-style-type: none"> • SSO for Mac – bring it to priority withy PC implementation 	

don't want to give students my phone number, but WhatsApp, slack, etc. could be used.
