

Using Degree Planner & Schedule Assistant ON Your Registration Day

1-Log into MyCSUSM and register for the courses you have loaded into your Shopping Cart by finishing the enrollment steps for each course.

One technique students have found helpful in adjusting their class schedule is using Degree Planner and Schedule Assistant just prior or after their enrollment appointment to see what sections of a class is closed or full. (see instructions below should you wish to do this)

2-Log into MyCSUSM and click Degree Planner then click "CONTINUE" to view the Degree Planner main page below then click SELECT again after students start registering in Mid-November. This will allow you to see which classes are full so you can load open classes to your Shopping Cart for registration.

Spring 2017	13.00 units	To make the best possible suggestions, Degree Planner needs to know which terms you plan to attend and how many units you plan to take each term. The system initially chooses terms and units based on your progress so far. If you cannot follow the suggested units to the left, be sure to click EDIT PREFERENCES to adjust your targeted units for each term. Additional terms may be added to account for additional requirements (i.e. remediation) and may be removed in Edit Preferences.
